Findings Readings For Critical Writing:

Findings Lewis Meyers,1996 **Critical Reading in Higher Education** Karen Manarin,Miriam Carey,Melanie Rathburn,Glen Ryland,2015-12-15 Faculty often worry that students can't or won't read critically a foundational skill for success in academic and professional endeavors Critical reading refers both to reading for academic purposes and reading for social engagement This volume is based on collaborative multidisciplinary research into how students read in first year courses in subjects ranging from scientific literacy through composition The authors discovered the good students can read the bad students are not reading for social engagement and the ugly class assignments may be setting students up for failure and they offer strategies that can better engage students and provide more meaningful reading experiences *Findings* Lewis Meyers,1996 A diverse anthology of essays short stories and poems Findings is designed for composition classes that emphasize reading writing and thinking as inextricably linked functions of the inquiring mind Each thematic part begins with an orienting introduction followed by the readings Three brief primary texts first provide different perspectives on the theme then roughly 20 selections follow each introduced by a biographical sketch of its author **Real Essays with Readings** Susan Anker,2011-12-28 Real Essays delivers the powerful message that good writing thinking and reading skills are both essential and achievable From the inspiring stories told by former students in Profiles of Success to the practical strategies for community involvement in the new Community Connections Real Essays helps students to connect the writing class with their real lives and with the expectations of the larger world So that students don't get overwhelmed the book focuses first on the most important things in each area such as the Four Most Serious Errors in grammar the Four Basics of each rhetorical strategy and the academic skills of summary analysis and synthesis Read the preface *The Case for Critical Literacy* Alice S. Horning,2024-08-15 The Case for Critical Literacy explores the history of reading within writing studies and lays the foundation for understanding the impact of this critical yet often untaught skill Every measure of students reading comprehension whether digital or analog demonstrates that between 50 and 80 percent of students are unable to capture the substance of a full discussion or evaluate material for authority accuracy currency relevancy appropriateness and bias This book examines how college level instruction reached this point and provides pedagogical strategies that writing instructors and teachers can use to address the problem Alice Horning makes the case for the importance of critical reading in the teaching of writing with intentionality and imagination while sharing glimpses of her own personal history with reading and writing Horning provides the context for understanding what college faculty face in their classrooms and offers a history of critical literacy that explains why to date it has mostly neglected or ignored the diverse statuses of students reading challenges The Case for Critical Literacy explores actionable options to better meet students literacy needs College and university faculty especially writing instructors will benefit from an understanding of what has happened in the field and what needs to change ICHSS 2021 Herman J Waluyo,Sarwiji Suwandi,Heru Kurniawan,2022-10-10 The International

Conference of Humanities and Social Science ICHSS 2021 aims to encourage and provide opportunities for researchers and academics to exchange views and opinions answer and debate policy relevant issues and produce academic research outputs on important topics language ICHSS is an Indonesian Language Education Doctoral Program Alumni Association program Sebelas Maret University Surakarta The basic idea to encourage research in the linguistic sciences is to have maximum research impact on education culture social arts and humanities language and literature religion gender and children and literacy It also aims to improve coordination between academics scholars stakeholders and policymakers
