Rojek,1993-06-23 Modern life is often described as an iron cage from which there is no escape But popular culture venerates leisure and travel as authentic escape routes from routine and monotony However what kind of escape is tolerated in modern society How is it shaped by historical expectations of leisure and travel And what do we actually experience when we engage in leisure or travel activity This fascinating and accomplished book tries to supply answers to these questions A major scholarly contribution to the sociological analysis of leisure pleasure and travel Dr Rojek's study is a radical challenge to the existing paradigmatic orthodoxy Bryan S Turner University of Essex *A Critical Dictionary of English Literature* S. Emily Dickinson and the Labor of Clothing Daneen Wardrop,2009 A history of nineteenth century fashion through the works of Emily Dickinson *Brilliant Modernism* Nicoletta Asciuto,2025-01-07 Illuminates how the power of light shaped early twentieth century art culture and poetry In *Brilliant Modernism* Nicoletta Asciuto takes readers on a journey through the electrified streets of the early twentieth century and explores the influence of this illumination on modernist poetry This ambitious and geographically wide ranging account of how poets responded to the changing cityscape is distinctive in its historicist approach and the enormous scope of the materials it examines from Mina Loy's lamps for the modern home to lunar photography As the glow of gas lamps gave way to the piercing beams of the new era poets navigated a world where light dictated social standing gender roles and the very rhythm of life *Brilliant Modernism* is a story of contrasts the starkness of electric light against the softness of the moon the traditional against the modern and the male dominated world against the rising tide of female empowerment Asciuto reworks our understanding of the modernist moment reimagining the influence of figures such as T S Eliot Lola Ridge Gwendolyn B Bennett and Rosa Ros Set against the backdrop of a world on

the brink of massive changes this book shines a light on forgotten women poets and artists whose contributions to the modernist movement have long been overshadowed by their male counterparts Through a narrative that is as much about the aesthetics of light as it is about the poets themselves Asciuto illuminates the vibrant and often volatile intersection of technology and culture *Unfamiliar Streets* Katherine A. Bussard, 2014-03-11

div Revolutionizing the history of street photography *Unfamiliar Streets* demonstrates an expanded understanding of the genre through the work of a fashion photographer a photojournalist a conceptual artist and a contemporary artist DIV **Reforming Women's Fashion, 1850-1920** Patricia A. Cunningham, 2003 This work focuses on the efforts toward reforming women's dress that took place in Europe and America in the latter half of the 18th century and the first decade of the 20th century and the types of garments adopted by women to overcome the challenges posed by fashionable dress It considers the many advocates for reform and examines their motives their arguments for change and how they promoted improvements in women's fashion Though there was no single overarching dress reform movement it reveals similarities among the arguments posed by diverse groups of reformers including especially the equation of reform with an ideal image of improved health Drawing on a variety of primary and secondary sources in the USA and Europe including the popular press advice books for women allopathic and alternative medical literature and books on aesthetics art health and physical education the text makes a significant contribution to costume studies social history and women's studies Impressionism, Fashion & Modernity Metropolitan Museum of Art (New York, N.Y.), Musée d'Orsay, 2012 This volume is the first to explore fashion as a critical aspect of modernity one that paralleled and many times converged with the development of Impressionism starting in the 1860s and continuing through the next two decades when fashion attracted the foremost writers and artists of the day Although fashionable subjects have been depicted throughout history for many artists and writers including Charles Baudelaire Stéphane Mallarmé Émile Zola Gustave Caillebotte Edgar Degas douard Manet Claude Monet Berthe Morisot and Pierre Auguste Renoir fashion became integral to the search for new literary and visual expression Book jacket Dwelling in the World Elizabeth LaCouture, 2021-08-10 By the early twentieth century Chinese residents of the northern treaty port city of Tianjin were dwelling in the world Divided by nine foreign concessions Tianjin was one of the world's most colonized and cosmopolitan cities Residents could circle the globe in an afternoon strolling from a Chinese courtyard house through a Japanese garden past a French Beaux Arts bank to dine at a German café and fall asleep in a British garden city style semi-attached brick house *Dwelling in the World* considers family house and home in Tianjin to explore how tempos and structures of everyday life changed with the fall of the Qing Empire and the rise of a colonized city Elizabeth LaCouture argues that the intimate ideas and practices of the modern home were more important in shaping the gender and status identities of Tianjin's urban elites than the new public ideology of the nation Placing the Chinese home in a global context she challenges Euro-American historical notions that the private sphere emerged from industrialization She argues that concepts of individual

property rights that emerged during the Republican era became foundational to state society relations in early Communist housing reforms and in today's middle class real estate boom Drawing on diverse sources from municipal archives women's magazines and architectural field work to social surveys and colonial records *Dwelling in the World* recasts Chinese social and cultural history offering new perspectives on gender and class colonialism and empire visual and material culture and technology and everyday life
