Fires Within:

Fires Within Ray Thompson, 2010-09-14 *Fires Within* seeks to explore contemporary life issues especially the often conflicting inner fires of sexuality and spirituality conflicting not just with each other but also with traditional religious and social attitudes and myths The novel begins where it ends but then goes back to earlier years to trace the circumstances and rapidly changing community attitudes that have combined to bring the individuals in this story to this point in their lives Peter is the central character a minister pastor who struggles with these issues within the conservative and often defensive ethos of the traditional Australian church and particularly in relation to unresolved grief in his own life Len is a doctor facing similar issues within secular society Jay is a Chinese woman who has to work through these same conflicts firstly growing up as the daughter of a missionary doctor in what then became Communist China and later as a reluctant masseuse sex worker in Australia Rather than trying to provide simplistic or moralistic answers to these inner conflicts these characters individually and later through their interaction with one another grapple with their search for personal integrity This frequently means having to stand out against peer group opinion and challenge some of the traditions and myths that often limit their enjoyment of the fullness of life While all characters in the novel are fictitious the unfolding events deliberately reflect the kind of situations and raw emotions that are common in many people's lives In a real world that is far from perfect the choices that they have to make are not simply between good and bad but reflect the multi faceted dilemmas that often confront real people The author attempts to deal with these issues in a non judgemental way hopefully opening the door for readers grappling with similar issues to explore new possibilities in their own lives *The Fires Within* Beverly Clark, 2007-08-01 Business mogul Julian Palmer has his sights set on Pan Co a highly successful investment firm owned by Pandora Cooper a.k.a the Black Widow of Wall Street But after meeting the formidable sexy lady at a charity dinner Julian decides that he just might want to take over Ms Pandora Cooper as well as her company *The Fires Within* Mary S. Ryzuk, 2011-02-14 Set against the awesome background of the raging 1988 Yellowstone fires this is the story of a young couple Jane and Tim a Forest Ranger deeply enmeshed in the struggle to contain the out of control fires They have always seemed passionately destined for each other from childhood but are driven apart by her obsession with her mothers mysterious New England past and an old photo album that contains the only clue to its secrets Within this troubling context is the story of Janes search for a father she has never known and how her obsessive search for him deepens the painful estrangement in her passionate relationship with Tim As the fires unrelentingly close in on Jane and Tim it is while packing up her home during the unsettling time of an enforced evacuation that she discovers not only her fathers identity but uncovers a murder within her familys past that intimately involves the man she has sought all of her life In this poignant novel infinite passion dangerous flames an unsolved murder and the power of desperately unfulfilled love are intricately woven together to create a suspenseful tale of desire that will only be satisfied when the mystery of the murder is solved
