Raschke, 1996 Covering a wealth of authors and literature from Baudrillard to Foucault from Freud to Lacan from Plato to Heidegger from the study of women's fashion to Girardian perspectives on the sacrificial victim *Fire and Roses* shows that the postmodern theme is something much more than the play of disconnection and diversity Postmodernism is in fact a kind of epistemology of the somatic remainder that has been the stranger in the house of Western thought

*Fire and Roses* Carl A. Raschke, 1996-01-01 Interprets postmodernity in relation to the body the somatological a priori and applies current critical theory to issues of gender popular culture fashion and magic as well as the Western philosophical theological tradition

**A Centre of Wonders** Janet Moore Lindman, Michele Lise Tarter, 2018-05-31 Images of bodies and bodily practices abound in early America from spirit possession Fasting Days and infanticide to running the gauntlet going naked as a sign flogging bundling and scalping All have implications for the study of gender sexuality masculinity illness the body politic spirituality race and slavery The first book devoted solely to the history and theory of the body in early American cultural studies brings together authors representing diverse academic disciplines Drawing on a wide range of

archival sources including itinerant ministers journals Revolutionary tracts and broadsides advice manuals and household inventories they approach the theoretical analysis of the body in exciting new ways A Centre of Wonders covers such varied topics as dance and movement among Native Americans invading witch bodies in architecture and household spaces rituals of baptism conversion and church discipline eighteenth century women s journaling and the body as a rhetorical device in the language of diplomacy Open Secret Elliot R. Wolfson, 2012 Menachem Mendel Schneerson 1902-1994 was the seventh and seemingly last Rebbe of the Habad Lubavitch dynasty Marked by conflicting tendencies Schneerson was a radical messianic visionary who promoted a conservative political agenda a reclusive contemplative who built a Hasidic sect into an international movement and a man dedicated to the exposition of mysteries who nevertheless harbored many secrets Schneerson astutely masked views that might be deemed heterodox by the canons of orthodoxy while engineering a fundamentalist ideology that could subvert traditional gender hierarchy the halakhic distinction between permissible and forbidden and the social anthropological division between Jew and Gentile While most literature on the Rebbe focuses on whether or not he identified with the role of Messiah Elliot R. Wolfson a leading scholar of Jewish mysticism and the phenomenology of religious experience concentrates instead on Schneerson s apocalyptic sensibility and his promotion of a mystical consciousness that undermines all discrimination For Schneerson the ploy of secrecy is crucial to the dissemination of the messianic secret To be enlightened messianically is to be delivered from all conceptual limitations even the very notion of becoming emancipated from limitation The ultimate liberation or true and complete redemption fuses the believer into an infinite essence beyond all duality even the duality of being emancipated and not emancipated an emancipation in other words that emancipates one from the bind of emancipation At its deepest level Schneerson s eschatological orientation discerned that a spiritual master if he be true must dispose of the mask of mastery Situating Habad s thought within the evolution of kabbalistic mysticism the history of Western philosophy and Mahayana Buddhism Wolfson articulates Schneerson s rich theology and profound philosophy concentrating on the nature of apophatic embodiment semiotic materiality hypernomian transvaluation nondifferentiated alterity and atemporal temporality *A Transatlantic Political Theology of Psychedelic Aesthetics* Roger K. Green, 2019-04-02 Arguing that we ought to look to the psychedelic aesthetics of the 1960s in relation to current crises in liberal democracy this book emphasizes the intersection of European thought and the psychedelic The first half of the book focuses on philosophical influences of Herbert Marcuse and Antonin Artaud while the second half shifts toward literary and theoretical influences of Aldous Huxley on psychedelic aesthetics Framed within an emergent discourse of political theology it suggests that taking a postsecular approach to psychedelic aesthetics helps us understand deeper connections between aesthetics and politics **A Theology of the Sublime** Clayton Crockett, 2002-01-04 A Theology of the Sublime is the first major response to the influential and controversial Radical Orthodoxy movement Clayton Crockett develops a constructive radical theology from the philosophy of Immanuel Kant a

philosophy attacked by Radical Orthodoxy to show Kant's relevance to postmodern philosophy and contemporary theology

*Faith and Reason* Steve Wilkens, 2014-06-10 Steve Wilkens edits a debate between three different understandings of the relationship between faith and reason between theology and philosophy The three views include Faith and Philosophy in Tension Faith Seeking Understanding and the Thomistic Synthesis This introduction to a timeless quandary is an essential resource for students

**Heidegger and the Quest for the Sacred** F. Schalow, 2013-06-29 Although there are various religious traces in Heidegger's philosophy little effort has been made to show the systematic import which his thinking has for outlining a full range of religious and theological questions Precisely because his thought is opposed to the construction of any dogma his vast writings provide clues to what meanings the Sacred and the Divine may have in a postmodern age where the very possibility of faith hangs in the balance By showing how Heidegger's own thinking can be interpreted as a struggle to come to terms with religious questions this book undertakes a postmodern investigation of the Sacred which both draws upon and transcends various world religions and denominations A postmodern non sectarian vision of the Sacred thereby becomes possible which is open to the plurality of religious experiences on the one hand and yet affirms on the other Heidegger's emphasis in *Beiträge zur Philosophie* on the last god as the displacing of all sectarian visions of god This book will have special appeal to Heidegger scholars as well as students interested in the overlap between phenomenology and philosophical theology

**The Next Reformation** Carl Raschke, 2004-11 Demonstrates how to reconcile postmodernism with Christian faith
