Love that Lasts Vera Sonja Maass,2012-03-08 Why do people find themselves repeatedly single when they are desperately searching for the perfect soul mate with whom to share their future lives In their determination to find the perfect partner individuals perception is less than accurate when blinded by emotions expectations or wishful thinking Consequently having made decisions based on incomplete information all too often people find themselves once again at the breakup of what had seemed to be a promising relationship The time has come for dispelling the notion that love is blind and for exploring paths that have a more promising outlook for happy endings paths that include the wisdom of knowing oneself and the willingness to face prospective partners with open eyes and an inquiring mind before considering any commitment Finding Love that Lasts is not a book about saving or improving relationships rather it is a book about the often unfortunate combinations of partners deciding to commit to each other for significant parts of their lives and the ways in which people can break the patterns that cause them to seek out similar partners and relationships that are often doomed to fail Here Maass explains why people repeat the patterns that cause them to end up in failed relationships Case histories from patients volunteers from the general community and participants in personal growth groups help offer insight into the negative patterns people commonly repeat in their search for lasting love and companionship Readers will come away from this book with a better understanding of those patterns how to recognize and break them and how to move forward to healthier and more rewarding relationships **Are You Made for Each Other?** Barbara Pease,Allan Pease,2007-12-18 Put your partner to the test and find out just how well you know one another After more than thirty years of research into how relationships work and where they often go wrong Allan and Barbara Pease devised this clever quiz book to help you determine how compatible you and your partner are The special quizzes to be taken by yourself and with your partner will help you clear up common misunderstandings and communicate better A unique blend of in depth research witty insight into human nature and humor Are You Made For Each Other will help your relationship and make you laugh as you learn *Searching for God, Finding*

Love Teresa Leshar,2024-02-09 Searching for God not only offers an inspiring emotional insight to the author s journey to and through Islam it beautifully maps out Islamic principles in an understandable and relatable way Truly a five star read Ameena Blake Muslim scholar UK A story of a Christian who always carried Islam unknowingly in her heart until she finally discovered it then artistically crafted her experience with a feather Rarely does a book touch my heart and inspire me like that Fadel Soliman Bridges Translation of the Ten Qira at of the Noble Quran One of my earliest memories is of contemplating God I was a freckle faced girl of five sitting quietly in catechism class when the teacher casually said God is bigger than everything The words hit me like a blast force The classroom disappeared the teacher s voice muted and I

gasped at the revelation Bigger than the tallest tree in the yard Bigger than a mountain Bigger than the world The enormity of God impressed me but I couldn't help wondering If He is bigger than anything where is He In this inspirational memoir Teresa Leshner shares her search for God She explores factors that have made her who she is as well as influencers who shape who she aspires to be and who lead her in her quest for the Divine She dissects basic concepts that have been essential for her understanding of God as well as paradigms that shape her experience of Him She shares her journey along the Divine Path and closer to Divine Presence through expressions of submission to Him This quest for God takes her to her innermost self and ends with a discovery of life an understanding of love and a commitment to truth Finding Love in a Mailbox Tylia L. Flores, 2025-04-17 In the heart of Fort Lauderdale Florida in the vibrant year of 2001 Tayler McKenna's life takes an unexpected turn Her world once brimming with the promise of a future with her fiancé Ezekiel shatters when she discovers his betrayal The pain of this betrayal cuts deep leaving Tayler questioning her faith and her ability to trust again Seeking solace and a sense of spiritual grounding Tayler finds herself drawn to her local church's penpal program It's there in the quiet solitude of letter writing that she encounters Mickey McAllister a young man bound to a wheelchair after a tragic accident Sharing a deep faith and a common desire for healing Tayler and Mickey begin to form a bond that transcends the physical limitations of their lives Through the exchange of heartfelt letters Tayler and Mickey embark on a journey of self-discovery forgiveness and the rediscovery of love Their letters become a lifeline a sanctuary where they can share their vulnerabilities confront their fears and seek solace in the shared understanding of their faith Finding Love in the Mailbox is more than just a love story It's a testament to the power of human connection the beauty of forgiveness and the enduring strength of faith It's a story that reminds us that love can bloom in the most unexpected places offering hope and healing even in the darkest of times *Souls Who Meet Each Other* Patrizia Luraschi, 2022-12-21 When we speak of Souls meeting we refer to that particular interconnectedness that binds two or more souls with one purpose in life that of meeting and evolving together along the path of spiritual evolution The Twin Souls are stimulated and helped in the path of spiritual growth one comes to the rescue of the other precisely because in the first place they have so many goals to achieve in their life together create their existence as a couple as a family and as people who will give a good example to their friends and to all those around them We live in the Age of Awareness and everything that happens has its own reason of being nothing belongs to chance therefore our reunions our meetings also belong to this For example the question many people ask is Why do Soul Mates exist Surely the Twin Souls are not an invention of who knows who but they are actually a reality concerning Being understood as a spiritual being of course We can define our soul as complete but we are on this planet life after life with certain characteristics that affect the person so the affinity that fits between the Twin Souls helps them in their relationship But not only does affinity become part of these two people there must also be a common reality about everything that concerns them and what follows A meeting between Twin Souls is that moment in which an individual becomes aware

that the known person is an important and fundamental part of his existence Then there is chemistry between two people and in the chapter we will explain this chemistry in what it consists how it is born and what it creates between two souls that meet Physical attraction only You will read it I will also bring to your knowledge The Mental love a kind of love that is born as an attraction between two souls who respect each other working together in their relationship Knowledge of the soul amalgamated with many aspects that will be alive for life Something very different from the Soul mates who attract feel for eternity Here is a real and mutual love lived during this life **Walking Each Other Home** Peter C. Wilcox,2017-05-23 The English writer G K Chesterton once wrote Nothing taken for granted everything received with gratitude everything passed on with grace These reflections are the author s effort as an older father to pass on to his daughter with grace what he believes is truly important in life When his daughter was young he used to tell her that his constant prayer was to live long enough so that I can get you raised Thankfully that prayer has been answered But parenting is a life long process that evolves as we and our children grow older Through the years Dr Wilcox has discovered that being an older father has advantages and disadvantages If age gives one more life experience and wisdom then hopefully these reflections will be a way that he can share his life and wisdom with her and others Throughout thirty years as a psychotherapist and spiritual director Dr Wilcox counseled many fathers who were genuinely trying to be good parents This book is intended to help fathers influence in a positive way the life choices their daughters will make It is an invitation to explore how we can continue to help our daughters grow spiritually and psychologically into the person God is calling them to become Made for Each Other Ronald M.
