Fire Gold Benefiting From Lifes Bahai:

Fire and Gold Brian Kurzius,1995 *Fire and Gold* ,1995 *Bahá'í Ethics in Light of Scripture: Virtues and divine commandments* Udo Schaefer,2007 There is a fundamental discrepancy between man as he is and man as he could be if only he recognized his true being and purpose Ethics is the discipline by which man can understand how he can pass from the first condition to the second Udo Schaefer s *Baha i Ethics in Light of Scripture* is an attempt to analyse the underlying structures and detect the interior architecture of the Baha i moral system and is a step towards developing a Baha i moral theology Doctrinal Fundamentals the first of two volumes provides a historical overview of the Baha i Faith a systematic survey of it doctrines and an overview of the origin and derivation of moral values It considers the metaphysical nature of human beings and human responsibilities looks at reason and conscience and explores liberty and its limits Schaefer s second volume deals with concrete values the virtues divine commandments and principles of social ethics from a Baha i perspective **The Ascent of Society** John S. Hatcher,2007 In *The Ascent of Society The Social Imperative in Personal Salvation* author John S Hatcher answers questions that have been explored by spiritual seekers for many yearshow does personal spiritual development translate into social experience Is there a social imperative connected with individual spiritual growth Is involvement with others necessary for one to evolve spiritually This penetrating study describes the objective of personal spiritual growth as an ever expanding sense of self that requires social relationships in order to develop Hatcher focuses on the Bah belief that human history is a divinely guided process in which spiritual principles are gradually and progressively expressed in social institutions He demonstrates that the aspirant to spiritual transformation cannot view personal health and development as being possible apart from the progress of human society as a whole *Religion on the Healing Edge* Frank Stetzer,2007 An introduction to the Baha i Faith that challenges readers to view religion civilization and spirituality in a new way *Religion on the Healing Edge What Baha is Believe* examines the defining beliefs animating the Baha i Faith and its distinctive practices which are intended to change the world Author Frank Stetzer offers insights into the Baha i community and its vision to establish a new global civilization based on the recognition of the oneness of humanity The vision he presents is a bold and audacious one full of unique opportunities and unusual challenges A marvelous book for anyone interested in learning more about the mission of the Baha i Faith and the relevance of its teachings *Hidden Gifts* Brian Kurzius,2007 Have you ever wondered why we have problems and tests in our lives Where do they come from What is the most effective way to handle them We may not see it but there just might be a multitude of gifts hidden among our problems and tests In *Hidden Gifts Finding Blessings in the Struggles of Life* compiler Brian Kurzius searches the Baha i scriptures for answers to the meaning of human suffering What is the value of suffering in our lives How do we decide on the best course of action Are there qualities and attributes we can develop to help us more effectively face life s challenges The answers to these questions and others are found in this spiritually edifying collection of extracts from Baha i scripture Over

the course of many years Brian Kurzius has studied the subject of human suffering extensively His research increasingly drew him to the writings of the Baha i Faith on this subject He now offers workshops and lectures about finding gifts in the struggles of life Kurzius is also the author of *Fire Gold Benefiting from Life s Tests* Brian and his wife Christine live in Haifa Israel where they work for the Baha i World Center Book jacket *Recollections of My Life: Across the line (continued)* *Bahia.
