*The Finger of God* Allan Boesak, 1979      *The Finger of God* Allan Boesak, 1982      *Preaching the Manifold Grace of God, Volume 1* Ronald J. Allen, 2022-06-08 *Preaching the Manifold Grace of God* is a two volume work describing theologies of preaching from the historical and contemporary periods Volume 1 focuses on historical theological families Orthodox Roman Catholic Lutheran Reformed Anabaptist Anglican Episcopal Wesleyan Baptist African American Stone Campbell Friends and Pentecostal Volume 2 focuses on families that are evangelical liberal neo orthodox postliberal existential radical orthodox deconstructionist Black liberation womanist Latinx liberation Mujerista Asian American Asian American feminist LGBTQAI Indigenous postcolonial and process In each case the author describes the circumstances in which the theological family emerged and describes the purposes and characteristics of preaching from that perspective      *Theology and the (post)apartheid condition* Rian Venter, 2016-12-01 Knowledge transmission and generation belong to the core mission of the public university In democratic South Africa the transformation of these processes and practices in higher education has become an urgent and contested task The Faculty of Theology at the University of the Free State has already done some original work on the implications of these for theology One area of investigation that has not yet received due attention concerns the role of theological disciplines and especially the relation between academic disciplines and societal dynamics This research project addresses the challenge and this volume reflects the intellectual endeavour of lectures research fellows and a post graduate student associated with the faculty Each theological discipline has its own history and has already experienced reconstruction both globally and in South Africa Some of these genealogical developments and re envisioning are mapped by the contributions in this volume The critical questions addressed are what are the contours of the post apartheid condition and what are the implications for responsible disciplinary practices in theology The chapters convey an impression of the vitality of theology at the University of the Free State and in South Africa and give expression to fundamental shifts that have taken place in theological disciplines and also of future tasks This research project aims to stimulate reflection on responsible and innovative disciplinary practices of theology in South Africa which we envisage will contribute to social justice and human flourishing Rian Venter University of the Free State      **Black Theology--Essays on Global Perspectives** Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs *Black Theology Essays on Global Perspectives* bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining

of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures *Proverbs and Ecclesiastes* Amy Plantinga-Pauw,2015-03-18 In this new volume in the Belief series Amy Plantinga Pauw reveals how the biblical books of Proverbs and Ecclesiastes while often overlooked are surprisingly relevant for Christian faith today Both biblical books probe everyday human experiences They speak to those who seek meaning and purpose in an uncertain world and encourage us to look for God s presence in human life not in divine visions or messages They show openness to wisdom insights from many sources urging us to find the commonalities and connections of our wisdom with those of our religious neighbors Ultimately these books affirm that true wisdom whatever its human source comes from God Pauw includes reflections for preaching and teaching throughout her study *Festschrift in honour of Allan Boesak* Charles Daniel Flaendorp,Nathan Carolus Philander,Mary Anne Plaatjies van Huffel,2016-10-10 Allan Aubrey Boesak renowned theologian anti apartheid activist and politician turned 70 on 23 February 2016 and in his honour a number of his friends colleagues and students contributed to this festschrift These essays can be regarded as academic commentary impressionistic overviews or brief notes on the life and work of Allan Boesak For much of his public life Boesak has been a controversial figure for the politically oppressed during the apartheid years he represented their anger and resistance for the politically dominant he was an irritant a troublesome preacher The contributors write with unconcealed admiration about Boesak s theological and political activism leadership eloquence and intelligence His life and his formation as a black liberation theologian are recounted often framed by the contributor s view of his prophetic calling **Essays on Being Reformed** Dirkie Smit,2009-12-01 What does it mean to be Reformed Christians in the world today and in Africa and South Africa What does it mean to commemorate the legacy of John Calvin 1509 1564 after 500 years in a modern world characterised by democracy by popular notions of human dignity and human rights by worldwide struggles for individual freedoms and for social justice by a global economy in crisis when social historians argue about the lasting contribution of Calvin and his followers precisely with respect to all these modern phenomena The 28 essays by Dirkie Smit selected for this volume deal with such questions **A Chorus of Witnesses** Thomas G.
