## **Finding Faith:**

*Finding Faith* Sharon Gallagher, 2001 As the media portrays it modern Americans live their lives as though God were not part of the picture Yet according to polls two out of five Americans attend church weekly and even more profess belief in God Sharon Gallagher turns her focus on those people who are moving in and out of church attendance telling the stories of the people who in ways both expected and unexpected have come to faith and are willing to talk about their doubts and joys and in doing so shows us how God continues to work in the lives of people today **Finding Faith** Brian D. McLaren, 2000-06-27

Is there a God What might God be like What is the relationship between faith and certainty Can intelligent people believe in spiritual realities Why are there so many religions Is it possible to experience a relationship with God and if so how If you've asked questions like these you're in good company From songwriters such as Bob Dylan and Jewel Kilcher to TV shows such as *The X-Files* and *Touched by an Angel* the media and the arts reflect postmodern men and women's search for a living faith and a spiritually oriented life Real faith isn't blind believism It is a process that engages your intellect as well as your emotions If you think faith requires turning your back on truth and intellectual honesty then *Finding Faith* is one book you really ought to read With logic passion and even handedness that the thinking person will appreciate this book helps you face your obstacles to faith by focusing not on what to believe but on how to believe Whether you want to strengthen the faith you have renew the faith you lost or discover faith for the first time *Finding Faith* can coach inspire encourage and guide you and help you discover more in life than you'd ever imagined or hoped for **Finding Faith Today** Bryan P. Stone, 2018-10-31

How do persons come to faith in our time Are they active seekers or brought in by others Is it a journey Or is it a more sudden conversion Are spouses relatives and friends most important to the process Do clergy matter What sorts of values practices and lifestyles tend to change for those who newly come to faith What are the differences among the various religious traditions in how one comes to faith This book presents the findings of a multi year study on how people come to faith in the US context It involves about 1 800 persons who recently made a new profession of faith or some other public commitment across various religious traditions in the US An initial study was conducted twenty five years ago on Christian populations in England by Bishop John Finney but surprisingly little research has been done since then *Finding Faith Today* is an expansion and follow up of that study The book sheds new light on how people come to faith and what sort of spiritual practical and social changes accompany that The book will be a help to those seeking to open up their communities of faith to others with hospitality and integrity **Finding Faith in Foreign Policy** Gregorio Bettiza, 2019-06-04

*Finding Faith in Foreign Policy* comprehensively investigates how American foreign policymakers have come to think about engage with and manage religion in world politics across a range of domains since the end of the Cold War and in the aftermath of 9 11 Gregorio Bettiza develops an original theoretical framework and draws upon extensive empirical research and interviews in order to explain policymakers attempts to promote international religious freedom deliver aid through faith based channels

fight terrorism by supporting moderate Muslims and Islam and engaging religious actors for the purposes of resolving conflicts and finding solutions to current world crises *Finding Faith in the Face of Doubt* Joseph S. Willis, 2014-04-01 Many Americans say they are uncertain about their religious beliefs although they continue to attend Christian and other churches Interdenominational minister Willis presents this beautifully written book to help questioners maintain their integrity while relating to the vast Mystery that informs the universe beyond all understanding We know we don't know Willis says and yet we all even atheists must stand on assumptions that help us lead good lives To explore these assumptions he discusses different ways of thinking about God scientific and mythical views the sources of good and evil and the need for both freedom and commitment He assures us we can all think reasonably about Ultimate Reality and find a faith that fits The book grew from theology classes Willis taught in Unitarian churches and universities and from conversations with discontented members of other discussion groups His clear and engaging prose is full of lively exchanges with his students Frequent references to the best contemporary theologians Bishop Spong for example and to philosophers physicists mythologists and Bible experts provide an inspiring resource for those who long to resolve the conflict between faith and reason doubt and belief *Finding Faith---A Search for What Makes Sense* Brian D. McLaren, 2009-07-13 Does having faith mean abandoning reason It's easy to get that impression Still it seems reasonable that a supremely intelligent God would want you to use your God-given intellect on your spiritual journey as much as in any other aspect of your life Faith may not stand on rational thinking alone but a solid faith should walk hand in hand with intellectual integrity Does it really matter what I believe What is the relationship between faith and knowledge Why are there so many religions Do all paths lead to the same God This book helps you sort through the questions objections and concerns you can't help but raise *A Search for What Makes Sense* will help you think your way clearly and honestly to answers that satisfy because they're your answers conclusions you've arrived at personally without manipulation coercion or game playing For faith to exist and grow it's got to make sense good sense carefully thought out sense And chances are it does **FINDING FAITH** The Finding Faith books *A Search for What Makes Sense* and *A Search for What Is Real* don't try to tell you what to believe they are guides in learning how to believe If you think the spiritual journey requires turning your back on honesty and intellectual integrity these two companion volumes will speak to both your mind and your soul **Finding Faith** Niki Hershey Knisley, 2019-10-02 Faith Brooks prodigal daughter has returned attempting to put the past year of rebellion behind her Remarkably she's been restored into the loving arms of her family and her old life But past decisions have consequences she is now a mere shell of herself pregnant penniless and heartbroken Choosing her baby's life over Gabe who she thought was her soulmate was the right thing to do yet she cannot easily relinquish her love for him Faith must decide whether to raise her daughter or give her up while struggling to move on without Gabe And what is her true calling now that the hope of a musical career has also been sacrificed She may have crossed the bridge to get back on the right path but she can't help looking back and wondering

if Gabe will ever be part of her life again And if the daughter they created will ever know her father Finding Faith the second in the Faith Brooks Series is a story of overcoming Faith proves what the love of family friends and especially God can do for one who feels hopeless and defeated It is inspirational thought provoking and evidence of the power of a faith based life

*Chasing Proof, Finding Faith* Tom Rudelius,2023-08 He had science and an Ivy League pedigree why did he need God Immersed in his physics studies at Cornell Tom Rudelius never thought much about God until his brother a new convert to Christianity challenged him to explore faith To placate his twin he reluctantly began exploring the Bible and the life of Jesus Seeking proof of God s existence he found himself in a world of uncertainty faced with plenty of reasons for both faith and doubt In Chasing Proof Finding Faith Tom now a rising young theoretical physicist traces his journey to unexpected faith through subsequent doubt and anxiety and ultimately to a firmer life transforming allegiance to Jesus Along the way he explores some of the issues he wrestled with including Creation and cosmic origins The problem of evil and suffering The compatibility of miracles with science and the plausibility of Jesus resurrection The reliability of the Bible While Tom never found absolute proof of God or Christianity he ultimately concluded that the existing evidence for both is compelling and compatible with science His searingly honest story is a potent guide for those doubting or exploring faith *Finding*

*Faith---A Search for What Is Real* Brian D. McLaren,2009-07-13 There have been times when you ve felt that if there isn t a God there ought to be Swept up in the mystery of the night sky you ve felt the closeness of its designer Nature s extravagant diversity unfolding in living color has made you long to know the artist who dreamed it all up Imagine what that might be like to actually know God in a way that fills your heart and whispers tremendous value and purpose to something deep within you But how can you experience a being you re not even sure exists Religious jargon and games can t satisfy such a longing It s got to be real or nothing at all A Search for What Is Real helps you sort through the questions objections and concerns that arise when you consider God not as some theological abstraction but as someone you can actually connect with and want to connect with perhaps more than you know FINDING FAITH The Finding Faith books A Search for What Makes Sense and A Search for What Is Real don t try to tell you what to believe they are guides in learning how to believe If you think the spiritual journey requires turning your back on honesty and intellectual integrity these two companion volumes will speak to both your mind and your soul *Finding Faith Today* Bryan P. Stone,2018-10-31 How do persons come to faith in our time

Are they active seekers or brought in by others Is it a journey Or is it a more sudden conversion Are spouses relatives and friends most important to the process Do clergy matter What sorts of values practices and lifestyles tend to change for those who newly come to faith What are the differences among the various religious traditions in how one comes to faith This book presents the findings of a multi year study on how people come to faith in the US context It involves about 1 800 persons who recently made a new profession of faith or some other public commitment across various religious traditions in the US An initial study was conducted twenty five years ago on Christian populations in England by Bishop John Finney but surprisingly

little research has been done since then Finding Faith Today is an expansion and follow up of that study The book sheds new light on how people come to faith and what sort of spiritual practical and social changes accompany that The book will be a help to those seeking to open up their communities of faith to others with hospitality and integrity **Finding Our Way Again** Brian D. McLaren, 2008-05-04 Shines a practical light on the spiritual disciplines that have been in use since the time of Abraham In a sense every day of our lives is labor It is questionable if you can ever be exactly the same person waking up on two consecutive days How are spiritual sojourners to cope with the constant change Many are beginning to explore the ancient Christian spiritual practices that have been in use for centuries everything from fixed hour prayer to fasting to sincere observance of the Sabbath What is causing this hunger for deeper spirituality Brian McLaren guides us on this quest for an explanation of these spiritual practices many of which go all the way back to Abraham and the establishment of Israel In the midst of contemporary Christianity we discover the beauty of these ancient disciplines and the transformation through Christ that each can provide Why have certain spiritual disciplines been in use for centuries and why is it important It is questionable if one can ever be exactly the same person waking up on two consecutive days How are spiritual sojourners to cope with the constant change Many are beginning to explore the ancient Christian spiritual practices such as fixed hour prayer fasting and sincere observance of the Sabbath What is causing this hunger for deeper spirituality Brian McLaren guides us on this quest for an explanation of these spiritual practices many of which go all the way back to Abraham and the establishment of Israel In the midst of contemporary Christianity we discover the beauty of these disciplines and the transformation through Christ that each can provide **Personality and Personal Growth** Allan Wagner, 2012-03-03 Do you ever feel as though your life simply isn't going the way you would like Are there issues in your life that are holding you back While many people would love to be happier and more mentally healthy they simply don't know how to achieve the broad picture Everything you need to know about personal growth is included in this special report how to achieve personal growth through education how to feel good even if you are away from home how to find personal growth through exercise how to deal with loss how to deal with growth and death how to use seminars for personal growth and much much more

To Teach the Truth Schubert M. Ogden, 2015-03-31 But will it teach The only good answer to this question often asked about a Christian theology is to teach it which is to say to teach according to it to what it indicates reflectively and critically valid Christian teaching ought to be This volume of selected courses and seminars documents a career long attempt to do exactly that Concerned at once to be faithful to the Christian witness and to speak intelligibly and credibly to women and men here and now it represents the way of doing church teaching and so clarifying the meaning of the Christian commitment that is of a piece with the distinctive way of doing Christian theology set forth and argued for in Schubert Ogden's other books and articles This is why the courses and seminars seek to address the real questions of persons about being a Christian today and include extended treatment of such basic issues as the authority of Scripture and the credibility of the Apostles

Creed It is also why each of them in its way indirectly calls for a Christian decision Thus together with its companion volume To Preach the Truth this book offers a model for bearing witness to the truth as Christians understand it     **Seeking Enlightenment... Hat by Hat** Nevada Barr,2004-06-01 A refreshingly honest spiritual exploration from the New York Times bestselling author of the Anna Pigeon novels Actor adventuress seeker of truth and author of the New York Times bestselling Anna Pigeon mystery series Nevada Barr beckons readers to share her spiritual search for meaning in life Hat by hat step by step Barr leads readers down her path to enlightenment by sharing personal episodes some of them funny and revealing others painfully honest Each chapter offers a truth or an answer forged through experience and deep reflection and a nugget of insight certain to encourage thought and discussion among readers who may in turn find their own spiritual language

**Finding Faith** John Simmons,2015-10-22 Our sin nature is designed to talk us out of Gods promises To separate ourselves from our sin nature and follow the path God laid out for our lives we will need to rely on faith Finding Faith will share the keys of faith we need to use to unlock all of Gods promises for our lives Finding Faith is a guide to equip us with the knowledge and understanding of how God designed faith as a tool we can use to change the future of our lives Faith is special to God and it is the only currency we have to see His will done in our lives When we find faith for Gods will to be done in our lives we will not be worried about our circumstances because we are so confident in God to take care of all our troubles In Finding Faith John Simmons uses scripture and his engaging testimony to lay out a foundation for understanding the concepts of faith John also outlines practical application that we can use today to mature in our faith Finding Faith will answer all the basic questions about faith but goes onto explore how Our level of faith is measured by how we see our future We will find joy in our lives when we find faith The faith we learn from our relationships will increase our faith in God To overcome adversity doubt and our past through faith To recognize if we are walking in faith God answers our faithful prayers and much more     **Finding My Way** Gayle Bradshaw,2018-05-29 This book is about my life s journey I have come a long way and I am excited to share it I struggle with post traumatic stress disorder and major depression I have learned I can trust God in any circumstance Though it has cost a lot it has paid dividends of love and acceptance I have found hope and peace I choose to believe in God and I choose to believe in life If I hold on to faith there is always hope Nothing is impossible

In my writing I have found purpose I am thankful for this opportunity to speak my heart I m finding my way     **Cries from the Wilderness** David Pocta,2023-12-06 One of the most prevalent challenges in contemporary Christianity is navigating the relationship between the individual and their faith community when the Christian enters spiritually challenging times periods of aridity misunderstanding suffering or darkness This problem is amplified because of the growing angst that many feel with organized religion When loyalty to the church gets tested during a personal faith crisis or honest intellectual query many leave disenchanted claiming a desire to be spiritual but not religious Cries from the Wilderness Reimagining Church Culture in an Age of Uncertainty explores the memoirs of three contemporary sojourners Rachel Held Evans David Gushee and Macy

Halford asking What postures were common in his or her journey that helped them navigate their spiritual wilderness David Poeta then argues that a primary problem is that many faith communities rarely see themselves in the spiritual wilderness The author s contention is that spiritual communities are often ill equipped to nurture the spiritual life of disoriented or questioning Christians By acknowledging their own spiritual journey and drawing lessons from healthy wilderness postures they would be better positioned to transform and mature their community while creating a nurturing environment for individual sojourners

**Finding Faith Within** Aniysa Raiford,2021-07-22 You may be in the crossroads between having little faith and then having no faith at all To be honest we ve all been there I m no different Life teaches you a lot of things and that s to just keep living It seems easier said than done but by my own testimony I ve been living a life that s not my own What if I told you that the sum of your life that you re living the good the bad and the ugly is all surrounded around your faith Your faith is what is sustaining you even at this moment Even when you re not feeling good enough It s your faith within that s keeping you This book is set up as a reminder to you to know that you can still make it by just believing and knowing of the faith that s within you I m able to share my testimony of how faith has literally guided my entire life It s the faith that I barely grabbed on that has guided me sustained me and I want to share those moments with you This book is hope to help you live a life that is dedicated to trusting God Look at my life and the things that I ve been through and know that you can make it too No more excuses as to why you have little faith Exercise that faith and put it into action It s my job to encourage and motivate you through my life experiences that you will get up and live your life knowing that you have FAITH WITHIN

*Finding Faith That Overcomes* Courtney Cohen,2017-06-17 Often we think of faith as something only the super spiritual person has Something beyond our realities and personal experiences We read about the characters in the Bible and struggle to believe that these giants of the faith were actually normal men and women In this seven day devotional we will look through the eyes of seven people individuals who faced incredible odds lived imperfectly yet trusted in a perfect God We will dive into their world and ask ourselves questions that will spark a growth in our own faith

**Seeking A Better Country** Donald MacLean,2016 Donald MacLean takes us through the 11th chapter of the Epistle to the Hebrews He shows what faith is and what it looks like in action He draws out the theological and practical significance of the lives of Old Testament heroes of the faith from Abel to Sarah to Joseph This book will support and motivate today s believers as they too walk on towards the heavenly country
