University of Michigan, 1967 Announcements for the following year included in some vols *General Register* University of Michigan, 1961 Announcements for the following year included in some vols **Terrorism in the Cold War** Adrian Hänni, Thomas Riegler, Przemyslaw Gasztold, 2020-09-17 Accounts of the relationships between states and terrorist organizations in the Cold War era have long been shaped by speculation a lack of primary sources and even conspiracy theories In the last few years however things have evolved rapidly Using a wide range of case studies including the KGB s Abduction Program Polish Military Intelligence and North Korea s Terrorism and Counterterrorism this book sheds new light on the relations between state and terrorist actors allowing for a fresh and much more insightful assessment of the contacts dealings agreements and collusion with terrorist organizations undertaken by state actors on both sides of the Iron Curtain This book presents the current state of research and provides an assessment of the nature motives effects and major historical shifts of the relations between individual states and terrorist organizations The articles collected demonstrate that these state terrorism relationships were not only much more ambiguous than much of the older literature had suggested but are in fact crucial for the understanding of global political history in the Cold War era **The Polish American Encyclopedia** James S. Pula, 2010-12-22 At least nine million Americans trace their roots to Poland and Polish Americans have contributed greatly to American history and society During the largest period of immigration to the United States between 1870 and 1920 more Poles came to the United States than any other national group except Italians Additional large scale Polish migration occurred in the wake of World War II and during the period of Solidarity s rise to prominence This encyclopedia features three types of entries thematic essays topical entries and biographical profiles The essays synthesize existing work to provide interpretations of and insight into important aspects of the Polish American experience The topical entries discuss in detail specific places events or organizations such as the Polish National Alliance Polish American Saturday Schools and the Latimer Massacre among others The biographical entries identify Polish Americans who have made significant contributions at the regional or national level either to the history and culture of the United States or to the development of American Polonia **Here All Is Poland** Petro Andreas Nungovitch, 2018-12-13 On 10 April 2010 Polish President Lech Kaczynski and First Lady Maria Kaczynska were killed in an airplane crash outside the city of Smolensk in western Russia where they were flying to commemorate the 70th anniversary of the Soviet massacre of over twenty one thousand Polish prisoners during the Second World War Eight days later the president and his wife were laid to rest beneath the Krakow Cathedral on Wawel Hill an ancient necropolis of Polish kings and queens and the most prestigious burial site in all of Poland where only six other meritorious non royal national figures have been enshrined since the demise of the Polish

monarchy in the late eighteenth century The decision to bury Lech and Maria Kaczynski in Poland's highest national pantheon sparked an emotional debate about its symbolic appropriateness and underscored the question of how such burial decisions are actually made It also raised a whole host of questions about the historical significance and pantheonic function of Wawel the bedrock of sacred memory for the Polish nation as Stanislaw Staszic put it in the early nineteenth century in modern Polish consciousness Until now these questions have received surprisingly little attention beyond Polish historians of Krakow Here All Is Poland excavates and builds upon the extant scholarly discourse of Wawel to plot the evolution of a pantheonic funeral tradition over two hundred years thus providing a context and a clue for interpreting the historical significance of the 2010 burial

Polish-American Politics in Chicago, 1880-1940 Edward R. Kantowicz, 1975-05 The new

immigrants who came from southern and eastern Europe at the turn of the century have rarely been the subject of detailed scholarly examination. In particular Poles and other Slavic groups have usually been written about in a filiopietist manner. Edward Kantowicz fills this gap with his incisive work on Poles in Chicago. Kantowicz examines such questions as why Chicago with the largest Polish population of any city outside of Poland has never elected a Polish mayor. The author also examines the origins of the heavily Democratic allegiance of Polish voters. Kantowicz demonstrates that Chicago Poles were voting Democratic long before Al Smith, Franklin Roosevelt or the New Deal. Kantowicz has made extensive use of registration lists and voting records to construct a statistical picture of Polish American voting behavior in Chicago. He draws on church records and census records to provide a detailed description of Chicago's many Polish neighborhoods. He also has studied the city's Polish language press as well as the few manuscript collections left by Polish American politicians. These collections together with data gleaned from interviews with individuals who were acquainted with these figures are used to sketch profiles of the political leaders of Polonia's capital. Kantowicz focuses on the goals which the Polish American community pursued in politics, the issues they deemed important and the functions which politics served for them. He links this analysis to observations on the homeland and the reasons for which the Poles emigrated. In this context he is able to draw conclusions about the nature of the ethnic politics in general. His work will appeal to a variety of readers: urban and twentieth century historians, political scientists and sociologists. *Heaven upon earth. [Social articles.] By a Polish Exile. [With two engravings and two diagrams.]*, 1848

Conscious History Natalia Aleksyńska, 2021-07-08 Thoroughly researched, this study highlights the historical scholarship that is one of the lasting legacies of interwar Polish Jewry and analyses its political and social context. As Jewish citizens struggled to assert their place in a newly independent Poland, a dedicated group of Jewish scholars, fascinated by history, devoted themselves to creating a sense of Polish Jewish belonging while also fighting for their rights as an ethnic minority. The political climate made it hard for these men and women to pursue an academic career; instead, they had to continue their efforts to create and disseminate Polish Jewish history by teaching outside the university and publishing in scholarly and popular journals. By introducing the Jewish public to a pantheon of historical heroes, to celebrate and anniversaries to commemorate, they sought to forge a community aware of its past, its cultural heritage and its achievements, though no less important were their efforts to counter the increased hostility towards Jews in the public discourse of the day. In highlighting the role of public intellectuals and the social role of scholars and historical scholarship, this study adds a new dimension to the understanding of the Polish Jewish world in the interwar period. *Studying Peoples in the People's Democracies* Mihály Sárkány, C. M. Hann, Peter Skalník, 2005 Under socialism, the anthropological sciences developed under conflicting pressures: on the one hand, Soviet influences, Marxist ideology and institutional changes; on the other, the continued influence of national traditions and of the distinction between Volkskunde and Volkerkunde. The chapters bring out striking differences between the countries considered: the German Democratic Republic, Poland, Czechoslovakia and

Hungary They also draw attention to variation within countries and between sub branches of the discipline Coverage extends from the Stalinist years to the end of the socialist era and the topics range from folklore studies at home to fieldwork expeditions abroad In the Polish Secret War Marian S. Mazgaj,2009-01-14 Born in the Polish village of Gaj in 1923

Marian Mazgaj was a teenager when Germany invaded his country and launched Poland into the combat of World War II Too young to join the Polish army within a few years he became a member of the Sandomierz Flying Commando Unit a unit which merged with the Jedrus Polish underground group This memoir provides a vivid record of Mazgaj s career in the military The Sandomierz Flying Commando Unit and the Jedrus underground were actively engaged in fighting the Nazi forces in Poland during World War II and the author provides a first hand account of the groups roles in attacking and disarming German military units destroying the enemy s grain warehouses and receiving air drops of weapons ammunition and explosives from the Allies He also describes the incorporation of his partisan group into the Home Army whereby he and his comrades became the Fourth Company in the Second Regiment of the Second Division gaining strength and destroying many more German units **Polish Reference Grammar** Maria Z. Udrea,David Smith,Karl Cordell,2021-09-05 The increased engagement of states with their co ethnics abroad has recently become one of the most contentious features of European politics Until recently the issue has been discussed predominantly within the paradigm of international security yet a review of the broader European picture shows that kin state engagement can in fact have a positive societal impact when it actually responds effectively to the claims formulated by co ethnic communities themselves Poland s Kin State Policies Opportunities and Challenges offers new insights into this issue by

examining Poland's fast evolving relationship with Polish communities living beyond its borders. Its central focus is the Act on the Polish Card generally known as *Karta Polaka*. Tracing policymaking processes and the underlying political agendas that have shaped them, the volume situates Poland's engagement within broader conceptual and normative debates around kin state and diaspora politics and explores its reception and impact in neighbouring states: Ukraine, Germany, Lithuania. The volume highlights how the issue of co-ethnics abroad is increasingly being instrumentalised, most especially for the purposes of attracting labour migration to resolve the demographic crisis in Poland. The chapters in this book were originally published as a special issue of *Ethnopolitics*.
