Dubious Gastronomy Robert Ji-Song Ku, 2013-12-31 California roll Chinese take out American made kimchi dogmeat monosodium glutamate SPAM all are examples of what Robert Ji Song Ku calls dubious foods Strongly associated with Asian and Asian American gastronomy they are commonly understood as ersatz depraved or simply bad In Dubious Gastronomy Ku contends that these foods share a spiritual fellowship with Asians in the United States in that the Asian presence be it culinary or corporeal is often considered watered down counterfeit or debased manifestations of the real thing The American expression of Asianness is defined as doubly inauthentic as insufficiently Asian and unreliably American when measured against a largely ideological if not entirely political standard of authentic Asia and America By exploring the other side of what is prescriptively understood as proper Asian gastronomy Ku suggests that Asian cultural expressions occurring in places such as Los Angeles Honolulu New York City and even Baton Rouge are no less critical to understanding the meaning of Asian food and by extension Asian people than culinary expressions that took place

in Tokyo Seoul and Shanghai centuries ago In critically considering the impure and hybridized with serious and often whimsical intent Dubious Gastronomy argues that while the notion of cultural authenticity is troubled troubling and troublesome the apocryphal is not necessarily a bad thing The dubious can be and is often quite delicious Dubious Gastronomy overlaps a number of disciplines including American and Asian American studies Asian diasporic studies literary and cultural studies and the burgeoning field of food studies More importantly however the book fulfills the critical task of amalgamating these areas and putting them in conversation with one another Written in an engaging and fluid style it promises to appeal a wide audience of readers who seriously enjoys eating and reading and thinking about food *The Lady with the Borzoi* Laura Claridge, 2016-04-12 The untold story of Blanche Knopf the singular woman who helped define American literature Left off her company's fifth anniversary tribute but described by Thomas Mann as the soul of the firm Blanche Knopf began her career when she founded Alfred A Knopf with her husband in 1915 With her finger on the pulse of a rapidly changing culture Blanche quickly became a driving force behind the firm A conduit to the literature of Langston Hughes and the Harlem Renaissance Blanche also legitimized the hard boiled detective fiction of writers such as Dashiell Hammett James M Cain and Raymond Chandler signed and nurtured literary authors like Willa Cather Elizabeth Bowen and Muriel Spark acquired momentous works of journalism by John Hersey and William Shirer and introduced American readers to Albert Camus Andr Gide and Simone de Beauvoir giving these French writers the benefit of her consummate editorial taste As Knopf celebrates its centennial Laura Claridge looks back at the firm's beginnings and the dynamic woman who helped to define American letters for the twentieth century Drawing on a vast cache of papers Claridge also captures Blanche's witty loyal and amusing personality and her charged yet oddly loving relationship with her husband An intimate and often surprising biography *The Lady with the Borzoi* is the story of an ambitious seductive and impossibly hardworking woman who was determined not to be overlooked or easily categorized
