Fastest Hound Dog In The State Of Maine:

The Fastest Hound Dog in the State of Maine John Gould, 2021-09-15 Part fable part folklore The Fastest Hound Dog in the State of Maine is Yankee story telling at its very best A man needs a dog to catch long legged rabbits so he buys a hound with longer legs than the rabbits It s the fastest dog he s ever seen the fastest dog anyone has ever seen The dog is so fast in fact the man takes on the Bangor Aroostook Railroad in some friendly competition Hilarity ensues Based on Maine folklore and told as only John Gould can tell it this story rightfully belongs to the times before television before radio when folks sat and talked and told stories Yet it is a story for all times with its humor warm as a Maine hearth and distinct Yankee voice

Maine's Golden Road John Gould, 1995 Maine s Golden Road is a memoir of the annual vacation John Gould took for thirty two consecutive summers with his daughter s father in law Bill Dornbusch *There Goes Maine!* John Gould, 1990-08-17 Maine s nationally acclaimed chronicler proves here that the entire history of North America began in Maine Long before Columbus sold Isabella his idea of a passage to Cathay Irish fishermen went ashore in Maine to dry their cod It s all here in this wild surmising history from a columnist for the Christian Science Monitor **Maine Lingo** John Gould, 2015-11-23 John Gould s family first settled in Maine in 1618 so by the time he came along in the early 20th century the Gould s were well steeped in the vernacular of the region and his first inheritance was the turned around honed down and tuned up language of his farming neighbors who seldom strayed beyond the village store Maine Lingo was first compiled in 1975 when TV radio and other leveling media had begun to seriously erode regional speech distinctions and this dictionary will furnish anyone interested in Maine or regional dialects with the terminologies of regular folks from lobstermen to farmers to woodsmen Altogether it is a fun and fascinating collection of lore humor and straight information that will have you able to tell your billdad from your wazzat in no time flat **Ever the Leader** William G. Bowen, 2017-10-31 Ever the Leader gathers together selected speeches and writings from one of the great scholars and commentators of higher education William G Bowen s career at Princeton University from economics professor to provost to a sixteen year tenure as president was marked by extraordinary accomplishments during times of great change both at the university and in the country But it was in Bowen s second act as president of the Andrew W Mellon Foundation and founding chairman of ITHAKA that he took the lessons he learned as a highly productive leader of one of the nation s most esteemed universities and applied them to a broader set of problems in higher education This volume of work from Bowen s later career captures this expansion of his thought and influence Comprising remarks and articles on the subjects of university values educational opportunity college sports technology and colleagues and peers in higher education leadership Ever the Leader is more than just a concise distillation of Bowen s research and thinking on some of the most urgent issues of the day it is a portrait of leadership in action The selected papers talks and articles exemplify Bowen s commitment and singular ability to communicate strong persuasive arguments for change and to motivate others to engage with the truly hard questions facing higher education leaders Filled

with formidable insights Ever the Leader will be required reading for university presidents policymakers and all those who carry on the struggle for equity and excellence in higher education *It is Not Now* John Gould,2021-05-15 *It is Not Now* is collection of stories based upon real life as well as a reflection on lost ways and changing values It is a celebration of the eccentric people and lives of small towns all across Maine Gould s wise charming and irreverent writing honed by half a century of acute observation and practice of his craft brings the American past to life even as it finds humor and hope in the American present **Old Hundredth** John Gould,2019-07-26 You know that fall is here and winter comes soon when the summer people leave and Maine is restored to righteousness So says celebrated essayist John Gould in this wonderful collection inspired by the changing of the seasons in Maine These forty nine essays revel in the seasonal magnificence the state has to offer and offer just enough humor seasoned with country lore and wisdom to keep you turning the pages as you read in front of the wood stove on a cold winter afternoon No wonder the critic Mark Kramer said If there is reincarnation I m selfish enough to wish that the next time around John Gould would come back as a writer again **Internal Landscape, External Reality** Richard Reitz,2007-05 *Internal Landscape External Reality* The author s adventures afield are told within the framework of personal essays or stories that intertwine action feeling and thought He describes what it means to be an outdoorsman of ordinary means but one with an extraordinary curiosity about why we do what we do in the pursuit of game and fish He questions tradition with logic and a wry humor at times and pokes fun at fads rationalization and sometimes himself Hunting and fishing provide excuse for delightful equipment too rods and guns and their many accessories all special for the adventures they make possible and share Overall the outdoors is treated as a special place full of wonderful creatures fine scenery and the potential for modest adventures alone or shared with companions both human or animal The impulse to examine a life enriched and defined by the time spent in the outdoors in the pursuit of game and fish and indoors in the examination of its spoken and unspoken traditions provides the environment **Remaking College** Rebecca Chopp,Susan Frost,Daniel H. Weiss,2016-02-15 As one of the most successful educational enterprises in American history the residential liberal arts college has long been emulated across all spectrums of undergraduate education in the United States and increasingly around the world These schools are characterized by broad based curricula small class size and interaction between students and faculty Aimed at developing students intellectual literacy and critical thinking skills rather than specific professional preparation the value proposition made by these colleges has recently come under intense pressure *Remaking College* brings together a distinguished group of higher education leaders to define the American liberal arts model to describe the challenges these institutions face and to propose sustainable solutions These essays elucidate the shifting economic and financial models for liberal arts colleges and consider the opportunities afforded by technology globalism and intercollegiate cooperative models By exploring new ideas offering bold proposals and identifying emerging lessons the authors consider the unique position these schools can play in their communities and in the larger world This

collection of essays by presidents and other leaders in higher education is both clear sighted about challenges facing small liberal arts colleges and inspiring for the ways in which it clearly illustrates both the great flexibility of the sector and the deeply held values that fuel its continuing creativity S Georgia Nugent Interim President The College of Wooster Rebecca Chopp is the chancellor of the University of Denver where she is leading a comprehensive effort to transform the student experience expand the design of knowledge and engage with the liberal arts in new ways Previously she served as the president of Swarthmore College and Colgate University Susan Frost is a consultant and researcher who works with college and university leaders to help them form and execute strategic plans engage faculty in shaping their institutions futures and develop academic programs as major fundraising targets Daniel H Weiss is the president of the Metropolitan Museum of Art For over a decade he led liberal arts institutions serving as the president of Haverford College and Lafayette College

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1972 **This Trifling Distinction** John Gould,2019-03-15 Unparalleled tall tales and heroes wander freely through this collection of John Gould s reminiscences of life in Maine Here you ll find stories of unlicensed Maine guide Flint Johnson and his group of Yankees and Red Sox ball players the time L L Bean invited the whole town of Freeport to help him choose the best ax and Gould s grandfather s claim to have fired the shot that started the Battle of Gettysburg Gould does not wish his memories to be in any way taken as an autobiography but rather they are intended to convey just how much fun he has had living and writing in Maine *Jonesport Raffle* John Gould,2017-09-01 Beginning with the legendary story of a man in Jonesport or was it Dexter or Waterford or Litchfield who raffled off his horse which incidentally had been dead for some time these twenty nine tales cover the length and breadth of Maine and extend back to the sixteenth century fishing camps that were set up a hundred years before Jamestown and Plymouth Learn about the origin and history of schoolmarms along with other classic tales on Down East thrift the evils of drink Maine weather lumbering folklore and Paul Bunyan These yarns often pull your leg so keep a sharp eye Such a collection makes for an encyclopedia of the great cultural achievement of Mainers which has been compared to the Rosetta Stone and the birth of Chaucer But essentially The Jonesport Raffle is a book of the highest humor that will be a source of infinite enjoyment *You Should Start Sooner* John Gould,2019-03-15 For more than six decades John Gould charmed readers of the Christian Science Monitor with his regular column Dispatches from the Farm in which he extolled the virtues of Maine life Gathered here are fifty favorites from among his dispatches comprising a wholesome potpourri of Yankee wit With its zany variety native flavor and good natured needling this collection will warm the hearts of both Down Easters and folks from away **Stitch in Time** John Gould,1985-04-17 If there is reincarnation I m selfish enough to wish that next time around John Gould would come back as a writer again Mark Kramer in the Wall Street Journal In these observations on the inhabitants of his Maine seacoast village Mr Gould addresses important matters For example there is the question of why there are two churches in a town of 800 souls some of whom were atheists It seems that the split between

the two congregations was a matter of both free will and logic The devotional division was caused by the question of whether Balaam's ass spoke or whether Balaam just said his ass spoke There is more wonderfully much more in this joyful journey into the mind and memory of John Gould how giving a child a calf to raise provides top notch instruction in agronomy economics subsistence and merchandising as well as milk in the shoes how lobstermen can communicate without uttering a word or his comment on women's yearning for equality If lovely woman stoops for the folly of equalizing herself with man God's great mistake she deserves what she gets John Gould as everyone knows lives in Friendship Maine He is the author of twenty books most recently his first novel *No Other Place* A Maine writer he is a national treasure *Prospects for Faculty in the Arts and Sciences* William G. Bowen, Julie Ann Sosa, 2014-07-14 This thought provoking study of academic job markets over the next quarter century uses rigorous analysis to project substantial excess demand for faculty starting in the 1997-2002 period Particularly severe imbalances are projected in the humanities and social sciences Contrary to popular impressions however these projected shortages are not caused by any unusual bunching of retirements The authors discussion of factors affecting the outlook for academic employment includes information on changes in the age distributions of faculties trends in enrollment shifts in the popularity of fields of study changes in the faculty student ratio and the continuing increase in the time spent by the typical graduate student in obtaining a doctorate This work will appeal to a broad audience It will be essential reading for those who are responsible for determining the size and character of graduate programs in universities for aspiring academics who are looking for a sense of their job prospects for college and university faculty members and administrators who must recruit new colleagues and for those interested in the federal role in higher education Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Twelve Grindstones* John Gould, 2019-07-26 *Twelve Grindstones* continues the laughter and wisdom the leg pulling and the literate chuckling of John Gould Starting down the road to hilarity there are some old stories and some new stories all of them great stories from the canon of Maine folklore Within are some long and some tall tales about blueberry picking railroading wood buying lobster wars and bootlegging So sit down and put your feet up and prepare for some of the most amusing preposterous and heartwarming tales you've likely heard in a very long time You're in for a treat *Southern Observer*, 1955 *Literary New England* David James Harkness, 1956 *Monstrous Depravity* John Gould, 2021-05-15 John Gould believes that food should consist mostly of good things to eat Here he summons up with a generous garnish of risible anecdote an earlier day when natural foods were the only kind there were and meals were lovingly prepared Recalling simpler days Gould waxes nostalgic about such subjects as

bread coffee and molasses cookies Being of practical mind he even throws in a few mouth tingling recipes from custard pies to clambakes Rounded out with humorous drawings from his old friend F W Saunders this is a truly original take on Yankee cookery **New York Times Saturday Review of Books and Art** ,1973
