Encyclopedia of Women in Today's World Mary Zeiss Stange,Carol K. Oyster,Jane E. Sloan,2011-02-23 This work includes 1000 entries covering the spectrum of defining women in the contemporary world *The Virgin Mary and Catholic Identities in Chinese History* Jeremy Clarke,2013-08-01 The Chinese Catholic Church traces its living roots back to the late sixteenth century and its historical roots back even further to the Yuan dynasty This book explores paintings and sculptures of the Virgin Mary and the communities that produced them over several centuries It argues for the emergence of distinctly Chinese Catholic identities as artistic representations of the Virgin Mary at different times and in different places absorbed and in turn influenced representations of Chinese figures from Guanyin to the Empress Dowager At other times indigenous styles have been diluted by Western influences following the influx of European missionaries in the nineteenth century for example or with globalization in recent years The book engages with history theology and art and draws on imagery and archival photographs that have been largely neglected As a study of the social and cultural histories of communities that have survived over many centuries this book offers a new view of Catholicism in China one that sees its history as more than simply a cycle of persecution and resistance Fr Jeremy Clarke SJ is an Australian Province Jesuit teaching as an assistant professor in the History Department of Boston College He is also a school visitor in the Australian Center for China in the World at the Australian National University Canberra *New Books on Women and Feminism* ,1989 The Blessed Virgin Mary in England Vol. 1 Brother Anthony Josemaria Fti,2008-11 O Blessed Confidence O Safe Refuge Mother of God and Our Mother St Anselm of Canterbury 1033 1109 Doctor of the ChurchWhat is not generally known and only infrequently studied

is the role of Our Lady over the centuries as a catechist teacher of the faith in a very real sense primary teacher because she is Mother of God and Mother of the Church and faithful. If any one factor might be singled out for the very high level of faith and religious practice in medieval merry England, merry because Mary's dowry because consecrated to Mary as her possession and property, it is this Marian catechesis. Only when England deliberately rejected Mary did it cease to be the happy place it once was. Unfortunately, English colonization of other peoples took place only after the repudiation of Mary by England. That is why this catechetical work is especially valuable for the faithful and those who are seeking faith in America and other English speaking cultures. It will bring to their attention precisely what is central to catechetics and so often missing the presence of Mary Mother and Teacher. It will make perfectly clear why we need not fewer Marian sanctuaries but many many more in all parts of the country where this quiet but so real and profound influence of the Marian principle of the Church will be felt at every level. It is my prayer and hope that those who read and study this work will find the same inspiration and stimulus that I found in having the privilege to read the manuscript before publication. We are much indebted to Brother Anthony Josemaria Pasquale, a Franciscan Tertiary of the Immaculate and gifted scholar for the effort he has expended to find qualified contributors and to offer so well edited a book to the general public.

Marian Devotions, Political Mobilization, and Nationalism in Europe and America Roberto Di Stefano, Francisco Javier Ramón Solans, 2016-11-23. This volume examines the changing role of Marian devotion in politics, public life and popular culture in Western Europe and America during the nineteenth and twentieth centuries. The book brings together for the first time studies on Marian devotions across the Atlantic, tracing their role as a rallying point to fight secularization, adversarial ideologies and rival religions. This transnational approach illuminates the deep transformations of devotional cultures across the world. Catholics adopted modern means and new types of religious expression to foster mass devotions that epitomized the catholic essence of the nation. In many ways the development of Marian devotions across the world is also a response to the questioning of Pope Sovereignty. These devotional transformations followed an Ultramontane pattern inspired not only by Rome but also by other successful models approved by the Vatican such as Lourdes. Collectively they shed new light on the process of globalization and centralization of Catholicism.

Habits of Devotion James M. O'Toole,2018-07-05 For generations American Catholics lived out their faith through countless unremarkable routines Deep questions of theology usually meant little to them but parishioners clung to deeply ingrained habits of devotion both public and private Particular devotions changed over time waxing or waning in popularity but the habits endured going to mass on Sunday saying prayers privately and teaching their children to do the same filling their homes with crucifixes and other religious images participating in special services blending the church s calendar of feast and fast days with the secular cycles of work and citizenship negotiating their conformity or not to the church s demands regarding sexual behavior and even diet It was religious practice carried out in daily and weekly observance that embodied their faith more than any abstract set of dogmas from the Introduction In *Habits of Devotion* four senior scholars take the measure of the central religious practices and devotions that by the middle of the twentieth century defined the ordinary week to week religion of the majority of American Catholics Their essays investigate prayer devotion to Mary confession and the Eucharist as practiced by Catholics in the United States before and shortly after the Second Vatican Council

Queen of Sorrows Bianca M. Lopez, 2024-09-15 *Queen of Sorrows* takes an original approach to both late medieval Italian history and the history of Christianity using quantitative and qualitative analyses of a remarkable archive of 1 904 testaments to determine patterns in giving to the Virgin of Loreto shrine in the late fourteenth and early fifteenth centuries Bianca M Lopez argues that in central Italy as elsewhere the cult of the Virgin Mary gained new prominence at this time of unprecedented mortality Individuals gave to Santa Maria di Loreto which houses the structure in which Mary is believed to have lived as an expression of their grief in the hope of strengthening family lineages beyond death and to care for loved ones believed to be languishing in purgatory Lopez establishes statistical correlations between different social groups and their donations to Loreto over time uncovering informative new historical patterns such as the prominence of widow and migrant donors in the notarial record The testaments also provide a social history of Recanati revealing how its denizens venerated Mary as a saint with unrivaled spiritual power and uniquely sympathetic to grief having lost her own son Jesus In the fourteenth century plague survivors transformed their anguish into Marian devotion The devastation of the plague brought the Virgin out of noble courts and monasteries and onto city streets As *Queen of Sorrows* details however the popularity and growing wealth of Loreto s Marian shrine attracted the attention of the papacy and peninsular seigneurial lords who eventually brought Santa Maria di Loreto under the control of the Church
