### **Fast Lane On A Dirt Road A Contemporary History Of Vermont:**

*Fast Lane on a Dirt Road* Joe Sherman, 2000 Nestled between Montreal Boston and New York City exists a magic land called Vermont It s a state of the union a state of mind a state of grace and a state of confusion and contradiction Because of its beauty its scale and its depth of culture Vermont is truly a perfect state The image of Vermont that leaps off the pages of *Vermont Life* is one of rolling hills small villages white churches with soaring steeples town meetings and blazing foliage But there is another side of A Perfect State a complex composite of dirt roads turned to Mud Season quagmires sharply divided citizens who cannot find common ground on critical issues such as school financing gay marriage environmental protection and development Joe Sherman portrays the last fifty years of Vermont history a time when the state evolved from a bucolic bedrock of conservatism to a rural theme park on America s cutting edge Whether the subject is sprawl gourmet ice cream Vermont is home to Ben Jerry s or rock and roll Vermont is also home to the rock band Phish Vermont finds itself at the center of the stage *Fast Lane on a Dirt Road* is a raucous book about a rocky state from a perspective so fresh that controversy is unavoidable Traditionalists will take issue with Sherman s portrayal of the state as a cauldron of social change while newcomers might object to the homage paid to Vermont s past Vermont was the last state to allow in a Wal Mart and the first to authorize domestic partnerships It is the only state with a Socialist representative in Congress a state where a Republican nominee for the U S Senate dairy farmer Fred Tuttle actually voted for his better qualified opponent Sherman is a journalist and a social historian more than an academic He has not had the luxury of time to filter and clarify his observations As he states in his own acknowledgments Writing contemporary history is risky business *Fast Lane on a Dirt Road* is a great read for anyone interested in the rapid evolution of American culture The quirky history of Vermont shows us both where we ve been and where we re going The rest of America can learn a lot from Vermont

**The Social History of Crime and Punishment in America** Wilbur R. Miller, 2012-07-20 Several encyclopedias overview the contemporary system of criminal justice in America but full understanding of current social problems and contemporary strategies to deal with them can come only with clear appreciation of the historical underpinnings of those problems Thus this five volume work surveys the history and philosophy of crime punishment and criminal justice institutions in America from colonial times to the present It covers the whole of the criminal justice system from crimes law enforcement and policing to courts corrections and human services Among other things this encyclopedia explicates philosophical foundations underpinning our system of justice charts changing patterns in criminal activity and subsequent effects on legal responses identifies major periods in the development of our system of criminal justice and explores in the first four volumes supplemented by a fifth volume containing annotated primary documents evolving debates and conflicts on how best to address issues of crime and punishment Its signed entries in the first four volumes supplemented by a fifth volume containing annotated primary documents provide the historical context for students to better understand contemporary criminological debates and the contemporary shape of the U S

system of law and justice      **Vermont Women, Native Americans & African Americans** Cynthia D. Bittinger, 2012-05-15  
Vermont's constitution drafted in 1777 was one of the most enlightened documents of its time but in contrast the history of Vermont has largely been told through the stories of influential white men This book takes a fresh look at Vermont's history uncovering hidden stories from the earliest inhabitants to present day citizens striving to overcome adversity and be advocates for change Native Americans struggled to maintain an identity in the state while their land and rights were disappearing Lucy Terry Prince was the first female African American poet who rose above racism to argue her case before Vermont's governor and won Educator and historian Cynthia Bittinger unearths these and other inspirational stories of the contributions of women Native Americans and African Americans to Vermont's history      **Country Stores of Vermont** Dennis Bathory-Kitsz, 2013-11-19 Each Vermont country store carries its own particular stock of special wares and memorable characters From the Connecticut River to Lake Champlain country stores and their dedicated owners offer warmth against the blizzard advice and a friendly ear or a stern word Neighbors meet and communities are forged beside these feed barrels and bottomless coffee urns Author Dennis Bathory Kitsz returns once again to the Green Mountain State with this updated and revised history and guide to its beloved country stores When Hurricane Irene threatened many of these local institutions and communities in 2011 Vermonters came together often at their country stores Explore the very heart of communities big and small where locals have been keeping their house keys behind the counter and solving the world's problems on the front stoop for more than two hundred years      **The Routledge History of Rural America** Pamela Riney-Kehrberg, 2016-04-14 The Routledge History of Rural America charts the course of rural life in the United States raising questions about what makes a place rural and how rural places have shaped the history of the nation Bringing together leading scholars to analyze a wide array of themes in rural history and culture this text is a state of the art resource for students scholars and educators at all levels This Routledge History provides a regional context for understanding change in rural communities across America and examines a number of areas where the history of rural people has deviated from the American mainstream Readers will come away with an enhanced understanding of the interplay between urban and rural areas a knowledge of the regional differences within the rural United States and an awareness of the importance of agriculture and rural life to American society The book is divided into four main sections regions of rural America rural lives in context change and development and resources for scholars and teachers Examining the essays on the regions of rural America readers can discover what makes New England different from the South and why the Midwest and Mountain West are quite different places The chapters on rural lives provide an entrance into the social and cultural history of rural peoples women children and men as well as a description of some of the forces shaping rural communities such as immigration race and religious difference Chapters on change and development examine the forces molding the countryside such as rural urban tensions technological change and increasing globalization The final section will help scholars and educators integrate

rural history into their research writing and classrooms By breaking the field of rural history into so many pieces this volume adds depth and complexity to the history of the United States shedding light on an understudied aspect of the American mythology and beliefs about the American dream

*Vermont* Dan Elish,2006 Surveys the geography history government customs and people of the state of Vermont

**Rural Young Women, Education, and Socio-Spatial Mobility** Wendy Geller,2015-10-08 Much of the literature on globalization has centered on the large macro level forces that influence the ways ideas people and various forms of capital move around the world From this vantage point discussions about the progressive feminization of migration in particular the feminization of out migration from rural areas indicate an intriguing trend Simultaneously the local experience of global forces is an important way of exploring how macro level processes are navigated by social actors on the ground This provides added texture to our understanding of why and how people make decisions about their lives within an increasingly interconnected social economic and political environment This volume explores whether concurrent patterns in identity development social relations and youth behaviors on the micro level might help explain similarities observable at the macro level Through a triangulated approach that balances between statistical backdrops extant quantitative research and in depth qualitative interviews this book theorizes about shifts in gender normativity efforts towards social mobility and the possible effects of an increasingly globalized society To do this it examines the decision making processes employed by high achieving young women from rural areas in Vermont and Leinster

Ireland as they figured out who they wanted to become as adults and where they wanted to be those people Remaining mindful of structural constraints and using the lens of the psychic landscape Reay 2005 to view class as a reflexive practice this book peers into the ways certain types of identity evident among blue collar students seem to be carving out some potential for social and spatial mobility amidst both global and local trends      **Putney** Putney Historical Society,2003-07-01 Putney Vermont owes much to its early farming settlers who established the town s spirit of hard work and ingenuity and to its mill workers whose labor sustained the town s economy for over 200 years Agricultural advances social experiments and a devout commitment to education and artistry helped this community earn world renown with such institutions as the Putney School America s first co ed boarding school Landmark College the only U S two year college devoted to students with learning differences the Yellow Barn an international music school with a famous annual music festival and the Experiment in International Living Putney celebrates its 250th anniversary in 2003 marking a tradition of overcoming internal strife and economic hardship to prosper through innovation and industry      *Political Encyclopedia of U.S. States and Regions* Donald P. Haider-Markel,Michael A. Card,2009 Providing expert analysis of government and politics in all 50 states and the U S territories this innovative two volume reference fills the critical need for information and analysis of the roles and functions of state government through accessible state by state and regional overviews of government and politics      **Real Democracy** Frank M. Bryan,2010-03-15 Relying on an astounding collection of more than three decades of firsthand research Frank M Bryan examines one of the purest forms of American democracy the New England town meeting At these meetings usually held once a year all eligible citizens of the town may become legislators they meet in face to face assemblies debate the issues on the agenda and vote on them And although these meetings are natural laboratories for democracy very few scholars have systematically investigated them A nationally recognized expert on this topic Bryan has now done just that Studying 1 500 town meetings in his home state of Vermont he and his students recorded a staggering amount of data about them 238 603 acts of participation by 63 140 citizens in 210 different towns Drawing on this evidence as well as on evocative witness accounts from casual observers to no lesser a light than Aleksandr Solzhenitsyn Bryan paints a vivid picture of how real democracy works Among the many fascinating questions he explores why attendance varies sharply with town size how citizens resolve conflicts in open forums and how men and women behave differently in town meetings In the end Bryan interprets this brand of local government to find evidence for its considerable staying power as the most authentic and meaningful form of direct democracy Giving us a rare glimpse into how democracy works in the real world Bryan presents here an unorthodox and definitive book on this most cherished of American institutions      *Companies We Keep* John Abrams,2008-11-08 Part memoir and part examination of a new business model the 2005 release of *The Company We Keep* marked the debut of an important new voice in the literature of American business Now in *Companies We Keep* the revised and expanded edition of his 2005 work John Abrams further develops his idea that companies flourish when they become

centers of interdependence or communities of enterprise Thoroughly revised with an expanded focus on employee ownership and workplace democracy Companies We Keep celebrates the idea that when employees share in the rewards as well as the responsibility for the decisions they make better decisions result This is an especially timely topic Most of the baby boomer generation the owners of millions of American businesses will retire within the next two decades In 2001 50 000 businesses changed hands In 2005 that number rose to 350 000 Projections call for 750 000 ownership transitions in 2009 Employee ownership in both the philosophical and the practical sense is gathering steam as businesses change hands and Abrams examines some of the many ways this is done Companies We Keep is structured around eight principles from Sharing Ownership and Cultivating Workplace Democracy to Thinking Like Cathedral Builders and Committing to the Business of Place that Abrams has discovered in the 32 years since he cofounded South Mountain Company on the island of Martha s Vineyard Together these principles reveal communities of enterprise as a potent force of change that can and will improve the way Americans do business [Vermont History](#) ,2003 *Vermont Magazine* ,2001 *Business* □□□□□□□□,2003

**Forthcoming Books** Rose Arny,2000 *Gasp!* Joe Sherman,2007-03-02 From a baby s first breath that universal and fundamental entry into life outside the womb air is taken for granted Joe Sherman s The Book of Air is an entertaining investigation of air and the discoveries of how it works in the body and in our world Inhale and learn about the difference between your aerobic capacity and Lance Armstrong s exhale and follow the observation and science of the atmosphere from Aristotle to Nobel laureate Paul Crutzen hold your breath and investigate why over the last two centuries air has transformed from something marvelous into something menacing In The Book of Air Joe Sherman blends the history and myths of air together with its environmental and physiological effects into a rich and sometimes troubling account of what gives us our life force [Encyclopedia of Social Networks](#) George A. Barnett,2011-09-07 This handbook systematically introduces readers to the key concepts substantive topics central methods and prime debates
