Jewish Masculinity in the Holocaust Maddy Carey,2017-10-05 This book explores for the first time the impact of the Holocaust on the gender identities of Jewish men Drawing on historical and sociological arguments it specifically looks at the experiences of men in France Holland Belgium and Poland Jewish Masculinity in the Holocaust starts by examining the gendered environment and ideas of Jewish masculinity during the interwar period and in the run up to the Holocaust The volume then goes on to explore the effect of Nazi persecution on various elements of male gender identity analysing a wide range of sources including diaries and journals written at the time underground ghetto newspapers and numerous memoirs written in the intervening years by survivors Taken together these sources show that Jewish masculinities were severely damaged in the initial phases of persecution particularly because men were unable to perform the gendered roles they expected of themselves More controversially however Maddy Carey also shows that the escalation of the persecution and later enclosure whether through ghettoisation or hiding offered men the opportunity to reassert their masculine identities Finally the book discusses the impact of the Holocaust on the practice of fatherhood and considers its effect on the transmission of masculinity This important study breaks new ground in its coverage of gender and masculinities and is an important text for anyone studying the history of the Holocaust
