Basil Pennington, Thomas Keating, Thomas E. Clarke, 2014-05-08 A new edition of the classic that helped launch the Centering Prayer movement Centering Prayer is a precious part of the ancient spiritual traditions of the West When Finding Grace at the Center was first published in 1978 people all over the world welcomed this practical guide to a simple and beautiful form of meditative prayer Reflections and advice on Centering Prayer's possibilities and its pitfalls are presented with clarity and simplicity with a vision of the deeper life of the soul that contemplative prayer can bring about Now with a new foreword by Rev Cynthia Bourgeault PhD another generation will discover the amazing difference Centering Prayer can make in their lives *John of the Cross* Sam Hole, 2020-11-19 Through the dark night of the soul to the depiction of the erotically charged union of the soul and God the poetry and prose works of the Spanish friar John of the Cross 1542-1591 offer a striking account of the transformation of the individual in the course of the Christian life John of the Cross *Desire Transformation and Selfhood* argues that these writings are animated by John's own creative and subtly conceptualized notion of erotic desire John's understanding of desire has the potential to enrich recent theological discussion of the subject but it has been curiously neglected in past scholarship To correct this lacuna this study undertakes a detailed historical analysis in three parts Firstly it attends to the patristic medieval and sixteenth century Spanish influences on John's writings showing how John reworks a long tradition of biblical Christian and Platonic reflection on the concept Secondly it traces the importance of desire through John's writings demonstrating how he develops the theme through his poetry his anthropology of the soul and his account of the spiritual

ascent Thirdly it explores the reception of his writings in the twentieth century demonstrating how particular modern philosophical and theological commitments have prevented scholars from recognising the rich and distinctive shape of John's theological vision John's account of the transformation of the self with its hopeful vision of the graced transformation of the soul's desires has significance beyond the constrained modern categories of systematic theology Christian spirituality pastoral theology and mysticism it is a vision that is worthy of recovery today The Way of a Pilgrim ,2001 Following this Russian pilgrim is the path to discovering an ancient method of prayer The prayer of the heart is a spiritual practice that produces joy inner peace and a heart brimming over with love for all creation This delightful account is the story of one man who sets out to learn the prayer of the heart also known as the Jesus prayer and how the practice transforms his existence Its anonymous author was one of the wandering pilgrims who were a regular feature of the Russian countryside from medieval times up until the early twentieth century Through his eyes we get a charming look at rural life in nineteenth century Russia and with him we discover the secret to putting into practice the words of St Paul Pray without ceasing This SkyLight Illuminations edition guides you through an abridged version of the text with facing page annotation explaining all the names terms and references for you Including a glossary of terms as well as an annotated list of other resources it provides interesting facts demystifies theological language and brings the text beautifully to life **Running—The Sacred Art** Dr. Warren A.
