*Balcony View, Living at Ground Zero After 9/11* Julia Frey, 2021-08-06 Very quietly Ron said You know I think the Towers are going to go Maybe we d better get out of here We suddenly realized that if either of the Towers fell at a certain angle our building was directly in the line of fall Above the raging flames the perpendicular steel I beams were beginning to bulge out softening in the heat Again his unnaturally quiet voice I can t stay here If the Towers fall on us I ll die of fright BALCONY VIEW a 9 11 Diary Julia Frey s account begins on September 11 2001 as the couple decide that despite her husband s illness they must somehow flee They abandon his wheelchair he is too frail to climb on a boat Later that day covered with ashes they struggle home through a neighborhood pitched into destruction and chaos to look out his study window at their new view the stage set for Dante s Inferno The domino effect of one burning collapsing building setting fire to the next one makes it clear that their own building could still go The electricity was out Ron could never go down 26 flights on his rear end We were trapped in the sky That s when Julia decides to write it all down if only for the people who will find their bodies Describing the first night in the the ruins being evacuated then returning weeks later to live at Ground Zero she discovers that their world has totally changed yet finally not changed at all Our previous problems didn t magically disappear They were just waiting for us to come back in the door This powerful narrative of double coping with Ron s progressing disability and with the after effects of 9 11 describes a situation the manuals don t cover caregiving in a disaster Julia Frey s intense wryly humorous you are there style buoys up the diary and moves it swiftly along catching us in a gripping touching brave tender funny story of falling towers a failing husband and a floundering m nage trois Nothing happens in a vacuum she says weaving in the leitmotif of a long term love affair Unflinchingly she faces the ruins out the window and her own disturbing ambivalence as she sacrifices her creative and professional life to become a full time caregiver Ron is no angel either He s a self centered willful novelist who after convincing her to take a lover now wants her to give him up What makes him think he can turn us off and on like televisions she wonders Ron s own writing creates an important counterpoint to Julia s voice as she weaves into her diary quotations from his posthumous novel Last Fall FC2 2005

In a poignant Coda another tale comes to light the almost supernatural coincidences between Ron's last short story and a series of events that occur after Ron dies There is even a happy ending Now twenty years later Julia's experience is no longer an extraordinary occurrence This historical diary is important not only to historians sociologists and psychologists helping patients recover from PTSD but above all to those who find themselves unexpectedly plunged into similar catastrophic situations becoming caregivers during a major emergency The international Covid 19 pandemic and regional climate change disasters like wildfires tornadoes hurricanes repeated Gulf Coast flooding and the 2021 Texas freezes have left many unprepared people to deal with a very ill family member without electricity gas or clean water Julia's dilemma unfortunately is no longer rare Many people will find it comforting to know that even unheroic people manage to get through such times Book Review An intimate memoir of love and loss in the shadow of 9 11 Engaging and candid an insightful look at how one woman copes with personal and national trauma Kirkus Indie *Lies the Media Tell Us* James P. Ausmus, 2004 In the Midst of Chaos is the story of a volunteer safety representative's 30 days in the middle of the World Trade Center disaster His task was to assist the rescue and recovery teams construction workers and volunteers in protecting themselves from injury in the debris field of WTC Tower 2 where thousand of victims lay buried Urged by his wife to keep a record of his experiences for their children and grandchildren he documented the daily sights sounds smell frustrations and profound tragedy of Ground Zero Staggered by the horrible sights of death grief and the uncertainty of his own survival he frequently turns his own thoughts inwards He allows the reader to experience the reality of the disaster his innermost thoughts and fears the painful personal emotions and the life altering changes taking place within
