Wes Craven John Kenneth Muir, 1998-01-01 Filmmaker Wes Craven has consistently and imaginatively scared movie audiences since the early 1970s His films encompass a variety of styles elements and themes from the nihilistic existentialism of *The Last House on the Left* to the successful *A Nightmare on Elm Street* which sent horror in a bold new direction to the hallucinatory dreamscapes of *The Serpent* and *the Rainbow* And in the nineties Craven returned with the Scream films which were simultaneously funny clever and scary films that overturned the horror clichés of the eighties The present work provides a history of Craven's film career since 1972 examining all the themes and techniques the filmmaker explored For each film a synopsis cast and credits historical context and critical commentary are provided Also covered in detail are Craven's forays into television including movies such as *Stranger in the House* and work on such series as *The New Twilight Zone*

Lane, 2017-10-29 This collection examines the nerd and or geek stereotype in popular culture today Utilizing the media film TV YouTube Twitter fiction that often defines daily lives the contributors interrogate what it means to be labeled a nerd or geek While the nerd geek that is so easily recognized now is assuredly a twenty first century construct an examination of the terms history brings a greater understanding of their evolution From sports to slasher films Age of the Geek establishes a dialogue with texts as varied as

the depictions of nerd or geek stereotypes The Hollywood Sequel Stuart Henderson,2017-11-07 This illuminating study charts the changing role of the Hollywood film sequel over the past century Considering a range of sequels in their industrial historical and aesthetic contexts from *The Son of a Sheik* 1926 to *Toy Story 3* 2010 this book provides a comprehensive history of this critically neglected yet commercially dominant art form *Classical Reception* Anastasia Bakogianni,Luis Unceta Gómez,2024-07-22 In a time of acute crisis when our societies face a complex series of challenges race gender inclusivity changing pedagogical needs and a global pandemic we urgently need to re access the nature of our engagement with the Classical World This edited collection argues that we need to discover new ways to draw on our discipline and the material it studies to engage in meaningful ways with these new academic and societal challenges The chapters included in the collection interrogate the very processes of reception and continue the work of destabilising the concept of a pure source text or point of origin Our aim is to break through the boundaries that still divide our ancient texts and material culture from their reception and interpretive communities Our contributors engage with these questions theoretically and or through the close examination of cultural artefacts They problematise the concept of a Western elitist canon and actively push the geographical boundaries of reception as both a local and a global phenomenon Individually and cumulatively they actively engage with the question of how to marshal the classical past in our efforts to respond to the challenges of our mutable contemporary world *The Language of Touch* Mirt Komel,2019-01-10 Offering an in depth analysis of the relationship between touch and language through the history of philosophy this book revitalizes the field of haptic studies providing new insights into the philosophy of language and ontological nature of touch The Language of Touch draws together an international team of linguists anthropologists and philosophers to demonstrate from a variety of disciplinary perspectives that the experience of touch is inextricable from the structure of language Examining the intersections between phenomenology of touch and poststructural linguistics this work draws upon figures such as Marx Merleau Ponty Nancy Derrida and Lacan to question both how language structures touch and how touch structures language *Supreme Court , Supreme Court Case on Appeal , Wes Craven* Shannon Blake Skelton,2019-11-29 With a career spanning four decades Wes Craven 1939 2015 bridged independent exploitation cinema and Hollywood big budget horror A pioneer of the modern horror cinema Craven directed such landmark films as *The Last House on the Left* *The Hills Have Eyes* *A Nightmare on Elm Street* and *Scream* considered not only classics of the genre but examples of masterful filmmaking Producing an impressive oeuvre that mixed intellectual concerns and political ideas Craven utilized high tension suspense devastating visual brutality and dark humor to evoke a unique brand of fear Moreover his films draw attention to the horror of American society namely racism classism and the traumas often associated with family This collection of twenty nine interviews spanning from 1980 until his final interview in 2015 traces Craven s life and career from his upbringing in a strict religious family and his life as an academic to his years toiling in exploitation cinema The volume also chronicles Craven s ascendancy

as an independent director his work within the studio system and his eventual triumph in mainstream cinema Within the interviews gathered here including three previously unpublished pieces Craven reflects on failed projects and the challenges of working with studios while offering thoughtful meditations on the dynamics and appeal of horror Wes Craven Interviews cements Craven s legacy as a master of horror who left an indelible mark on the genre by forever altering expectations of and approaches to the cinema of fear

distinct echoes of Lovecraft and Borges makes its English language debut In the spare wing of a church run sanatorium some zealous youths create the Library a space where lonely citizens can read one another s personal diaries and connect with like minded souls in dialogues across the ether But when their scribblings devolve into the ugliest confessions of the macabre the Library s users learn too late that a malicious force has consumed their privacy and their sanity As the city of Turin suffers a twenty day phenomenon of collective psychosis culminating in nightly massacres that hundreds of witnesses cannot explain the Library is shut down and erased from history That is until a lonely salaryman decides to investigate these mysterious events which the citizenry of Turin fear to mention Inevitably drawn into the city s occult netherworld he unearths the stuff of modern nightmares what s shared can never be unshared An allegory inspired by the grisly neo fascist campaigns of its day The Twenty Days of Turin has enjoyed a fervent cult following in Italy for forty years Now in a fretful new age of lone wolf terrorism fueled by social media we can find uncanny resonances in Giorgio De Maria s vision of mass fear a mute palpitating dread that seeps into every moment of daily existence With its stunning anticipation of the Internet and the apocalyptic repercussions of oversharing this bleak prescient story is more disturbingly pertinent than ever Brilliantly translated into English for the first time by Ramon Glazov The Twenty Days of Turin establishes De Maria s place among the literary ranks of Italo Calvino and beside classic horror masters such as Edgar Allan Poe and H P Lovecraft Hauntingly imaginative with visceral prose that chills to the marrow the novel is an eerily clairvoyant magnum opus long overdue but ever timely
