Alexander Hume Ford,1916 **Mid-Pacific Magazine** ,1929 There Is No "I" in Lucky Jim Walters,2013-11-05 This book is a belated attempt by Jim Walters to explain just what happened to a life that early on seemed so full of promise Any successes in life were always cancelled out by bad decisions on his part or just plain bad luck The multiple instances of bad luck and the multiple bad decisions on his part seemed to produce a lifetime that seemed to have no direction at all But an obsessive compulsive personality disorder and subsequent depression neither of which was discovered until midlife adds some possible understanding as to just what went on *The Canadian Patent Office Record and Register of Copyrights and Trade Marks* ,1927 Scientific Canadian Mechanics' Magazine and Patent Office Record Canada. field today After formalizing his blueprint Cartwright worked tirelessly to promote baseball nationwide appealing to both upper and lower class spectators and ballplayers and weaving a trail of influence across nineteenth century America Addressing the controversy that has roiled for years around the claims for Doubleday and Cartwright Martin revisits the original arguments behind each camp and throws into sharp relief the competing ambitions of these figures during a time of aggressive westward expansion and unparalleled opportunities for individual reinvention Martin s story of modern baseball not only offers a fascinating window into a thoroughly American phenomenon but also accesses a rare history of American ideals

**Every Day a Nightmare** William H. Bartsch,2010 In December 1941 the War Department sent two transports and a freighter carrying 103 P 40 fighters and their pilots to the Philipines to bolster Gen Douglas MacArthur s Far East Air Force They were then diverted to Australia with new orders to ferry the P 40s to the Philippines from Australia through the Dutch East Indies But on the same day as the second transport reached its destination on January 12 1942 the first of the key refueling stops in the East Indies fell to rapidly advancing Japanese forces resulting in a break in their ferry route and another change in their orders This time the pilots would fly their aircraft to Java to participate in the desperate Allied defense of that ultimate Japanese objective Except for the pilots from the Philippines almost all of the other pilots eventually assigned to the five provisional pursuit squadrons ordered to Java were recent graduates of flying school with just a few hours on the P 40 Only forty three of them made it to their assigned destination the rest suffered accidents in Australia were shot down over Bali and Darwin or were lost in the sinking of the USS Langley as it carried thirty two of them to Java Even those who did reach the secret field on Java wondered if they had been sacrificed for no purpose As the Japanese air assault intensified daily the Allied defense collapsed Only eleven Japanese aircraft fell to the P 40s Author William H Bartsch has pored through personal diaries and memoirs of the participants cross checking these primary sources against Japanese aerial combat records of the period and supplementing them with official records and other American Dutch and Australian accounts Bartsch s thorough and meticulous research yields a narrative that situates the Java pursuit pilots experiences within the context of the overall strategic situation in the early days of the Pacific theater Flying Magazine ,1940-08
