**The National Cowboy & Western Heritage Museum** Bobby D. Weaver, 2020-12-11 In June 1965 the National Cowboy Hall of Fame and Western Heritage Center as it was then named owned a mere handful of artifacts In fact the Oklahoma City institution was forced to borrow materials in order to mount exhibitions to support its inaugural events From that modest beginning the center now known as the National Cowboy and Western Heritage Museum has grown into perhaps the world s most respected repository for the study and understanding of the diverse cultures of the American West But as Bobby D Weaver demonstrates in this no holds barred history the path from those humble origins to the esteemed position the museum occupies today led through some rough and tumble times including a period of receivership The autocratic style of the founding director coupled with certain early less than ethical practices forced the museum into what Weaver delicately terms a legal tangle that required a complete organizational and financial overhaul With renewed professional leadership and the steadfast support of dedicated patrons and sponsors the National Cowboy and Western Heritage Museum has developed and changed along with evolving understandings of the culture it was founded to celebrate

**Museums, Heritage and Indigenous Voice** Bryony Onciul, 2015-07-03 Current discourse on Indigenous engagement in museum studies is often dominated by curatorial and academic perspectives in which community voice viewpoints and reflections on their collaborations can be under represented This book provides a unique look at Indigenous perspectives on museum community engagement and the process of self representation specifically how the First Nations Elders of the Blackfoot Confederacy have worked with

museums and heritage sites in Alberta Canada to represent their own culture and history Situated in a post colonial context the case study sites are places of contention a politicized environment that highlights commonly hidden issues and naturalized inequalities built into current approaches to community engagement Data from participant observation archives and in depth interviewing with participants brings Blackfoot community voice into the text and provides an alternative understanding of self and cross cultural representation Focusing on the experiences of museum professionals and Blackfoot Elders who have worked with a number of museums and heritage sites Indigenous Voices in Cultural Institutions unpicks the power and politics of engagement on a micro level and how it can be applied more broadly by exposing the limits and challenges of cross cultural engagement and community self representation The result is a volume that provides readers with an in depth understanding of the nuances of self representation and decolonization
