Adult Comics Roger Sabin, 2013-10-11 In a society where a comic equates with knockabout amusement for children the sudden pre eminence of adult comics on everything from political satire to erotic fantasy has predictably attracted an enormous amount of attention Adult comics are part of the cultural landscape in a way that would have been unimaginable a decade ago In this first survey of its kind Roger Sabin traces the history of comics for older readers from the end of the nineteenth century to the present He takes in the pioneering titles pre First World War the underground comix of the 1960s and 1970s fandom in the 1970s and 1980s and the boom of the 1980s and 1990s including graphic novels and Viz Covering comics from the United States Europe and Japan *Adult Comics* addresses such issues as the graphic novel in context cultural overspill and the role of women By taking a broad sweep Sabin demonstrates that the widely held notion that comics grew up in the late 1980s is a mistaken one largely invented by the media *Adult Comics* An Introduction is intended primarily for student use but is written with the comic enthusiast very much in mind

*Pop-Lit: Essays in Retrospection* Subir Dhar, Monikinkini Basu, Swarnendu Dam, 2025-08-19 This edited volume offers a comprehensive collection of critical essays that explore the multifaceted role of popular culture in society Through a variety of theoretical lenses the essays examine how popular culture from mass media to everyday cultural practices shapes societal norms values and power structures Drawing on seminal works from thinkers such as Matthew Arnold the Frankfurt School and the Birmingham School the book traces the evolution of cultural studies and its impact on understanding mass culture Essays address key topics such as the commodification of culture the passive consumption promoted by the culture industry and the active agency of audiences in interpreting and resisting cultural messages The volume also highlights how popular culture reflects

and challenges dominant ideologies emphasizing the role of marginalized groups in creating alternative cultural meanings. With its wide ranging perspectives this book provides valuable insights into the intersection of culture politics and everyday life.

*The Short Story in South Africa* Rebecca Fasselt, Corinne Sandwith, 2022-03-24 This book considers the key critical interventions on short story writing in South Africa written in English since the year 2000. The short story genre whilst often marginalised in national literary canons has been central to the trajectory of literary history in South Africa. In recent years the short story has undergone a significant renaissance with new collections and young writers making a significant impact on the contemporary literary scene and subgenres such as speculative fiction, erotic fiction, flash fiction and queer fiction expanding rapidly in popularity. This book examines the role of the short story genre in reflecting or championing new developments in South African writing and the ways in which traditional boundaries and definitions of the short story in South Africa have been reimagined in the present. Drawing together a range of critical interventions including scholarly articles, interviews and personal reflective pieces, the volume traces some of the aesthetic and thematic continuities and discontinuities in the genre and sheds new light on questions of literary form. Finally, the book considers the place of the short story in twenty first century writing and interrogates the ways in which the short story form may contribute to or recast ideas of the post apartheid or post transitional. The perfect guide to contemporary short story writing in South Africa, this book will be essential reading for researchers of African literature.

*Chica Lit* Tace Hedrick, 2015-06-18 Winner 2016 ALA Choice Outstanding Academic Title. In *Chica Lit: Popular Latina Fiction and Americanization in the Twenty First Century* Tace Hedrick illuminates how discourses of Americanization, ethnicity, gender, class and commodification shape the genre of chicanita popular fiction written by Latina authors with Latina characters. She argues that chicanita lit is produced and marketed in the same ways as contemporary romance and chick lit fiction and aimed at an audience of twenty to thirty something upwardly mobile Latina readers. Its stories about young women's ethnic class mobility and gendered romantic success tend to celebrate twenty first century neoliberal narratives about Americanization, hard work and individual success. However, Hedrick emphasizes its focus on Latina characters necessarily inflects this celebratory mode, the elusiveness of meaning in its use of the very term Latina empties out the differences among and between Latina/o and Chicano/a groups in the United States. Of necessity, chicanita lit also struggles with questions about the actual social and economic place of Latinas and Chicanas in this same neoliberal landscape; these questions unsettle its reliance on the tried and true formulas of chick lit and romance writing. Looking at chicanita lit's market driven representations of difference, poverty and Americanization, Hedrick shows how this writing functions within the larger arena of struggles over popular representation of Latinas and Chicanas.

**Firefly Revisited** Michael Goodrum, Philip Smith, 2015-02-02 According to Joss Whedon, the creator of the short lived series *Firefly*, 2002 the cult show is about nine people looking into the blackness of space and seeing nine different things. The chronicles of crewmembers on a scruffy space freighter *Firefly* ran for only four months before its abrupt cancellation. In that brief time

however it established a reputation as one of the best science fiction programs of the new millennium sharply written superbly cast and set on an exotic multicultural frontier unlike anything ever seen on the small screen The show's large enthusiastic fan following supported a series of comics and a theatrical film *Serenity* 2005 that extended the story deepened the characters and revealed new wonders and dangers on the deep space frontier In *Firefly Revisited: Essays on Joss Whedon's Classic Series* Michael Goodrum and Philip Smith present a collection that reflects on the program the characters and the post-cancellation film and comics that grew out of the show The contributors to this volume offer fresh perspectives on familiar characters and blaze new trails into unexplored areas of the *Firefly* universe Individual essays explore the series place in the history of the space Western subgenre the political economy of the Alliance and the uses of music and language in the series to immerse audiences in a multicultural future These essays look at how the show offered viewers high adventure as well as engaged with a range of themes that still resonate today As such *Firefly Revisited* will intrigue the show's many fans as well as Whedon scholars and anyone interested in the twenty-first century renaissance of science fiction television

*Flash!* Kate Flint, 2017 A lively history of flash photography from the nineteenth century to the present that covers diverse topics like race poverty and the paparazzi It surveys the work of professionals and amateurs news hounds and art photographers and photographers of crime and wildlife to highlight the role of flash in popular culture literature and film

*The Short Story* Ailsa Cox, 2009-03-26 Long regarded as an undervalued and marginalised genre the short story is undergoing a renaissance The Short Story celebrates its unique appeal Practitioners and scholars address the issues facing short story criticism in the 21st century Author A L Kennedy shares the pleasures and frustrations of writing the short story in the literary marketplace This is followed by an assessment of recent attempts to promote short story readership in the UK Other contributors look at forms such as the short short and the short story sequence The range of authors discussed includes Martin Amis Anita Desai Salman Rushdie and James Joyce The short story is the most international of genres this is reflected in chapters on Jorge Luis Borges and Italo Calvino and on Japanese short fiction Postcolonial and translation theory are combined with the close reading of specific texts Neglected authors such as the Welsh writer Dorothy Edwards and the colonial figure Frank Swettenham are re-evaluated and we also consider genre writing with chapters on crime fiction and Ray Bradbury's *Martian Chronicles* Integrating theory and practice The Short Story will appeal both to writers and to students of literary criticism
