Finding Money For Your Small Business:

Finding Money - the Small Business Guide to Financing Kate Lister, Tom Harnish, 2010-04-17 Finding money is an art you can learn. You can learn who has money, how they operate, and how you can convince them to lend or invest in your business. This book will answer your questions about what kinds of loans, grants, and other financing are available. How much money should I borrow or raise? What kind of small business loans or investment am I likely to qualify for? How do I prepare a business loan application or investment prospectus? How do I prepare a cash flow proforma? How do I go about finding venture capital or angel investors? What can I do to bootstrap my business if I can't find a lender or investor? If you're an entrepreneur starting a business, planning a home-based business, or running a fast-growing firm, *Finding Money* will help you finance your dream. One of the best books I've ever read on the subject. David Thornburgh, Director, Wharton Small Business Development Center
