At Any Price Patricia Roush, 2023-03-21 A mother recounts her interactions with the US government as she struggled to bring home her abducted daughters from Saudi Arabia. Patricia Roush's girls were kidnapped more than 16 years ago and taken by their Saudi father who they hardly knew to the kingdom of Saudi Arabia. They were three and seven at the time. *At Any Price* is the story of her fight to get them back from a father with a documented history of severe mental illnesses and violent tendencies. Amid this tragic set of circumstances was a bigger problem: an ongoing demoralizing struggle with the US government and the Saudi kingdom to reunite her with her children. *At Any Price* reveals the desperate and risky attempts for rescue that slip again and again from Patricia's grasp. This personal story of bravery, courage and faith will warm and inspire readers.

Seen and Heard Kyle Williams, 2012-12-04 You've heard the saying: Children should be seen and not heard. But teen political writer Kyle Williams is challenging that adage and making a name for himself in the process. As the youngest columnist for WorldNetDaily.com, he has tackled subjects such as abortion, homosexual rights, separation of church and state and the public school system. In *Seen and Heard*, Williams again takes on the establishment, offering clear evidence that a leftist agenda is at work in our nation. His lively, energetic analysis of current events will leave readers with an understanding of the attack on traditional family values that is taking place daily. Williams's writing style, sound logic infused with passion and conviction, makes *Seen and Heard* both informative and entertaining.

Journalistic Fraud Bob Kohn, 2003-08-14 For over a hundred years the New York Times has purported to present straight news and hard facts. But as Bob Kohn shows with absolute clarity, the founders' original vision has been hijacked and today, instead of straight news, readers are given mere editorial under the pretense of objective journalism. Kohn shows point by point the methods by which the Times' mission has been subverted by the present management, routinely slanting the presentation of the facts in leads, headlines and placement, utilizing polls, labels and loaded language to convey particular views, not genuine news, and staffing the newsroom with hacks who manipulate information to further a leftist agenda. Kohn shows how such fraudulence directly corrupts hundreds of news agencies across the world and by revealing all their methods of manipulation, he teaches readers how to decipher the slants in even the subtlest of cases, providing an entertaining and enlightening lesson in fraud busting.

Disasters and Tragic Events Mitchell

Newton-Matza, 2014-03-26 From the Salem Witch Trials of 1692 to the Sandy Hook school massacre of 2012, this two-volume encyclopedia surveys tragic events, natural and man-made, famous and forgotten that helped shape American history. Tragedies and disasters have always been part of the fabric of American history. Some gave rise to reactions that profoundly influenced the nation. Others dominated public consciousness for a moment, then disappeared from collective memory. Organized chronologically, **Disasters and Tragic Events** examines these moments, covering both the familiar and the obscure and probing their immediate and long-term effects. Unlike other works that concentrate on a particular type of disaster, for example, weather or medicine-related tragedies, this two-volume encyclopedia has no such limits. Its entries range from natural disasters such as hurricanes and tornadoes to civic disturbances, environmental disasters, epidemics, and medical errors, transportation accidents, and more. The work is a perfect supplement for history classes and will also prove of great interest to the general reader.

While America Sleeps Wells

Earl Draughon, 2007 This book describes the practices and propaganda that are preparing the fall of America and guaranteeing that nothing will be done to stop it. Other books focus on one aspect of the problem; this book tells you the whole story. Other books give you rants and unsupported claims. This book presents documented facts but also tells the victims' stories, bringing you face-to-face with the human costs. When presenting misguided practices and anti-American ideology, the book lets the perpetrators hang themselves in their own words.

The Road to 9/11 Peter Dale Scott, 2007-09-04 This is an ambitious, meticulous examination of how U.S. foreign policy since the 1960s has led to partial or total cover-ups of past domestic criminal acts, including perhaps the catastrophe of 9/11. Peter Dale Scott, whose previous books have investigated CIA involvement in Southeast Asia, the drug wars, and the Kennedy assassination, here probes how the policies of presidents since Nixon have augmented the tangled bases for the 2001 terrorist attack. Scott shows how America's expansion into the world since World War II has led to momentous secret decision-making at high levels. He demonstrates how these decisions by small cliques are responsive to the agendas of private wealth at the expense of the public, the democratic state, and of civil society. He shows how, in implementing these agendas, U.S. intelligence agencies have become involved with terrorist groups they once backed and helped create, including al Qaeda.

What's the Matter with Kansas? Thomas Frank,2007-04-01 One of our most insightful social observers cracks the great political mystery of our time how conservatism once a marker of class privilege became the creed of millions of ordinary Americans With his acclaimed wit and acuity Thomas Frank turns his eye on what he calls the thirty year backlash the populist revolt against a supposedly liberal establishment The high point of that backlash is the Republican Party s success in building the most unnatural of alliances between blue collar Midwesterners and Wall Street business interests workers and bosses populists and right wingers In asking what s the matter with Kansas how a place famous for its

radicalism became one of the most conservative states in the union Frank a native Kansan and onetime Republican seeks to answer some broader American riddles Why do so many of us vote against our economic interests Where s the outrage at corporate manipulators And whatever happened to middle American progressivism The questions are urgent as well as provocative Frank answers them by examining pop conservatism the bestsellers the radio talk shows the vicious political combat and showing how our long culture wars have left us with an electorate far more concerned with their leaders values and down home qualities than with their stands on hard questions of policy A brilliant analysis and funny to boot What s the Matter with Kansas presents a critical assessment of who we are while telling a remarkable story of how a group of frat boys lawyers and CEOs came to convince a nation that they spoke on behalf of the People Los Angeles Times *DOJ-Judicial Crimes Against the People* Captain Rodney Stich,2014-05-01 40 years of joint corrupt activities and resulting tragedies by Department of Justice personnel and federal judges **Manhattan Conspiracy** Ken Hudnall,2003-10-15 Volume 3 of the Manhattan Conspiracy series concerning one man opposing a terrorist organization determined to destroy America
