The Case for Jesus the Messiah John Ankerberg, 2011-12-03 Are there remarkable prophecies in the Hebrew Scriptures which identify a future Messiah Are these prophecies so exact that they predict specific future events such as the exact time place of birth Have these prophecies been miraculously fulfilled If so what does this signify Could these prophecies indicate the Judeo Christian Scriptures are a divine revelation could they constitute evidence that even skeptics would have to consider In this book 3 scholars trained in apologetics comparative religion the Semitic languages the Old Testament examine the evidence for fulfilled prophecy Do you like mysteries Can you unravel from the Scriptural evidence the identity of the one predicted The authors approach to the topic is like searching for clues in a mystery novel If you have ever asked if there is evidence that reveals the reality nature of God the answers the authors have uncovered may cause you to reexamine your view of reality **If God Exists** M. E. Stearn, 2017-05-11 When I was seven years old the nun teaching my Catechism class told us that Mary immaculately conceived Jesus My mother immediately disabused me of this idea stating unequivocally that Mary was just another fourteen year old who got pregnant arguably and ironically planting the seed for this book The theist belief that God exists as a conscious entity in some form other than that of matter or energy denies by definition the actual existence of God Atheism denies the belief in God existing as a conscious entity Neither theists nor atheists rely upon evidence to support their belief This thesis proposes that God either exists or doesn t exist and belief does not change the ultimate fact Syllogistically if God exists God exists as some form of matter or energy and God is infinite by definition and since matter and energy can be neither created nor destroyed according to the Law of Conservation God and matter and energy are identical and everything that exists in the cosmos is God Omnideism proposes a logical explanation for

the actual existence of God consistent with the laws of physics and theistic purpose for human existence if God exists
