

First Of Revolutions

Carl T. Bogus

First Of Revolutions:

The Revolutions of 1917 VI Lenin, 2024-09-30 Lenin's writings from 1917 are a marvellous insight into the Bolshevik leader's thinking in this crucial year 1917 witnessed a series of dramatic turns that propelled the Bolsheviks the most revolutionary party in history from some 8 000 members to a mass force of 400 000 in just nine months Following the February Revolution Lenin was forced to rearm the Bolsheviks with a new perspective of socialist revolution With skilful tactics and a bold approach he presided over the growth of the party Although the Bolsheviks were driven underground in July and Lenin branded a state criminal by the Provisional Government the failed coup by General Kornilov in August transformed the situation By fighting in a united front against Kornilov the Bolsheviks succeeded in winning a majority in the Soviets Under Lenin's guidance outlined in this volume this victory prepared the way for the October Revolution These selected writings draw out the invaluable role of the revolutionary party and its leadership They are an essential guide for those fighting for socialist revolution today

High Financier Niall Ferguson, 2012-10-25 In this groundbreaking biography based on more than 10 000 hitherto unavailable letters and diary entries Niall Ferguson returns to his roots as a financial historian to tell the story of the extraordinary Siegmund Warburg A refugee from Hitler's Germany Warburg rose to become the dominant figure in the post war City of London and one of the architects of European financial integration Seared by events in the 1930s when the long established Warburg bank was first almost destroyed by the Depression and then Aryanized by the Nazis Warburg was determined that his own bank would learn from the past and contribute to the economic recovery of Britain the unity of Western Europe and the birth of globalization Siegmund Warburg was a complex and ambivalent man as much a psychologist politician and actor manager as a banker In *High Financier* Niall Ferguson reveals Warburg's idiosyncracies but above all he recaptures the meticulous business methods and strict ethical code that set Warburg apart from the mere speculators and traders who inhabit today's financial world

Questions and supplement to Goodrich's history of the United States ... A new edition, revised, etc Joseph EMERSON (of Beverly, U.S.), 1845

Filmonomics André de Palma, Luc Leruth, 2025-04-08 What could movies as diverse as *The Last Samurai* *Cl o* from 5 to 7 or *Dr Strangelove* have in common *Filmonomics* has a simple yet intriguing answer economics as the main driving force of the plot or as the main motivation of the characters' actions This book analyses how movie makers use economic and financial motives in their plots or to build their characters Have they done it in line with economic theory Or are they proposing a new angle a new perspective that economists should take note of The authors here do not discuss wages in the film industry or the economics of movies What interests them is the economic motivations underpinning the behaviour of fictional characters in their favourite films They argue that credible movie characters can behave in irrational ways and movie makers occasionally introduce new ideas that economists should take note of A unique contribution this book will be of interest to readers eager to discover what economists have to say about films and film directors It will be indispensable for students and

researchers of economics media studies film studies and cultural studies **History of Civilizations** Mayson Kirby, 2018-08-11 The History of Civilizations traces the history of man in this vast region from the Palaeolithic beginnings to circa 700 B C when the foundations for the formation of the great Empire were laid Many different elements must come together before a human community develops to the level of sophistication commonly referred to as civilization The first is the existence of settlements classifiable as towns or cities This requires food production to be efficient enough for a large minority of the community to be engaged in more specialized activities such as the creation of imposing buildings or works of art the practice of skilled warfare and above all the administration of a centralized bureaucracy capable of running the machinery of state Despite the major role played by Central Asia in shaping the history of the past and of today this vast region stretching from the Caspian Sea to Mongolia and western China had not been studied as a whole cultural entity in time and space This multi volume History of Civilizations of Central Asia published in English is the first attempt to present a comprehensive picture of the cultures that flourished and vanished at the heart of the Eurasian continent from the dawn of civilization to the present day The book is an engaging and thought provoking philosophical account that demonstrates that critical inquiry is an ongoing process with strains of continuity and evolution of Civilizations Why Lawsuits are Good for America Carl T. Bogus, 2003-07-01 Argues that lawsuits work far better than commonly understood Judging by the frequency with which it makes an appearance in television news shows and late night stand up routines the frivolous lawsuit has become part and parcel of our national culture A woman sues McDonald s because she was scalded when she spilled her coffee Thousands file lawsuits claiming they were injured by Agent Orange silicone breast implants or Bendectin although scientists report these substances do not cause the diseases in question The United States conventional wisdom has it is a hyperlitigious society propelled by avaricious lawyers harebrained judges and runaway juries Lawsuits waste money and time and moreover many are simply groundless Carl T Bogus is not so sure In Why Lawsuits Are Good for America Bogus argues that common law works far better than commonly understood Indeed Bogus contends that while the system can and occasionally does produce wrong results it is very difficult for it to make flatly irrational decisions Blending history theory empirical data and colorful case studies Bogus explains why the common law rather than being outdated may be more necessary than ever As Bogus sees it the common law is an essential adjunct to governmental regulation essential in part because it is not as easily manipulated by big business Meanwhile big business has launched an all out war on the common law Tort reform measures designed to make more difficult for individuals to sue corporations one of the ten proposals in the Republican Contract With America and George W Bush s first major initiative as Governor of Texas And much of what we have come to believe about the system comes from a coordinated propaganda effort by big business and its allies Bogus makes a compelling case for the necessity of safeguarding the system from current assaults Why Lawsuits Are Good for America provides broad historical overviews of the development of American common law torts products liability as well as

fresh and provocative arguments about the role of the system of disciplined democracy in the twenty first century

Zoroastrianism in India and Iran Alexandra Buhler,2024-09-19 In the nineteenth century a number of Zoroastrians emigrated from Iran to India The subsequent importance of the cultural religious and political ties between the Zoroastrian communities of Iran and the Zoroastrian communities of India has long been recognised But despite this there has been little scholarly attention paid to the changing dynamics of this transnational relationship This book examines the Zoroastrian community in the late Qajar and early Pahlavi period beyond the borders of Iran to trace this Parsi Persian relationship A major theme is the increase in philanthropy directed to the Zoroastrians of Iran by the Parsis and the involvement of the British in encouraging Parsi feelings of patriotism towards Iran The book shows that not only were Parsis affected by events taking place in Iran they also contributed to the broader change in attitudes towards Zoroastrians in that country Using a variety of original sources from Britain India and Iran Alexandra Buhler looks at the political legal and social position of Zoroastrians in Iran and how different events impacted their attitudes as well as the attitudes of Parsis towards their ancestral homeland Of particular significance this book shows are the seminal years of the Iranian Constitutional Revolution 1906 11 and the rise in the glorification of the pre Islamic past which culminated in the state nationalism expounded by Reza Shah These political moments had a profound impact on how Zoroastrians in India felt about their future in the country and reveal a complex web of relations between the Parsis the Zoroastrians of Iran and the British **Planets, Stars, and Orbs**

Edward Grant,1996-07-13 Edward Grant describes the extraordinary range of themes ideas and arguments that constituted scholastic cosmology for approximately five hundred years from around 1200 to 1700 Primary emphasis is placed on the world as a whole what might lie beyond it and the celestial region which extended from the Moon to the outermost convex surface of the cosmos **The Oxford Handbook of the English Revolution** Michael J. Braddick,2015-03-05 This

Handbook brings together leading historians of the events surrounding the English revolution exploring how the events of the revolution grew out of and resonated in the politics and interactions of the each of the Three Kingdoms England Scotland and Ireland It captures a shared British and Irish history comparing the significance of events and outcomes across the Three Kingdoms In doing so the Handbook offers a broader context for the history of the Scottish Covenanters the Irish Rising of 1641 and the government of Confederate Ireland as well as the British and Irish perspective on the English civil wars the English revolution the Regicide and Cromwellian period The Oxford Handbook of the English Revolution explores the significance of these events on a much broader front than conventional studies The events are approached not simply as political economic and social crises but as challenges to the predominant forms of religious and political thought social relations and standard forms of cultural expression The contributors provide up to date analysis of the political happenings considering the structures of social and political life that shaped and were re shaped by the crisis The Handbook goes on to explore the long term legacies of the crisis in the Three Kingdoms and their impact in a wider European context The

Islamic Revolution of Iran ,2001 **Machinery** Lester Gray French,1915 Space Flight and Re-Entry Trajectories Paul A. Libby,2013-11-21 In this and a following issue Vol VIII 1962 Fasc 2 3 of *Astronautica Acta* there will appear the papers presented at the first international symposium sponsored by the International Academy of Astronautics of the International Astronautical Federation The theme of the meeting was Space Flight and Re Entry Trajectories It was held at Louveciennes outside of Paris on June 19 21 1961 Sixteen papers by authors from nine countries were presented attendees numbered from 80 to 100 The organizing committee for the symposium was as follows Prof PAUL A LIBBY Polytechnic Institute of Brooklyn U S A Chairman Prof Luigi BROGLIO University of Rome Italy Prof B FRAEIJIS DE VEUBEKE University of Liege Belgium Dr D G KING HELE Royal Aircraft Establishment Farnborough Rants United Kingdom Prof J M J KooY Royal Military School Breda Netherlands Prof JEAN KovALEVSKY Bureau des Longitudes Paris France Prof RuDOLF PESEK Academy of Sciences Prague Czechoslovakia The detailed arrangements for the meeting were made in a most satisfactory manner by Dr FRANK J MALINA Deputy Director of IAA and Mr A R WEILLER Acting Secretary of IAA Prof THEODORE VON KARMAN Director of IAA in his remarks closing the symposium indicated his satisfaction at the interest being shown in the science of the future The papers which follow will make a permanent contribution to the literature of this science **Merchants' Magazine and**

Commercial Review ,1853 **Pennsylvania Archives: Pennsylvania in the War of Revolution, battalions and line, 1775-1783, vol. 2** John Blair Linn,William Henry Egle,1895 The Miscellaneous Writings Lord Macaulay,2022-07-20 Reprint of the original first published in 1860 **Critical and Miscellaneous Essays** Thomas Babington Macaulay Baron Macaulay,1860 **Critical and Miscellaneous Essays and Poems** Macaulay,1861 Their Blood Got Mixed Janet Biehl,2022-06-21 In the summer of 2012 the Kurdish people of northern Syria set out to create a multiethnic society in the Middle East Persecuted for much of the 20th century they dared to try to overcome social fragmentation by affirming social solidarity among all the region s ethnic and religious peoples As Syria plunged into civil war the Kurds and their Arab and Assyrian allies established a self governing polity that was not only multiethnic but democratic And women were not only permitted but encouraged to participate in all social roles alongside men including political and military roles To implement these goals Rojava wanted to live in peace with its neighbors Instead it soon faced invasion by ISIS a force that was in every way its opposite ISIS attacked its neighbors in Iraq and Syria imposing theocratic tyrannical femicidal rule on them Those who might have resisted fled in terror But when ISIS attacked the mostly Kurdish city of Kobane and overran much of it the YPG and YPJ or people s militias declined to flee Instead they resisted and several countries seeing their valiant resistance formed an international coalition to assist them militarily While the YPG and YPJ fought on the ground the coalition coordinated airstrikes with them They liberated village after village and in March 2019 captured ISIS s last territory in Syria Around that time two UK based filmmakers invited the author to spend a month in Rojava making a film She accepted and arrived to explore the society and interview people During that month she explored how the revolution had progressed and

especially the effects of the war on the society She found that the war had reinforced social solidarity and welded together the multiethnic gender liberated society As one man in Kobane told her Our blood got mixed

The Works of Lord Macaulay: Critical and historical essays Thomas Babington Macaulay Baron Macaulay,1875
