Dance Spreads Its Wings Ruth Eshel,2021-10-25 Why did dance and dancing became important to the construction of a new modern Jewish Israeli cultural identity in the newly formed nation of Israel There were questions that covered almost all spheres of daily life including What do we dance because Hebrew or Eretz Israeli dance had to be created out of none How and why did dance develop in such a way Dance Spreads Its Wings is the first and only book that looks at the whole picture of concert dance in Israel studying the growth of Israeli concert dance for 90 years starting from 1920 when there was no concert dance to speak of during the Yishuv pre Israel Jewish settlements period until 2010 when concert dance in Israel had grown to become one of the country s most prominent original artistic fields and globally recognized What drives the book is the impulse to create and the need to dance in the midst of constant political change It is the story of artists trying to be true to their art while also responding to the political social religious and ethnic complexities of a Jewish state in the Middle East

Rumba Dance Encyclopedi Thomas L. Nelson,2009-05 Kalif Brown is an inspiring basketball star who has what it takes to make it to the NBA He s a high school senior with big dreams But his off the court lifestyle of drugs and guns may land him in jail or dead

Growing up in a drug infested neighborhood filled with junkies and criminals doesn't make his situation any better. And like most young black men and women he's living in a single parent home with his mother. He doesn't have a father figure therefore he turns to a local dealer to fill that image of a father. Kalif must make a choice. Will it be Hustling or Hooping. And he must make this decision fast because his dreams and life may depend on it. Many young inner city athletes and those not into sports deal with the pressures of everyday life. And many find it hard to deal with especially if they don't have anyone to talk to. Hustling or Hooping may be a fictional book but there is a Kalif Brown in every urban city in the U.S. Many young black men grow up fatherless and turn to the streets for a family. The outcome is usually negative. But many do make it out of their situations. This book is highly recommended for any young man or woman who is growing up in a negative environment and feels as though he or she cannot make that change for the good. This book can be a tool to make that negative situation a positive one. But also this book reveals the consequences of not making that change for the better. **A.L.A. Booklist**, 1957
