Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986,2000 **The Hockey Handbook** Lloyd Percival,1997 Originally published in 1951 and rejected at the time by one NHL coach as the product of a three-year-old mind, Lloyd Percival's *The Hockey Handbook* went on to become an internationally recognized classic. Russian and European coaches seized on the book as the first authoritative analytical treatment of hockey fundamentals and based their training regimes on the principles Percival described. The father of Russian hockey, Anatoli Tarasov, wrote to Percival: "Your wonderful book which introduced us to the mysteries of Canadian hockey, I have read like a schoolboy. Now, nearly half a century later, *The Hockey Handbook* remains in a class by itself. It is the first book required by players or coaches at all levels of proficiency who are setting out to develop their own or their team's hockey skills." Wayne Major, Larry Sadler and Robert Thom are all experienced

amateur hockey coaches who came to appreciate the practical value of Percival's pioneering work. In revising the text they drew upon the expertise of a variety of specialists including for example Dr Tom Sawa who updated the chapter on training and conditioning to give *The Hockey Handbook* a new relevance to modern hockey coaches. Now redesigned and issued in an easy to use format the book will serve as an inspiration and guide to future generations of players and coaches.
