frequently answered by recounting the individual's accomplishments in life. Some people have long resumes listing their incredible successes. Others are well known for their failures. There are some residents of the Pikes Peak Region who know William Jackson Palmer as a husband to Queen Mellen Palmer, a father to Elsie, Dorothy, and Marjory, and a friend to everyone in the community. Still others would tell you that he was an environmentalist, a pacifist, and an entrepreneur. The second annual Pikes Peak Regional History Symposium, William Jackson Palmer 1836-1909: Legends, Labors, Reconciling the massive manpower required to build Palmer's western railroad and mining empires with his reputation as a man of benevolence and reconciling Palmer's love for Colorado Springs with his intercontinental romance with his wife Mary Lincoln Mellen Queen Palmer. This Palmer Paradox intrigued Chris Nicholl, historian in Special Collections at Pikes Peak Library District, who co-chairs the Symposium Planning Committee with Calvin P. Otto. Chris and Cal assembled many research talents of the region to attempt to reveal this man of Glen Eyrie. This book, *Legends, Labors, Loves: William Jackson Palmer 1836-1909*, contains the keys to the many doors in Palmer's own castle, his personal life. However, there still are rooms private and concealed which no one can ever enter. This unauthorized biography of a truly remarkable and modest man will open every reader's eyes to a new view of William Jackson Palmer. There is no scandal nor is there deception. However, in these pages you will not only find integrity, leadership, and compassion, but you will also witness Palmer's tenacious conviction, strength, and shrewdness, just how one imagines a true founding father.

**Colorado's Healthcare Heritage** Thomas J. Sherlock, Tom Sherlock, 2013 In the early days on the Colorado frontier, women took care of family and neighbors because accepting that we're all in this together was the only realistic survival strategy on the high plains along the Front Range in the mountain towns and on the Western Slope. As dangerous occupations became fundamental to Colorado's economy, if they were injured or got sick, there was no one to care for the young men who worked as miners, steel workers, cowboys, and railroad construction workers in remote parts of Colorado. So physicians, surgeons, nurses, Catholic Sisters, Reform and Orthodox Jews, Protestants, and other humanitarians established hospitals, and when Colorado became a mecca for people with tuberculosis, sanatoriums. Those pioneers and the communities they served created our community-based humanitarian healthcare tradition. These stories about our Wild West heritage honor the legacy of our 19th-century healthcare pioneers and will inspire and entertain 21st-century readers. Because we can be inspired only if we understand the facts, and because facts are more likely to be understood when presented in context, this chronology includes national and international developments that establish an indispensable frame of reference for understanding how our pioneers created the local community-based healthcare system that we've inherited.
