Firsthand America A History Of The United States Firsthand America Vol I:

Firsthand America Virginia Bernhard, David Burner, Stanley I. Kutler, 1996-02-01 **Firsthand America Vol. II** David Burner, Virginia Bernhard, Stanley I. Kutler, 1996-02 **America Firsthand, Volume 1** Anthony Marcus, John M. Giggie, David Burner, 2015-12-28 This distinctive class tested primary source reader tells America's story through the words and other creative expressions of the ordinary and extraordinary Americans who shaped it Points of View sections provide varied vantage points on important topics and select images draw students into interpreting the visual record This carefully crafted ready to go collection saves instructors time and effort in finding consistently engaging and informative sources

Firsthand America David Burner, Virginia Bernhard, Stanley I. Kutler, 2005-07-22 All comprehensive United States survey textbooks including this one give full coverage to standard political economic diplomatic and legal events But these elements of history are largely the story of elites This textbook also provides social history captured in the recognizable lives of ordinary people Presidents congressmen and corporate executives are quoted throughout the book So are soldiers slaves indentured servants cowboys working girls and women and civil rights activists Firsthand America using more than 2 000 quotations therefore gives due place both to the traditional leaders and to the myriad Americans never named in formal historians **America Firsthand, Volume I** Robert D. Marcus, David Burner, Anthony Marcus, 2009-02-27 With its distinctive focus on ordinary people this primary documents reader offers a remarkable range of perspectives on America's history from those who lived it from Jews in the Early Republic to strikers at an auto plant in 1940s Detroit and from a Civil War battlefield nurse to a 1990s dot com entrepreneur Popular Points of View sections expose students to different perspectives on a specific event or topic and Visual Portfolios invite analysis of the visual record These features and the collection as a whole save instructors time finding consistently suitable source material on their own [Reader's Guide to American History](#) Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history *The World of Antebellum America* Alexandra Kindell, 2018-09-20 This set provides insight into the lives of ordinary Americans free and enslaved in farms and cities in the North and the South who lived during the years of 1815 to 1860 Throughout the Antebellum Era resonated the theme of change migration urban growth the economy and the growing divide between North and South all led to great changes to which Americans had to respond By gathering the important aspects of antebellum

Americans lives into an encyclopedia The World of Antebellum America provides readers with the opportunity to understand how people across America lived and worked what politics meant to them and how they shaped or were shaped by economics Entries on simple topics such as bread and biscuits explore workers need for calories the role of agriculture and gendered divisions of labor while entries on more complex topics such as aging and death disclose Americans feelings about life itself Collectively the entries pull the reader into the lives of ordinary Americans while section introductions tie together the entries and provide an overarching narrative that primes readers to understand key concepts about antebellum America before delving into Americans lives in detail

America Firsthand, Volume Two Anthony Marcus, John M. Giggie, David Burner, 2011-12-05 This distinctive class tested primary source reader tells America s story through the words and other creative expressions of the ordinary and extraordinary Americans who shaped it Now featuring the contributions of new co author John M Giggie an award winning teacher and scholar from the University of Alabama America Firsthand offers a remarkable range of first person perspectives that bring the past vividly to life from an African American minister s message of racial liberation to the prison notes of suffragists to a writer s recollections of Sputnik Points of View sections provide varied vantage points on important topics and Visual Portfolios draw students into interpreting the visual record This carefully crafted ready to go collection saves instructors time and effort in finding consistently engaging and informative sources

Henry George Henry George, Kenneth C. Wenzer, 2019-07-23 More than a century after his death in 1897 Henry George remains one of the most original and influential economic thinkers in American history His revolutionary theory on land taxation gained a tremendous following reshaped the nation s political and economic debate and continues today to be a widely discussed and controversial subject throughout the world George s seminal work was Progress and Poverty 1879 but as a reformer economist journalist and political candidate he wrote scores of articles on a vast array of topics including political thought election reform immigration labor Lincoln presidential campaigns private property socialism industrialization Ireland Australia the Chinese in California and his race for mayor of New York City His writing shaped a generation of statesmen and intellectuals including Winston Churchill Robert La Follette Clarence Darrow George Bernard Shaw and Milton Friedman Despite his profound influence on economic thought and American reform he remains understudied in part because many of his writings appeared in obscure journals long defunct daily newspapers and long out of print collections This four volume set rectifies this problem by gathering all of George s hard to find articles and essays in one comprehensive edition It also includes the first biographical sketch of him written in 1884 and never before republished as well as numerous articles he wrote during his tour of Australia in 1890 Edited by noted George scholar Kenneth C Wenzer each article is reprinted in its original form with annotations There is a general introduction to each volume A timeline of George s activities and travels is also included

Native American Speakers of the Eastern Woodlands Barbara Alice Mann, 2001-04-30 This collection of essays examines in context eastern Native American speeches which are translated and

reprinted in their entirety Anthologies of Native American orators typically focus on the rhetoric of western speakers but overlook the contributions of Eastern speakers The roles women played both as speakers themselves and as creators of the speeches delivered by the men are also commonly overlooked Finally most anthologies mine only English language sources ignoring the fraught records of the earliest Spanish conquistadors and French adventurers This study fills all these gaps and also challenges the conventional assumption that Native thought had little or no impact on liberal perspectives and critiques of Europe Essays are arranged so that the speeches progress chronologically to reveal the evolving assessments and responses to the European presence in North America from the mid sixteenth century to the twentieth century Providing a discussion of the history culture and oratory of eastern Native Americans this work will appeal to scholars of Native American history and of communications and rhetoric Speeches represent the full range of the woodland east and are taken from primary sources AHA Perspectives ,2000 **America Firsthand: Readings from Reconstruction to the present** Robert D. Marcus,David Burner,Anthony Marcus,2006-02 One of the most widely adopted primary source U S history readers America Firsthand presents history in the words of the people who made it inviting and provoking students to think critically about the past The seventh edition continues to bring the past to life with more visual and textual sources that increase diversity represent current scholarship and engage students **The Civil War** Terry Jansen,2008-12-22 This is the story of how slavery caused the Civil War from the slave statutes enacted in Jamestown Virginia to the slaveholding founding fathers to its inclusion in the documents of democracy Teaching Olaudah Equiano's Narrative Eric D. Lamore,2012-11-30 The Interesting Narrative of the Life of Olaudah Equiano or Gustavus Vassa the African Written by Himself 1789 is one of the most frequently and heatedly discussed texts in the canon of eighteenth century transatlantic literature written in English Equiano s Narrative contains an engrossing account of the author s experiences in Africa the Americas and Europe as he sought freedom from bondage and became a leading figure in the abolitionist movement While scholars have approached this sophisticated work from diverse critical and historical biographical perspectives there has been until now little written about the ways in which it can be successfully taught in the twenty first century classroom In this collection of essays most of them never before published sixteen teacher scholars focus explicitly on the various classroom contexts in which the Narrative can be assigned and various pedagogical strategies that can be used to help students understand the text and its complex cultural intellectual literary and historical implications The contributors explore topics ranging from the religious dimensions of Equiano s rhetoric and controversies about his origins specifically whether he was actually born in Africa and endured the Middle Passage to considerations of the Narrative s place in American Literature survey courses and how it can be productively compared to other texts including captivity narratives and modern works of fiction They not only suggest an array of innovative teaching models but also offer new readings of the work that have been overlooked in Equiano studies and Slavery studies With these two dimensions this volume will help ensure that conversations over Equiano s eighteenth

century autobiography remain relevant and engaging to today's students ERIC D LAMORE is an assistant professor of English at the University of Puerto Rico at Mayaguez A contributor to The Greenwood Encyclopedia of American Poets and Poetry he is also the coeditor with John C Shields of New Essays on Phillis Wheatley **Perspectives**, 2004 *Shadows of the Past: Chronicles of Life in Antebellum America* B. P. Stricker, 2025-02-15 Antebellum history often focuses on the national and state circumstances facing the American people at the time From the end of the War of 1812 until the beginning of the Civil War America was struggling to find common ground on numerous problems dividing the country Ultimately the government failed to prevent the outbreak of civil war But behind the scenes during all the decades of political maneuvering ordinary citizens throughout the country were still living their lives People worked married had families and interacted daily *Shadows of the Past* is about those people Through fifteen intriguing chapters *Shadows of the Past* offers a unique look into how lesser known changes events and social interactions in cities and towns across the country affected the lives of ordinary citizens A few descriptive incidents will better illustrate the approach of *Shadows of the Past* Steam power revolutionized how Americans traveled and shipped commodities The new technology was an extreme benefit to the individual the economy and the country as a whole But the steamboat also had its complications This new form of energy had not wholly been mastered and if crews were not adequately trained to operate the dangerous equipment malfunctions could easily occur This is precisely what happened to the Lexington and Princess steamboats The experience of the calamity for the people on the boats and those who witnessed the events is extraordinary Personal honor was a complex set of mores in Antebellum America When a man of honor was dishonored by another the result was often violent retribution It could be a duel legal in some regions but not others or spontaneous violent retaliation The latter occurred in 1859 when two political newcomers in Washington D C settled a problem involving one of their wives An arrest and trial in the case offered a unique legal defense that had never been successfully attempted in America The Mormons struggled in Antebellum America to establish their religion Incidents across the country forced them to move further and further West But even then they found no peace Constant harassment caused them to develop a more offensive position than they preferred When an emigrant wagon train heading to California in 1857 attempted to cross the Utah Territory in an area known as Mountain Meadows the encounter they had with the Mormons changed their lives and the course of Mormon history Freemasonry in the United States has a long and ancient history It began in America in colonial times and grew to such an extent that its power and influence in the country was without reproach However in 1826 in New York when an offended Freemason who threatened to reveal the fraternity's secrets disappeared without a trace the public began to develop a less friendly attitude toward the secret society The investigation into the missing man's disappearance and what was believed to be murder changed the view of the public toward the Freemasons in America The theater was one of the most popular pastimes during the Antebellum Period It was one of the rare venues where all social classes intermingled much to the chagrin of the upper class whose public etiquette

differed significantly from the rabble of the working class Patrons were also passionate about specific actors and tended to extend their loyalty to those who fit their social class When an actor from England insulted the working class followers of an American actor nationalism overflowed into a violent confrontation in 1849 at the Astor Place Opera House The approach of Shadows of the Past to historical events and incidents in Antebellum America will captivate the reader and inspire them to reassess the history of the common citizen in the Antebellum Era **America Firsthand, Volume 2** Anthony Marcus, John M. Giggie, David Burner, 2015-12-28 This distinctive class tested primary source reader tells America's story through the words and other creative expressions of the ordinary and extraordinary Americans who shaped it Points of View sections provide varied vantage points on important topics and select images draw students into interpreting the visual record This carefully crafted ready to go collection saves instructors time and effort in finding consistently engaging and informative sources The Prairie People Rod Janzen, 2025-05-02 The Prairieleut Hutterians emigrating from the Ukraine in the late nineteenth century to settle on the Dakota plains are an under studied American Christian community While these Prairie People maintain Hutterian social and theological traditions they have chosen unlike other Hutterians to live non communally Nonetheless to this day many of them remain committed to consensus models of decision making pacifism a simple lifestyle and to the social dimension of Christianity Rod Janzen who has lived and worked among the Prairie People weaves firsthand interviews and anecdotes with analysis to illuminate the ongoing struggle of the Prairieleut Hutterites for cultural preservation in the face of North American social pressures *OAH Newsletter*, 2001 **Corruption and Reform in the Teamsters Union** David Scott Witwer, 2003 Almost since its creation at the close of the nineteenth century the Teamsters Union has had recurring problems with corruption This book is the first in depth historical study of the forces that have contributed to the Teamsters troubled past as well as the various mechanisms the union has employed from top down directives to grass roots measures to combat the spread of corruption Arguing that the Teamsters Union was by its very nature especially vulnerable to certain forms of corruption David Witwer charts the process by which organized crime came to play a significant role in sectors of the union from low level involvements of the 1930s to suspicions of mob ties among the union's upper echelons beginning in the 1950s Witwer includes a detailed account of the links forged between the mafia and union head Jimmy Hoffa as well as the highly revealing McLellan Committee investigation that first brought these links to light David Witwer is a former employee of the New York County District Attorney's Office and the U S Attorney's Office Drawing on hundreds of hours of tapes of activities and conversations in the offices of corrupt union officials he brings his experience and insight to bear on the union's history considering the subject from a range of perspectives that include the rank and file the Teamster leadership and the criminal element He also examines the persistent efforts of labor opponents to capitalize on the union's unsavory reputation fanning the flames of crises of corruption in order to influence popular and legislative opinion

As recognized, adventure as with ease as experience nearly lesson, amusement, as without difficulty as union can be gotten by just checking out a books **Firsthand America A History Of The United States Firsthand America Vol I** furthermore it is not directly done, you could put up with even more going on for this life, nearly the world.

We have the funds for you this proper as capably as easy mannerism to get those all. We have enough money Firsthand America A History Of The United States Firsthand America Vol I and numerous ebook collections from fictions to scientific research in any way. among them is this Firsthand America A History Of The United States Firsthand America Vol I that can be your partner.
