First Approaches To The Northwest Coast:

First Approaches to the Northwest Coast Derek Pethick, 1979-01-01 The Northwest Coast Barry M. Gough, 2011-11-01

The voyages of Cook and Vancouver heralded a vast influx of irrepressible Europeans fur traders whalers administrators visitors missionaries miners botanists and sailors people of every class and distinction They came to conquer the Pacific its islands and its continents for God gold and glory They brought with them their morals ideologies knowledge technology plants and animals They also brought diseases rum and guns They brought with them powers to build and powers to destroy from the Epilogue The Northwest Coast was irrevocably changed the day that Captain James Cook sailed into Nootka Sound in 1778 Cook s discovery of the sea otter population along the coast initiated the maritime fur trade which in turn led to feverish competition among several nations especially Britain Russia and the United States as well as the celebrated rivalry between Spain and Britain for control of Nootka By 1812 a toe hold of British empire was established and the aboriginal way of life was shattered The Northwest Coast documents Britain s rise to pre eminence in this far flung corner of the empire It shows how the relentless activities of its commercial interests the adroit use of its naval power and the steely resolve of its diplomats secured British claims to dominion and rights to trade along the Northwest Coast Written by a leading maritime scholar and based on fresh research into known manuscripts and printed works on Pacific trade and exploration this book incorporates new interpretations on exploration and commercial activity in this area It documents the interaction often violent between British sailors and aboriginal people depicts many of the rivalries among British mariners and examines various claims to the discovery of the Northwest Passage The Northwest Coast significantly expands and updates the author s award winning book Distant Dominion Gough s compelling narrative combined with his extensive use of quotations from the journals and correspondence of explorers and merchant traders provide insights into the motives and attitudes of these early pioneers of the empire Historical Dictionary of the Discovery and Exploration of the Northwest Coast of America Robin Inglis, 2008-04-02 The Northwest Coast of America ranging from northern California through Oregon Washington and British Columbia all the way up to Alaska was the last temperate coastline to be placed on the world map First visited by Russians in 1741 and thought to contain a navigable passage between the Pacific and the Atlantic it was systematically revealed during an intense period of exploratory and commercial activity from the 1770s to the 1790s Subsequently the imperial ambitions of Russia Spain and Britain and an assumption of manifest destiny by the United States led to further exploration and ensured that the region would become disputed territory before national boundaries were determined in the mid 19th century The Historical Dictionary of the Discovery and Exploration of the Northwest Coast of America tells of the heroic endeavors and remarkable achievements the endless speculation about a northwest passage and the fighting and manipulation for commercial advantage that surrounded this terrain This is done through an introductory essay a detailed chronology an extensive bibliography modern maps and selected historical maps and drawings and over 400 cross referenced dictionary

entries Entries cover the native people encountered the scientists and artists who left an invaluable documentary and visual record of people places flora and fauna the numerous voyages taken by men such as Vitus Bering James Cook Juan Francisco de la Bodega y Quadra and George Vancouver overland expeditions like those of Alexander Mackenzie Simon Fraser Meriwether Lewis and William Clark and David Thompson and maritime fur traders including George Dixon Grigori Shelikhov Robert Gray and William Sturgis No other dictionary exists that is dedicated solely to the coverage of this region
