so lucky parents and students this could easily drag out to 5 7 years If you don't have the money to throw at this cash eating monster you are going to have to borrow the money through student loans second mortgages or dip into your retirement savings Or you can simply tell your student that the only way they are going to college is to get student loans or to go to a community college and start with an AA degree There are billions of dollars of free money scholarships and grants available to all college bound high school students The problem is that most parents are too busy living their lives raising their families and earning a living to take the time and expertise to find out where all this money is and how to get it This is where this book can help you If you are sincerely interested in sending your kids to the top colleges in America for pennies on the dollar please read this book right away and be prepared to learn ways you can get free money scholarships and grants to cover the costs and which colleges and universities are most likely to give your student money to attend their school
