*Fast Forward* Lauren Greenfield, 1997 Photographer Lauren Greenfield captures often shocking always startling images of children at school at play or at home in the precocious city of Los Angeles The stunning color photographs range from the children of the gang culture of South Central and East L A to the affluent often show business world of the Westside Underlying is the overwhelming importance of image and celebrity with its materialistic trappings of fast cars and expensive clothes 80 full color photos **American Photo** ,1997-01 Parents Who Think Too Much Anne Cassidy, 2010-10-06 With the baby boom generation came the genre of parenting books that told parents how to teach their kids everything from toilet training to developing self esteem Generally the message has been go easy on your child but hard on yourself It is starting to become apparent especially in the best of families that giving your kids lots of choices validating their feelings at great peril to your own and providing enough individual attention for each child is creating a generation of kids over whom we have no control Cassidy argues that this comes from over thinking our role as parents We ve pondered every step so much that the juice the joy and worst of all our confidence is gone The reasons are clear We have fewer children later in life so we ve had more time to ponder We ve grown up just as research on infant and child development has come of age so there s no shortage of material to think about As a generation we ve prided ourselves on self improvement and we bring the same zeal to child improvement We re less likely to live close to our families and so are more likely to seek out expert solutions To counter this thinking Cassidy will suggest keeping the big picture in mind what kind of people do you really want your kids to be Honest kind cooperative empathetic It may mean losing sight of whether enough play dates are scheduled for the week and if you ve positively reinforced the latest creative endeavor but it will bring back your instincts about what is important to your family as a whole and to your kids to become decent people Flesh Wounds Virginia L. Blum, 2005-04-04 An impressive book An important book Jamie Lee Curtis I blame mirrors If it weren t for them we wouldn t need plastic surgeons In the meantime anyone tempted to re shape face body and mind by means of knife should first read Blum s intelligent persuasive and absorbing book Both enticed and alarmed the reader will at least know what she s doing and more importantly why This is a book that takes you and shakes you by the throat and leaves you the better for it Fay Weldon author of *The Life and Loves of a She Devil* An eye opening look at the dangers both physical and emotional of plastic surgery and of the power of beauty in all of our lives Blum s book is an impressive interweaving of observation oral interviews cultural studies and historical sources An absorbing read this is a scholarly book that general readers can enjoy Lois Banner author of *American Beauty* A provocative and thoroughly persuasive argument that we live in a culture of cosmetic surgery where identity is sited on the shifting surfaces of the body *Flesh Wounds* brilliantly explores the link between the seductions of

surgical self fashioning and the star system drawing on a stunning array of materials ranging from interviews with plastic surgeons psychoanalytic theory and the novel to the visual media of digital photography film and television Kathleen Woodward author of *Aging and Its Discontents* Freud and Other Fictions *New York Magazine* ,1997-06-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Changing Face of Portrait Photography* ,2011-10-18 A richly illustrated volume examines the portrait work of Dorothea Lange Richard Avedon Robert Weingarten George K Warren Julia Margaret Cameron the Barr Wright Studio Gertrude Kasebier Nickolas Muray Henry Horenstein and Lauren Greenfield *The Changing Face of Portrait Photography* explores the power of the portrait and the role it plays in our personal and national identities *The Changing Face of Portrait Photography* explores ten groups of portraits selected from within the Smithsonian National Museum of American History s Photographic History Collection The selections represent work by specific photographers with diverse relationships to portraiture and through their sampling take a focused look at changing convention theory and technologies **American Photo** ,1997-11 **Los Angeles Magazine** ,1997-05 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian **American Photo** ,1998-05 **The Cute and the Cool** Gary Cross,2004-04-01 The twentieth century was by any reckoning the age of the child in America Today we pay homage at the altar of childhood heaping endless goods on the young reveling in memories of a more innocent time and finding solace in the softly backlit memories of our earliest years We are the proclamation goes just big kids at heart And accordingly we delight in prolonging and inflating the childhood experiences of our offspring In images of the naughty but nice Buster Brown and the coquettish but sweet Shirley Temple Americans at mid century offered up a fantastic world of treats toys and stories creating a new image of the child as cute Holidays such as Christmas and Halloween became blockbuster affairs vehicles to fuel the bedazzled and wondrous innocence of the adorable child All this Gary Cross illustrates reflected the preoccupations of a more gentle and affluent culture but it also served to liberate adults from their rational and often tedious worlds of work and responsibility But trouble soon entered paradise The cute turned into cool as children following their parental example embraced the gift of fantasy and unrestrained desire to rebel against the saccharine excesses of wondrous innocence in deliberate pursuit of the anti cute Movies comic books and video games

beckoned to children with the allures of an often violent sexualized and increasingly harsh worldview Unwitting and resistant accomplices to this commercial transformation of childhood adults sought over and over again in repeated and predictable cycles to rein in these threats in a largely futile jeremiad to preserve the old order Thus the cute child deliberately manufactured and cultivated has ironically fostered a profoundly troubled ambivalence toward youth and child rearing today Expertly weaving his way through the cultural artifacts commercial currents and parenting anxieties of the previous century Gary Cross offers a vibrant and entirely fresh portrait of the forces that have defined American childhood *Zoo*, 2001
