Shapiro, 2011-10-15      **The History of Modern Fashion** Daniel James Cole, Nancy Deihl, 2015-08-24 This exciting book explores fashion not simply from an aesthetic point of view but also as a manifestation of social and cultural change Focusing on fashion from 1850 noted fashion historians Daniel James Cole and Nancy Deihl consider the evolution of womenswear menswear and childrenswear decade by decade The book looks at the dissemination of style and the mechanisms of change at the relationship between fashion and the visual applied and performing arts the intertwined relationship between fashion and popular culture the impact of new materials and technology and the growing globalization of style With photographs of costume from museums and images from the fashion press including editorial photography illustrations and advertising the book will include insights into icons of fashion and the clothes worn by real people providing a valuable visual reference for the reader      Contesting Bodies and Nation in Canadian History Patrizia Gentile, Jane Nicholas, 2013-12-06 From fur coats to nude paintings and from sports to beauty contests the body has been central to the literal and figurative fashioning of ourselves as individuals and as a nation In this first collection on the history of the body in Canada an interdisciplinary group of scholars explores the multiple ways the body has served as a site of contestation in Canadian history in the nineteenth and twentieth centuries Showcasing a variety of methodological approaches *Contesting Bodies and Nation in Canadian History* includes essays on many themes that engage with the larger historical relationship between the body and nation medicine and health fashion and consumer culture citizenship and work and more The contributors reflect on the intersections of bodies with the concept of nationhood as well as how understandings of the body are historically contingent The volume is capped off with a critical introductory chapter by the editors on the history of bodies and the development of the body as a category of analysis      Magazines, Travel, and Middlebrow Culture Faye Hammill, Michelle Smith, 2015-06-19 A comparative study of Canadian magazines in English and French in the early to mid twentieth century casting light on middlebrow culture      Anne Around the World Jane Ledwell, Jean Mitchell, 2013 A look at what makes L M Montgomery's *Anne of Green Gables* an international classic

*Fashioning Globalisation* Maureen Molloy, Wendy Larner, 2013-06-20 Drastic changes in the career aspirations of women in the developed world have resulted in a new globalised market for off the peg designer clothes created by independent artisans This book reports on a phenomenon that seems to exemplify the twin imperatives of globalisation and female emancipation A major conceptual contribution to the literatures on globalisation fashion and gender analysing the ways in which women's entry into the labour force over the past thirty years in the developed world has underpinned new forms of aestheticised production and consumption as well as the growth of work style businesses A vital contribution to the burgeoning literature on culture and creative industries which often ignores the significant roles taken by women as entrepreneurs and designers rather than mere consumers Introduces fashion scholars and economic geographers to a

paradigmatic example of the new designer fashion industries emerging in a range of countries not traditionally associated with fashion Takes a fresh perspective on an industry in which Third World garment workers have been the subject of exhaustive analysis but first world women have been largely ignored      **The Modern Girl** Jane Nicholas,2015-03-27 With her short skirt bobbed hair and penchant for smoking drinking dancing and jazz the Modern Girl was a fixture of 1920s Canadian consumer culture She appeared in art film fashion and advertising as well as on the streets of towns from coast to coast In *The Modern Girl* Jane Nicholas argues that this feminine image was central to the creation of what it meant to be modern and female in Canada Using a wide range of visual and textual evidence Nicholas illuminates both the frequent public debates about female appearance and the realities of feminine self presentation She argues that women played an active and thoughtful role in their embrace of modern consumer culture even when it was at the risk of serious social economic and cultural penalties The first book to fully examine the Modern Girl s place in Canadian culture *The Modern Girl* will be essential reading for all those interested in the history of gender sexuality and the body in the modern world

**Purchasing Power** Donica Belisle,2020-03-12 Exploring the roots of Canadian consumer culture this book uncovers the meanings that Canadians have historically attached to consumer goods Focusing on white women during the early twentieth century it reveals that for thousands of Canadians between the 1890s and World War II consumption was about not only survival but also civic expression Offering a new perspective on the temperance conservation home economics feminist and co operative movements this book brings white women s consumer interests to the fore Due to their exclusion from formal politics and paid employment many white Canadian women turned their consumer roles into personal and social opportunities They sought solutions in the consumer sphere to isolation upward mobility personal expression and family survival They effectively transformed consumer culture into an arena of political engagement Yet if white Canadian women viewed consumption as a tool of empowerment so did they wield consumption as a tool of exclusion As *Purchasing Power* reveals Canadian women of privileged race and class status tended to disparage racialized and lower income women s consumer habits In so doing they constructed hierarchical notions of taste that defined who and who did not belong in the modern Canadian nation      Parallel Encounters Gillian Roberts,David Stirrup,2014-03-24 The essays collected in offer close analysis of an array of cultural representations of the Canada US border in both site specificity and in the ways in which they reveal and conceal cultural similarities and differences Contributors focus on a range of regional sites along the border and examine a rich variety of expressive forms including poetry fiction drama visual art television and cinema produced on both sides of the 49th parallel The field of border studies has hitherto neglected the Canada US border as a site of cultural interest tending to examine only its role in transnational policy economic cycles and legal and political frameworks Border studies has long been rooted in the US Mexico divide shifting the locus of that discussion north to the 49th parallel the contributors ask what added complications a site specific analysis of culture at the Canada US border can bring to the

conversation In so doing this collection responds to the demands of Hemispheric American Studies to broaden considerations of the significance of American culture to the Americas as a whole bringing Canadian Studies into dialogue with the dominantly US centric critical theory in questions of citizenship globalization Indigenous mobilization hemispheric exchange and transnationalism

*Beyond Bylines* Barbara M. Freeman, 2012-08-01 *Beyond Bylines* Media Workers and Women's Rights in Canada explores the ways in which several of Canada's women journalists broadcasters and other media workers reached well beyond the glory of their personal bylines to advocate for the most controversial women's rights of their eras To do so some of them adopted conventional feminine identities while others refused to conform altogether openly and defiantly challenging the gender expectations of their day The book consists of a series of case studies of the women in question as they grappled with the concerns close to their hearts higher education for women healthy dress reforms the vote equal opportunities at work abortion lesbianism and Aboriginal women's rights Their media reflected their respective eras intellectual magazines daily and weekly newspapers radio feminist public relations alternative women's periodicals and documentary film made for television Barbara Freeman takes an interdisciplinary approach combining biography history and communication studies to demonstrate how their use of different media both enabled and limited these women in their ability to be daring advocates for gender equality She shows how a number of these women were linked through the generations by their memberships in activist women's organizations

*Retail Nation* Donica Belisle, 2011-02-15 The experience of walking down a store aisle replete with displays salespeople and infinite choice is so common we often forget retail has a short history *Retail Nation* traces Canada's transformation into a modern consumer society back to an era 1890 to 1940 when department stores such as Eaton's ruled the shopping scene and promised to strengthen the nation Department stores emerge as agents of modern nationalism but the nation they helped to define white consumerist middle class was more limited and contested than nostalgic portraits of the early department store suggest
