**Fire Without Fuel** Baba Hari Dass, 2020-05-10 It is interesting that this book came about almost by accident Someone gave Baba Hari Dass an attractive blank book with a brocade cover and he started filling it When he had a few spare moments he would write a page or two just as ideas presented themselves to him Thus it grew with no particular order over a year s time Fire Without Fuel with minimal editing and organization into chapters is the result a collection of aphorisms plus commentary

The Refutation of the Self in Indian Buddhism James Duerlinger, 2013-02-15 Since the Buddha did not fully explain the theory of persons that underlies his teaching in later centuries a number of different interpretations were developed This book presents the interpretation by the celebrated Indian Buddhist philosopher Candrak rti ca 570 650 C E Candrak rti s fullest statement of the theory is included in his Autocommentary on the Introduction to the Middle Way Madhyamak vat rabhasya which is along with his Introduction to the Middle Way Madhyamak vat ra among the central treatises that present the Pr savgika account of the Madhyamaka Middle Way philosophy In this book Candrak rti s most complete statement of his theory of persons is translated and provided with an introduction and commentary that present a careful philosophical analysis of Candrak rti s account of the selflessness of persons This analysis is both philologically precise and analytically sophisticated The book is of interest to scholars of Buddhism generally and especially to scholars of Indian Buddhist philosophy

Ocean of Reasoning Tsong-kha-pa Blo-bzang-grags-pa, 2006-04-20 Tsong kha pa 14th

century is arguably the most important and influential philosopher in Tibetan history An Ocean of Reasoning is the most extensive and perhaps the deepest extant commentary on Nagarjuna's Mulamadhyamakakarika Fundamental Wisdom of the Middle Way and it can be argued that it is impossible to discuss Nagarjuna's work in an informed way without consulting it It discusses alternative readings of the text and prior commentaries and provides a detailed exegesis constituting a systematic presentation of Madhyamaka Buddhist philosophy Despite its central importance however of Tsong kha pa's three most important texts only An Ocean of Reasoning remains untranslated perhaps because it is both philosophically and linguistically challenging demanding a rare combination of abilities on the part of a translator Jay Garfield and Ngawang Samten bring the requisite skills to this difficult task combining between them expertise in Western and Indian philosophy and fluency in Tibetan Sanskrit and English The resulting translation of this important text will not only be a landmark contribution to the scholarship of Indian and Tibetan Buddhism but will serve as a valuable companion volume to Jay Garfield's highly successful translation of The Fundamental Wisdom of the Middle Way
