Theology Tom Steffen, Ray Neu, 2024-02-21 Character Theology provides a natural universal way for the world to engage
God through his chosen cast of characters As the media eras continue to change oral to print to digital virtual too many Bible
scholars and consequently pastors and Bible teachers in the West and beyond lack capability to effectively communicate
Scripture to Millennials Gen Z and Gen Alpha These generations find little if any relevance in the Christianity promoted by
those stuck in modernity's sticky abstract systematic theology Character Theology relates sticks and transforms these
generations Why Because people grasp and engage God most naturally and precisely through his interaction with biblical
characters and their interaction with each other Characters communicate the Creator's characteristics The roadmap to the
recovery and expansion of Christianity in the twenty first century will be through Bible characters *CSB Apologetics Study*
