Dinosaurs: Marvels of God's Design Dr. Tim Clarey, 2015-10-23 This book fills a critical need for sound science about dinosaurs from a biblical viewpoint focusing on the five major dinosaur groups Dinosaurs are in the news every day as well as viewed in museums and on science channels Unfortunately these portrayals always push an evolutionary agenda This book counters those arguments with solid accurate and biblically based science Explains the latest findings in dinosaur biology behavior extinction and more Covers the complete spectrum of dinosaur related topics from the earliest dinosaur discoveries to debate over why they went extinct Provides a visually stunning dynamic exploration into the history of dinosaurs through the most current discoveries few have seen before Because of secular books and television shows many Christians have struggled to explain how dinosaurs fit in the biblical timeline The word dinosaur is not found in the Bible which has caused some well meaning Christians to turn to secular science for explanations including more speculation than actual fact Unfortunately this misdirection has caused many people to lose faith in the Bible especially the young generation This book will restore faith in the Word of God as it connects the Bible with science Read and discover how dinosaurs are part of God's creative glory

I Know Dino! Sabrina Ricci, Garret Kruger, 2025-04-01 Get the deets on dinos and find out how we know what we know about them from the hosts of the popular podcast I Know Dino Dinosaurs have been extinct for millions of years but the world of dinosaur science has never been more alive Over the last few decades amazing scientific discoveries have transformed what we know about dinosaurs And it turns out that a lot of what we thought we knew about them was totally wrong Fortunately prehistory pros and podcast hosts Sabrina Ricci and Garret Kruger are here to parse dino fact from dino fiction and examine the incredible history of paleontology along the way Did you know scientists once thought Brachiosaurus could walk to the bottom of a lake and breathe through nostrils on top of its head False They also believed that Stegosaurus's back plates lay flat on its body like a turtle shell They didn't In this book you'll find fact packed profiles of your favorite dinosaur species You'll learn scientists often wrong first impressions of them and then find

out how new discoveries changed our understanding Each profile is full of incredible dino illustrations including sketches of what we used to think each species looked like Sprinkled throughout the dinosaur profiles readers will also find features and sidebars all about dinosaur mysteries battles between paleontologists movie dinosaurs and more Science is alive and constantly changing and this fascinating colorful guide to the evolution of dinosaur knowledge shows us that there s always more to learn
