First Christian Impulses:

The Pietist Impulse in Christianity G William Carlson, Christian T Collins Winn, Christopher Gehrz, Eric Holst, 2012-10-25
Pietism is a reform movement originating among German Lutherans in the 17th century. It focused on personal faith reacting against Lutheran Church's emphasis on doctrine and theology over Christian living. The movement quickly expanded, exerting an enormous influence on various forms of Christianity and became concerned with social and educational matters. Indeed, Pietists showed a strong interest in issues of social and ecclesial reform, the nature of history and historical inquiry, the shape and purpose of theology and theological education, the missional task of the church, and social justice and political engagement. Though the movement remained largely misunderstood, especially in Anglo-American contexts, negative stereotypes depicted Pietism as a quietist and sectarian form of religion, merely concerned with the pious soul and its God. The main proposal of the editors of this volume is to correct this misunderstanding, assembling a deep collection of essays written by scholars from a variety of fields. This work demonstrates that Pietism was a movement characterized by great depth and originality. Besides, they show the vitality and impulse of Pietism today and emphasize the ongoing relevance of the movement for contemporary problems and questions.

The Activist Impulse Jared S. Burkholder, David Cramer, 2012-04-04
Anabaptists have often felt suspicious of American evangelicalism, and in turn evangelicals have found various reasons to dismiss the Anabaptist witness. Yet at various points in the past as well as the present, evangelicals and Anabaptists have found ample reason for conversation and much to appreciate about each other. *The Activist Impulse* represents the first book-length examination of the complex relationship between evangelicalism and Anabaptism in the past thirty years. It brings established experts and new voices together in an effort to explore the historical and theological intersection of these two rich traditions. Each of the essays provides fresh insight on at least one characteristic that both evangelicals and Anabaptists share: an impulse to engage society through the pursuit of active Christian witness.

The Whitsun Impulse and Christ's Activity in Social Life Sergei O. Prokof'ieff, 2010
What is Whitsun or Pentecost, and how can its impulse be furthered for the future of society? How can social life become the bearer of the Christ impulse, and how can Christ himself enter social life directly? In this small booklet, Sergei Prokof'ieff discusses the significance of spiritual work conducted in a social setting and its crucial role in preparing for the future epoch of the spirit self. The spiritual and social tasks before us, he tells us, can be achieved only through mutual efforts with one another. Moreover, for such social activity, the General Anthroposophical Society, with all of its different groups and branches which unite all anthroposophists in the world, plays a fundamental role. Thus, the spiritual tasks of the General Anthroposophical Society gradually unite with the tasks of all humankind. This booklet, consisting of the report of a lecture and supplemented with an essay, is an important companion to another publication by this author, *The Esoteric Significance of Spiritual Work in Anthroposophical Groups*.

Supersensible Impulses Rudolf Steiner, 2024-05-08
When you perform a ritual, it is an appeal to the spiritual powers of the universe, an appeal to the powers

that are meant to connect with the earth precisely through what people do Rudolf Steiner With rituals or cultic forms as his central motif Rudolf Steiner refers extensively to Indian Persian and in particular Egyptian initiation rites and how these enabled people of antiquity to connect with specific spiritual beings He explains the practical purpose of mummification for the religious life of ancient Egypt and of the use of ritual in certain secret societies or brotherhoods today as in turn a mummification of Egyptian rites But he also points to the future describing how truly formulated rituals have a positive effect on human development Whilst inhalation exercises were relevant to cultures of the past the principle of exhalation is important for future evolution On the one hand these extraordinary lectures relate to Rudolf Steiner's ceremonial work in the Esoteric School of 1906-1914 but more significantly they were given in parallel to the founding of the Christian Community for which Rudolf Steiner mediated its sacraments Today he states Christ must be sought through a new access to the spiritual world and any remaining traditional ritualistic forms should be permeated with the power of the Mystery of Golgotha The lectures are accompanied with an introduction by Dale Brunsvold editorial notes and an index Trans by P King Intro by D Brunsvold Eight lectures Dornach Sept Oct 1922 GA 216 Guide for the Christian Perplexed Thomas P. Power, 2012-01-13 Thoughtful Christians are legitimately perplexed by a number of issues relating to the church's belief and practice They are perplexed partly because they recognize that the issues themselves are thorny and partly because they are not sure how to test the mutually inconsistent theories and explanations affirmed by diverse voices speaking with equal assurance Most Christians find relatively little occasion or encouragement to address their perplexities with intellectual candor and integrity If they dare to acknowledge their theological perplexities at all they are too often told that these perplexities are unimportant or that they can be answered very simply or that they should be left to the experts Guide for the Christian Perplexed written by members of the faculty of Wycliffe College Toronto aims to explore a diversity of issues and questions to do with our knowledge of Jesus the meaning of suffering the function of doctrine the understanding of Scripture the place of other religions the challenge of atheism the pleasures and complications of sexuality the nature of worship the way to evangelize our understanding who our neighbor is locally and globally the diversities of spirituality Here you will find thoughtful reflections and answers to the questions around these issues A study guide is included for individual and group use The Pacifist Impulse in Historical Perspective International Conference On The Pacifist Impulse I, Peter Brock, International Conference on the Pacifist Impulse in Historical perspective, 1996-01-01 This volume of twenty three essays appears in recognition of the emergence of peace history as a relatively new and coherent field of learning these essays were presented at an international conference The Pacifist Impulse in Historical Perspective Together the essays in this book explore the ideas and activities of persons and groups who for two millennia have rejected war and urged non violent means of settling conflicts **The Bible And Contemporary Culture** Gerd Theissen, 2007-01-01 An accessible introduction to the value of the Bible for a general education by a noted scholar **U2 and the Religious Impulse** Scott Calhoun, 2018-02-08

U2 and the Religious Impulse examines indications in U2's music and performances that the band work at conscious and subconscious levels as artists who focus on matters of the spirit religious traditions and a life guided by both belief and doubt U2 is known for a career of stirring songs landmark performances and for its interest in connecting with fans to reach a higher power to accomplish greater purposes Its success as a rock band is unparalleled in the history of rock n roll's greatest acts In addition to all the thrills one would expect from entertainers at this level U2 surprises many listeners who examine its lyrics and concert themes by having a depth of interest in matters of human existence more typically found in literature philosophy and theology The multi disciplinary perspectives presented here account for the durability of U2's art and offer informed explanations as to why many fans of popular music who seek a connection with a higher power find U2 to be a kindred spirit This study will be of interest to scholars and students of religious studies and musicology interested in religion and popular music as well as religion and popular culture more broadly

The Philosophy of Benevolence Pharcellus Church,1836

The Incarnation of Ahriman Rudolf Steiner,2013-05-16 While we know of Ahriman from Persian mythology Rudolf Steiner spoke of him as an actual living spiritual entity This being he said works to embed people firmly into physicality encouraging dull materialistic attitudes and a philistine dry intellect In these extraordinary lectures Steiner in rare prophetic mode talks about an actual incarnation of Ahriman on the earth and the potential consequences Just as Christ incarnated in a physical body so would Ahriman incarnate in the Western world before a part of the third millennium had passed Steiner places this incarnation in the context of a cosmic triad Lucifer Christ and Ahriman Ahriman will incarnate as a counterpoint to the physical incarnation of Lucifer in the East in the third millennium BC with the incarnation of Jesus Christ in Palestine as the balancing point between the two Over the period during which Steiner developed anthroposophy a speaking career that spanned two decades and more than six thousand lectures he referred to the idea of Ahriman's incarnation only six times These six lectures together with an additional supporting excerpt are reproduced in their entirety and under one cover for the first time

Order and (Dis)order in the First Christian Century F. Gerald Downing,2013-08-01 Articulate first century Mediterranean society Jewish and Christian included expressly favoured harmonious order in society in individuals in communication and in thought Its common basis was the patriarchal family the rule of law rational self control and rational thought Yet there was also resistance to oppressive and unjust order in all spheres and while law could be held educative yet there were substantial first century critiques of law not just Paul's and awareness that judicial procedures could be chaotic and biased Strands of such dissidence appear in Jesus and in Paul with significant relevance for any understanding of the early Christian movement's and contemporary Judaism's in Graeco Roman context but also with important implications for any practical reflections and application

The Christ Impulse Rudolf Steiner,2014-12-15 Rudolf Steiner's teachings of Christ are unique Christ he says is an objective universal force existing independently of Christian churches and confessions and working for the whole of humanity The impulse that Christ brought

to earth acts for the advancement of all people irrespective of religion creed or race Among the myriad other themes that emerge here are the introduction of the I or self in human development and its connection to Christ and the meaning of the Ten

The Spiritual Origins of Eastern Europe Sergei O. Prokofieff, 2016-03-21 And however paradoxical it may seem today the Grail mood is in the fullest sense to be found in Russia And the future role that Russia will play in the sixth post Atlantean epoch rests firmly upon this unconquerable Grail mood in the Russian people Rudolf Steiner Although Eastern Europe has been part of the Christian world for more than a thousand years its spiritual identity remains a mystery This mystery says Sergei Prokofieff can only fully be solved by looking behind external events and seeking spiritual meta historical dimensions of reality In illuminating the maya of outer history Prokofieff reveals the forces that have been at work to hinder the progress of mankind the materialistic Brotherhoods of the West and the occult aspects of both Jesuitism and Bolshevism These adversary groups have created a karma of materialism that the eastern Slavic peoples have taken upon themselves out of their exalted willingness for sacrifice Prokofieff shows how from the earliest times the future conscience of humanity flowed from hidden mystery centres in Hibernia to the eastern Slavic peoples As a result qualities of compassion patience and willingness for sacrifice developed in their souls creating a truly Christian Grail mood Despite incalculable suffering from the persecutions of the Mongol hordes to the Bolshevik experiment of the last century this quality has become an unconquerable force Will humanity be able to use the present opportunity granted by this sacrifice to fulfil the primary purposes of the present cultural epoch Can the future mysteries of the Holy Grail be fulfilled In this momentous work breathtaking in its scope and detail the author attempts a truly esoteric approach penetrating to the spiritual wellsprings of Eastern Europe in the light of Rudolf Steiner's research
