Chateaubriand's epic autobiography has drawn the admiration of Baudelaire Flaubert Proust Barthes and Sebald Here in the first books of his massive *Memoirs* spanning the years 1768 to 1800 Chateaubriand looks back on the already bygone world of his youth He recounts the history of his aristocratic family and the first rumblings of the French Revolution He recalls playing games on the beaches of Saint Malo wandering in the woods near his father's castle in Combourg hunting with King Louis XVI at Versailles witnessing the first heads carried on pikes through the streets of Paris meeting with George Washington in Philadelphia and falling hopelessly in love with a young woman named Charlotte in the small Suffolk town of Bungay The volume ends with Chateaubriand's return to France after seven years of exile in England In this new edition the first unabridged English translation of any portion of the *Memoirs* to be published in more than a century Chateaubriand emerges as a writer of great wit and clarity a self-deprecating egotist whose meditations on the meaning of history memory and morality are leavened with a mixture of high whimsy and memorable gloom **The Smart Set** George Jean
