

# Rise of Fascism

- A political movement that stresses extreme loyalty to the state and its leader
- Fascist leaders promised to revive the economy and restore national pride

# Fascism As A Totalitarian Movement

**R. Griffin, R. Mallett, J. Tortorice**

## **Fascism As A Totalitarian Movement:**

*Fascism, Totalitarianism and Political Religion* Roger Griffin, 2013-09-13 9 11 and its aftermath demonstrate the urgent need for political scientists and historians to unravel the tangled relationship of secular ideologies and organized religions to political fanaticism. This major new volume uses a series of case studies by world experts to further our understanding of these complex issues. They examine the connections between fascism, political religion and totalitarianism by exploring two inter-war fascist regimes, two abortive European movements and two post-war American extreme right wing movements with contrasting religious components. A highlight of this collection is a fresh article from Emilio Gentile, recently awarded an international prize for his contributions to our appreciation of the central role played by political religion in the modern age. This is preceded by an editorial essay by Roger Griffin, one of fascist studies' most original thinkers. Alongside these contributions, the reader is presented with a wealth of work that redefines the complex concept of totalitarian movement and our understanding of generic Fascism. Taken as a whole, it comprehensively analyses the links between particular totalitarian movements and regimes and the concrete historical phenomena produced in the light of current radical theories of fascism, totalitarianism and political religion. This book will be of great interest to all students and scholars of international relations, politics and contemporary history. This volume was previously published as a special issue of the journal *Totalitarian Movements and Political Religions*. [Fascism as a Totalitarian Movement](#) Roger Griffin, 2004-07-01 [Totalitarianism and Political Religions](#) Hans Maier, 2004. This book shows how new models by which to understand political history arose from the experience of modern despotic regimes. Here, totalitarianism and political religions are discussed and tested in terms of their usefulness. *The Sacred in Twentieth-Century Politics* R. Griffin, R. Mallett, J. Tortorice, 2008-11-05. The emerging shape of the post-Cold War world provides evidence that rather than diminishing the profound intersection of political ideology and religious forms of belief, is an ever more potent force in world affairs. This volume offers both theoretic underpinnings and a comparative analysis that elucidates this potent and dangerous phenomenon. **Hannah Arendt's Response to the Crisis of Her Times** Anthony Court, 2008. **Modernism and Totalitarianism** R. Shorten, 2012-11-15. *Modernism and Totalitarianism* evaluates a broad range of post-1945 scholarship. Totalitarianism as the common ideological trajectory of Nazism and Stalinism is dissected as a synthesis of three modernist intellectual currents which determine its particular inherited character. **Catholicism and Fascism in Europe 1918 - 1945** Jan Nelis, Anne Morelli, Danny Praet, 2015-05-01. Die im vorliegenden Band versammelten Aufsätze analysieren die vielfältige Art und Weise, wie der Vatikan, die nationalen Kirchen und einzelne Katholiken mit dem Aufstieg der extremen Rechten in Europa während der 1920er, 1930er und frühen 1940er Jahre umgingen, vom Ende des Ersten Weltkriegs, der mit Recht als einer der wichtigsten Katalysatoren des europäischen Faschismus in der Zwischenkriegszeit gilt, bis zum Schluss und zu den unmittelbaren Nachwirkungen des Zweiten Weltkriegs. Während einige Aufsätze sich auf theoretische, methodologische Probleme

konzentrieren besch ftigen sich die meisten Beitr ge mit jeweils einem Land oder einer Region wo eine faschistische Bewegung oder ein solches Regime zwischen den Kriegen und w hrend des Zweiten Weltkriegs erfolgreich war und wo es gleichzeitig eine signifikante katholische Pr senz in der Gesellschaft gab Fast ganz Europa wird behandelt ein beispielloses Unternehmen und eine gro e Zahl wichtiger Kontexte und Methoden wird untersucht So wirken die Beitr ge mit an der allgemeinen Entwicklung eines interpretativen Cluster Modells das eine Reihe von Grundmustern der Forschung vereinigt und zuk nftige Untersuchungen anregen wird The papers presented in this volume analyse the many ways in which the Vatican national Churches and individual catholics dealt with the rise of the extreme right in Europe throughout the 1920s 1930s and early 1940s from the end of the First World War arguably one of the main catalysts of European interwar fascism to the conclusion and immediate aftermath of the Second World War While a number of papers focus primarily on theoretical methodological issues pertaining to the book s general theme the majority of papers focus on either a country or region where a fascist movement or regime flourished between the wars and during the Second World War and where there was a significant catholic presence in society The various chapters cover almost the entire European continent an endeavour that is unprecedented and they explore a wide range of relevant contexts and methodologies thus further contributing to the general development of an interpretive cluster model that incorporates a series of investigative matrixes and that will hopefully inspire future research

**The Papacy in the Age of Totalitarianism, 1914-1958** John Francis Pollard, 2014

The Papacy in the Age of Totalitarianism 1914 1958 examines the most momentous years in papal history Popes Benedict XV 1914 1922 Pius XI 1922 1939 and Pius XII 1939 1958 faced the challenges of two world wars and the Cold War and threats posed by totalitarian dictatorships like Italian Fascism German National Socialism and Communism in Russia and China The wars imposed enormous strains upon the unity of Catholics and the hostility of the totalitarian regimes to Catholicism lead to the Church facing persecution and martyrdom on a scale similar to that experienced under the Roman Empire and following the French Revolution At the same time these were years of growth development and success for the papacy Benedict healed the wounds left by the modernist witch hunt of his predecessor and re established the papacy as an influence in international affairs through his peace diplomacy during the First World War Pius XI resolved the Roman Question with Italy and put papal finances on a sounder footing He also helped reconcile the Catholic Church and science by establishing the Pontifical Academy of Sciences and took the first steps to move the Church away from entrenched anti Semitism Pius XI continued his predecessor s policy of the indigenisation of the missionary churches in preparation for de colonisation Pius XII fully embraced the media and other means of publicity and with his infallible promulgation of the Assumption in 1950 he took papal absolutism and centralism to such heights that he has been called the last real pope Ironically he also prepared the way for the Second Vatican Council

*The Fascist Faith of the Legion "Archangel Michael" in Romania, 1927-1941*

Constantin Iordachi, 2022-12-30 The Fascist Faith of the Legion Archangel Michael in Romania 1927 1941 engages critically

with recent works on fascism totalitarianism and religion and advances an original theoretical and methodological approach to fascism as a political faith On this basis the book constructs an innovative comparative research framework for reconceptualizing the history of the Legion Archangel Michael in Romania 1927 1941 It contends that the Legion put forward a palingenetic political faith of a theological type called Legionarism To provide a comprehensive analysis of the origins main features mechanisms of institutionalization and demise of this self proclaimed salvific political faith the book documents the palingenetic foundations of the Legionary faith the syncretism between fascist and Christian rites and rituals and the intricate relationship between the Legion and the Orthodox Church and its dogma The book documents three main sacrificial strategies employed by the Legion to re evangelize the people in the new faith 1 the appropriation of the cult of the fallen soldiers 2 terrorist missions meant to create fascist heroes through violent sacrifice and 3 sanctification through heroic fight for Christianity in the Spanish Civil War in an attempt to link Legionarism with the transnational crusade against Judeo Bolshevism As well as providing a detailed historical and interpretive account of the Legion the book makes a significant contribution to debates about defining fascism and its relation to religion It also provides novel comparative perspectives for studying other attempts at constructing fascist faiths in interwar Europe most notably in Fascist Italy and Nazi Germany but also in Central and Eastern Europe This book will be of interest to students and scholars of fascism Romanian studies politics and religion political theory totalitarianism youth radicalization violence and the emergence of terrorism

**Resistance and Collaboration in Hitler's Empire** Vesna Drapac, Gareth Pritchard, 2017-09-16 This new study provides a concise accessible introduction to occupied Europe It gives a clear overview of the history and historiography of resistance and collaboration It explores how these terms cannot be examined separately but are always entangled Covering Europe from east to west this book aims to explore the evolution of scholarly approaches to resistance and collaboration Not limiting itself to any one area it looks at armed struggle daily life complicity and rescue the Catholic Church and official and public memory since the end of the war

**Right-Wing Spain in the Civil War Era** Alejandro Quiroga, Miguel Ángel del Arco Blanco, 2012-07-12 Right Wing Spain in the Civil War Era explores the lives of the leading Spanish conservatives in the turbulent period 1914 1945 The volume is a collection of biographies of the most important figures of the Spanish Right during the last years of the Restoration the Dictatorship of Primo de Rivera the Second Republic the Civil War and the early years of the Franco regime This book brings together a number of leading historians of twentieth century Spain By adopting a biographical approach the volume aims at providing a new insight of the origins development and aftermath of the Spanish Civil War Contrary to the traditional view Right Wing Spain in the Civil War Era shows a diverse and fragmented Spanish right which far from being isolated was profoundly influenced by German Nazism Italian Fascism and French Traditionalism This remarkable and innovative collection of essays will be welcomed by students and lecturers of Spanish history alike

*Beyond the Fascist Century* Constantin Iordachi, Aristotle Kallis, 2020-11-11 This book evaluates the current and future state of fascism studies

reflecting on the first hundred years of fascism and looking ahead to a new era in which fascism studies increasingly faces fresh questions concerning its relevance and the potential reappearance of fascism This wide ranging work celebrates Roger Griffin s contributions to fascism studies in conceptual and definitional terms but also in advancing our understanding of fascism which have informed related research in a number of fields and directions since the 1990s Bringing together three generations of fascism scholars the book offers a combination of broad conceptual essays and contributions focusing on particular themes and facets of fascism The book features chapters which although diverse in their approaches explore Griffin s work while also engaging critically with other schools of thought As such it identifies new avenues of research in fascism studies placing Griffin s work within the context of new and emerging voices in the field *Political Religion Beyond Totalitarianism* J. Augusteijn,P. Dassen,M. Janse,2013-01-29 The success of fascist and communist regimes has long been explained by their ability to turn political ideology into a type of religion These innovative essays explore the notion that all forms of modern mass politics including democracies need a form of sacralization to function **The SAGE Handbook of Political Sociology, 2v** William Outhwaite,Stephen Turner,2017-10-30 The SAGE Handbook of Political Sociology offers a comprehensive and contemporary look at this evolving field of study The focus is on political life itself and the chapters written by a highly respected and international team of authors cover the core themes which need to be understood in order to study political life from a sociological perspective or simply to understand the political world The two volumes are structured around five key areas PART 1 TRADITIONS AND PERSPECTIVES PART 2 CORE CONCEPTS PART 03 POLITICAL IDEOLOGIES AND MOVEMENTS PART 04 TOPICS PART 05 WORLD REGIONS This future oriented and cross disciplinary handbook is a landmark text for students and scholars interested in the social investigation of politics *Duce: The Contradictions of Power* Peter J. Williamson,2023-04-13 Eighty years after the fall of Benito Mussolini controversy remains about what his dictatorship represented This reflects the different sides to the Duce s leadership while adept at nurturing and enforcing his personal political power Mussolini s lack of insight into the requirements of governance prevented him from converting this power into influence to achieve his goals His efforts to maintain the support of Italy s conservative elites economic social and political also created tensions with his radical Fascist ambitions diminishing the momentum behind his regime Mussolini is frequently portrayed as a charismatic leader but his rule was secured principally by coercion violence and a spoils system Nonetheless his personality cult had significant popular appeal even if based upon a political myth This enabled him to consolidate his position and to dominate his Fascist colleagues but at a price of over centralised dysfunctional decision making In this book the first comprehensive English language study of Mussolini in nearly two decades Peter J Williamson brings to life the contradictions within the Duce s leadership Using a wide range of sources Williamson reveals how these conflicts impeded the dictator s ambitions leaving him increasingly frustrated all while most Italians endured the severe privations of both failure and Fascism *Modern Dystopian Fiction and Political Thought* Adam Stock,2018-10-26

Over the past few years dystopia has become a word with increasing cultural currency This volume argues that we live in dystopian times and more specifically that a genre of fiction called dystopia has above others achieved symbolic cultural value in representing fears and anxieties about the future As such dystopian fictions do not merely mirror what is happening in the world in becoming such a ready referent for discussions about such varied topics as governance popular culture security structural discrimination environmental disasters and beyond the narrative conventions and generic tropes of dystopian fiction affect the ways in which we grapple with contemporary political problems economic anxieties and social fears The volume addresses the development of the narrative methods and generic conventions of dystopian fiction as a mode of socio political critique across the first half of the twentieth century It examines how a series of texts from an age of political extremes contributed to political discourse and rhetoric both in its contemporary setting and in the terms in which we increasingly cast our cultural anxieties Focusing on interactions between temporality spatiality and narrative the analysis unpicks how the dystopian interacts with social and political events debates and ideas Stock evaluates modern dystopian fiction as a historically responsive mode of political literature He argues that amid the terrors and upheavals of the first half of the twentieth century dystopian fiction provided a unique space for writers to engage with historical and contemporary political thought in a mode that had popular cultural appeal Combining literary analysis informed by critical theory and the history of political thought with archival based historical research this volume works to shed new light on the intersection of popular culture and world politics It will be of interest to students and scholars in literary studies cultural and intellectual history politics and international relations

*Bernard Shaw and Totalitarianism* M. Yde, 2013-10-03 This book reveals the genuity of Shaw s totalitarianism by looking at his material articles speeches letters etc but is especially concerned with analyzing the utopian desire that runs through so many of Shaw s plays looking at his political and eugenic utopianism as expressed in his drama and comparing this to his political totalitarianism

Historical Legacies and the Radical Right in Post-Cold War Central and Eastern Europe Michael, 2014-04-15 The transformation process in Central and Eastern Europe CEE after 1989 is often clothed in terms of historical and geographical categories either as a return of history or as a return to Europe or both Either way the radical right in CEE claims a prominent place in this politics of return Studies of the radical right echo the more general concern in analyses of the region with historical analogies and the role of legacies Sometimes parallels are discovered between the post 1989 radical right and interwar fascism They imply a Weimarization of the transformation countries and the return of the pre socialist ultranationalist or even fascist past the return of history Another interpretation argues that since some CEE party systems increasingly resemble their West European counterparts so does the radical right at least where it is electorally successful the return to Europe A third line of thought states that the radical right in the region is a phenomenon sui generis inherently shaped by the historical forces of state socialism and the transformation process As a result and in contrast to Western Europe it is ideologically more extreme and anti democratic

while organizationally more a movement than a party phenomenon This book provides insight into the role of historical forces in the shaping and performance of the current radical right in CEE It conceptualizes legacies both as a contextual factor i e as part of structural and cultural opportunities for new movements and parties in the region and as textual factors i e as part of the ideological baggage of the past which is revived and reinterpreted by the radical right An introductory essay by Michael Minkenberg puts the topic and the concept of legacies into a larger research perspective Articles by Lenka Bustikova and Herbert Kitschelt as well as John Ishiyama employ the role of legacies as context whereas the contributions by Timm Beichelt Sarah de Lange and Simona Guerra as well as James Frusetta and Anca Glont treat legacies as text

**In the Society of Fascists** G. Albanese, R. Pergher, 2012-09-06 This work seeks to take a fresh look at the contentious question of the longevity and popularity of Mussolini's regime in Italy In particular it draws upon new research to challenge what has been the most influential paradigm over the last couple of decades namely the interpretation of Italian fascism as a consensual dictatorship

*Global Easts* Jie-Hyun Lim, 2022-07-05 South Korean historian Jie Hyun Lim raised under an anticommunist dictatorship turned to Marxian thought to explain his country's development even as he came to struggle with its Eurocentrism As a transnational scholar working in postcommunist Poland Lim recognized striking similarities between Korean and Polish history and politics One realization stood out Both Korea and Poland at once the West for Asia yet Eastern Europe had been assigned the role of East This book explores entangled Easts to reconsider global history from the margins Examining the politics of history and memory Lim reveals the affinities linking Eastern Europe and East Asia He draws out commonalities in their experiences of modernity in their transitions from dictatorship to democracy and in the shaping of collective memory Ranging across Poland Germany Israel Japan and Korea Lim traces the global history of how notions of victimhood have become central to nationalism He criticizes mass dictatorships of right and left in the Global Easts considering Nazi jurist Carl Schmitt's notion of sovereign dictatorship and the concept of decisionist democracy Lim argues that nationalism is inherently transnational critiquing how the nationalist imagination of the Global East has influenced countries across borders Theoretically sophisticated and conceptually innovative this book sheds new light on the transnational complexity of historical memory and imagination the boundaries between democracy and mass dictatorship and the fluidity of East and West

## Unveiling the Energy of Verbal Art: An Psychological Sojourn through **Fascism As A Totalitarian Movement**

In some sort of inundated with displays and the cacophony of instantaneous interaction, the profound energy and mental resonance of verbal art often fade into obscurity, eclipsed by the continuous barrage of sound and distractions. Yet, located within the lyrical pages of **Fascism As A Totalitarian Movement**, a fascinating function of fictional elegance that impulses with raw feelings, lies an remarkable trip waiting to be embarked upon. Composed by way of a virtuoso wordsmith, that magical opus guides readers on a mental odyssey, softly revealing the latent potential and profound impact stuck within the complicated internet of language. Within the heart-wrenching expanse of this evocative evaluation, we will embark upon an introspective exploration of the book is central styles, dissect its fascinating writing design, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.

### **Fascism As A Totalitarian Movement Introduction**

In today's digital age, the availability of Fascism As A Totalitarian Movement books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Fascism As A Totalitarian Movement books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Fascism As A Totalitarian Movement books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Fascism As A Totalitarian Movement versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Fascism As A Totalitarian Movement books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Fascism As A Totalitarian Movement books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Fascism As A Totalitarian Movement books and manuals is

Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Fascism As A Totalitarian Movement books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Fascism As A Totalitarian Movement books and manuals for download and embark on your journey of knowledge?

### **FAQs About Fascism As A Totalitarian Movement Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Fascism As A Totalitarian Movement is one of the best book in our library for free trial. We provide copy of Fascism As A Totalitarian Movement in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Fascism As A Totalitarian Movement. Where to download Fascism As A Totalitarian Movement online for free? Are you looking for Fascism As A Totalitarian

Movement PDF? This is definitely going to save you time and cash in something you should think about.
