Fire Up For Learning Active Learning Projects And Activities To Motivate And Challenge Students:

Fire Up! for Learning Randy Thompson,Dorothy VanderJagt,2002-03-26 All students have had teachers that they loved and whose classes they enjoyed so much that the students could not wait to get to class Meaningful and challenging classes and teachers motivate students by keeping them actively engaged in education through their creative activities The goal of Fire Up For Learning is to help teachers fire up their classes with activities that will engage students in the learning process Some of the 50 creative and challenging activities included are Super Student Brain Benders The Team Puzzle and The Great Houdini With these challenging and fun activities both students and teachers will find themselves eagerly anticipating their next class

Day One and Beyond Rick Wormeli,2023-10-10 Your teacher training may have provided sound theory and a collection of instructional techniques but it is often the practical details that can make day to day survival difficult in your first days weeks and years of teaching For new teachers or those just new to the middle school environment here is an invaluable resource from the author of Meet Me in the Middle that will help you walk in the door prepared to teach Oriented toward the unique experience of teaching grades 5 through 9 Day One and Beyond delivers proven best practices along with often humorous observations that provide a window into the middle school environment Based on his many years of research and experience in the middle school classroom Rick offers frontline advice on practical survival matters such as what to do the first day and week setting up the grade book and other record keeping and what to do if you only have one computer in the classroom classroom management including discipline getting students attention and roving classrooms social issues like the unique nature of middle level students relating to students and positive relations with parents professional concerns from collegiality with teammates to professional resources all middle level teachers should have Content and instruction are important but so are the practical matters that enable sound teaching practice Day One and Beyond shows middle level teachers how to manage the physical and emotional aspects of their unique environment so they can do what they've been trained to do successfully teach young adolescents

Strained and Drained Connie Hamilton,Dorothy VanderJagt,2022-05-09 Teaching is not a job it is a passion Caring and compassionate educators will stop at nothing to be sure their students have everything they need to flourish As teaching demands increase the attention teachers give to their own needs is often sacrificed The pressures of teaching are forcing educators to choose between what they love to do and their own well being The levels of stress are so high that teacher shortages are considered a crisis in the United States Authors Connie Hamilton and Dorothy VanderJagt share an alternative They believe it is possible to be a highly effective teacher and focus on yourself Strained and Drained Tools for Overworked Teachers describes five areas of wellness and offers realistic and practical ways that teachers can create habits to support each one You'll find effective ways to take care of YOU both in and out of the classroom Wellness is not an isolated activity it is a way of life and requires a mindset that values and prioritizes it The strategies you gain from this book will support your physical emotional social cognitive and
