

Ecology Of Gender

Christine Bauhardt, Wendy Harcourt

Ecology Of Gender:

The Ecology of Gender Amy L. Chasteen, 1992 The Ecology of Gender ANONIMO, 2000-09-01 Religion, Ecology & Gender Sigurd Bergmann, Yong-bok Kim, 2009 The understanding of nature is at the heart of European self understanding while in Asia the terms of life and energy play a similar central role Globally many institutions and movements have made the protection of the environment and climate a top policy priority Given the urgency of environmental problems the lack of reflections about the human and especially the spiritual dimension of environmental problems is striking Environmental and climatic change transforms not only culture politics and economy but also religion Religious traditions have on the one hand always been dependent on human ecologies on the other hand they vibrantly affect our perceptions of nature and sociocultural practices with in it If life and religion change dramatically at present how could religion make a change How are religious and ecologic processes gendered and how can ecofeminism deepen our understanding of justice What are the life enhancing spiritual resources in the East and the West How can Christian theology contribute to the necessary eco cultural revolution ahead of us And how can Buddhist Taoist Confucian and Christian spiritualities cooperate in a common space and future Questions like these are reflected upon by scholars of religion and theology from Korea Canada and Scandinavia Their chapters emerge from an international workshop which was arranged and convened by the editors 2007 in Yecheon on the Korean countryside and in Seoul Feminism and Ecology Mary Mellor, 1997 Tracing ecofeminist activism from the Love Canal demonstrations to socialist ecofeminism *Feminism and Ecology* provides a comprehensive introduction to the ecofeminist movement and its history as well as an extensive new analysis of the main perspectives within it

Women Philosophers on Economics, Technology, Environment, and Gender History Ruth Edith

Hagengruber, 2023-08-21 In times of current crisis the voices of women are needed more than ever The accumulation of war and environmental catastrophes teaches us that exploitation of people and nature through violent appropriation and enrichment for the sake of short term self interest exacts its price This book presents contributions on the currently most relevant and most urgent issues reshaping the economy environmental problems technology and the re reading of history from the non western and western tradition With an outlook into the problems of class race and gender in its intersectional framing the collection offers a unique overview of current research in these fields and contributes to the renewal and contemporary presentation of feminist thought from partly concrete perspectives with regard to factual issues

Negotiating Gender Expertise in Environment and Development Bernadette P. Resurrección, Rebecca

Elmhirst, 2020-11-26 This book casts a light on the daily struggles and achievements of gender experts working in environment and development organisations where they are charged with advancing gender equality and social equity and aligning this with visions of sustainable development Developed through a series of conversations convened by the book s editors with leading practitioners from research advocacy and donor organisations this text explores the ways gender

professionals specialists and experts researchers organizational focal points deal with personal power laden realities associated with navigating gender in everyday practice In turn wider questions of epistemology and hierarchies of situated knowledges are examined where gender analysis is brought into fields defined as largely techno scientific positivist and managerialist Drawing on insights from feminist political ecology and feminist science technology and society studies the authors and their collaborators reveal and reflect upon strategies that serve to mute epistemological boundaries and enable small changes to be carved out that on occasions open up promising and alternative pathways for an equitable future This book will be of great relevance to scholars and practitioners with an interest in environment and development science and technology and gender and women s studies more broadly The Open Access version of this book available at <https://www.taylorfrancis.com/books/e/9781351175180> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Feminist Political Ecology Dianne Rocheleau, Barbara Thomas-Slayter, Esther Wangari, 2013-04-15 Feminist Political Ecology explores the gendered relations of ecologies economies and politics in communities as diverse as the rubber tappers in the rainforests of Brazil to activist groups fighting racism in New York City Women are often at the centre of these struggles struggles which concern local knowledge everyday practice rights to resources sustainable development environmental quality and social justice The book bridges the gap between the academic and rural orientation of political ecology and the largely activist and urban focus of environmental justice movements

Gender and the Environment Nicole Detraz, 2017-05-23 Climate change natural disasters and loss of biodiversity are all considered major environmental concerns for the international community both now and into the future Each are damaging to the earth but they also negatively impact human lives especially those of women Despite these important links to date very little consideration has been given to the

role of gender in global environmental politics and policy making This timely and insightful book explains why gender matters to the environment In it Nicole Detraz examines contemporary debates around population consumption and security to show how gender can help us to better understand environmental issues and to develop policies to tackle them effectively and justly Our society often has different expectations of men and women and these expectations influence the realm of environmental politics Drawing on examples of various environmental concerns from countries around the world Gender and the Environment makes the case that it is only by adopting a more inclusive focus that embraces the complex ways men and women interact with ecosystems that we can move towards enhanced sustainability and greater environmental justice on a global scale This much needed book is an invaluable guide for those interested in environmental politics and gender studies and sets the agenda for future scholarship and advocacy

Engendering the Environment? Gender in the World

Bank's Environmental Policies Priya A. Kurian, 2018-02-06 This title was first published in 2000 Priya Kurian's research offers environmental policy scholarship a new theoretically rich and empirically validated approach to understanding the significance of gender to environmental policy

Earth at Risk in the 21st Century: Rethinking Peace, Environment, Gender, and Human, Water, Health, Food, Energy Security, and Migration Úrsula Oswald Spring, 2020-04-03 Earth at Risk in the 21st Century offers critical interdisciplinary reflections on peace security gender relations migration and the environment all of which are threatened by climate change with women and children affected most Deep rooted gender discrimination is also a result of the destructive exploitation of natural resources and the pollution of soils water biota and air In the Anthropocene the management of human society and global resources has become unsustainable and has created multiple conflicts by increasing survival threats primarily for poor people in the Global South Alternative approaches to peace and security focusing from bottom up on an engendered peace with sustainability may help society and the environment to be managed in the highly fragile natural conditions of a hothouse Earth Thus the book explores systemic alternatives based on indigenous wisdom gift economy and the economy of solidarity in which an alternative cosmovision fosters mutual care between humankind and nature Special analysis of risks to the survival of humankind in the 21st century Interdisciplinary studies on peace security gender and environment related to global environmental and climate change Critical reflections on gender relations peace security migration and the environment Systematic analysis of food water health energy security and its nexus Alternative proposals from the Global South with indigenous wisdom for saving Mother Earth

Decolonising Conflicts, Security, Peace, Gender, Environment and Development in the Anthropocene Úrsula Oswald Spring, Hans Günter Brauch, 2021-01-25 In this book 25 authors from the Global South 19 and the Global North 6 address conflicts security peace gender environment and development Four parts cover I peace research epistemology II conflicts families and vulnerable people III peacekeeping peacebuilding and transitional justice and IV peace and education Part I deals with peace ecology transformative peace peaceful societies Gandhi's non violent policy and disobedient peace Part II discusses urban climate

change climate rituals conflicts in Kenya the sexual abuse of girls farmer herder conflicts in Nigeria wartime sexual violence facing refugees the traditional conflict and peacemaking process of Kurdish tribes Hindustani family shame and communication with Roma Part III analyses norms of peacekeeping violent non state actors in Brazil the art of peace in Mexico grass roots post conflict peacebuilding in Sulawesi hydrodiplomacy in the Indus River Basin the Rohingya refugee crisis and transitional justice Part IV assesses SDGs and peace in India peace education in Nepal and infrastructure based development and peace in West Papua Peer reviewed texts prepared for the 27th Conference of the International Peace Research Association IPRA in 2018 in Ahmedabad in India Contributions from two pioneers of global peace research a foreword by Johan Galtung from Norway and a preface by Betty Reardon from the United States Innovative case studies by peace researchers on decolonising conflicts security peace gender environment and development in the Anthropocene the new epoch of earth and human history New theoretical perspectives by senior and junior scholars from Europe and Latin America on peace ecology transformative peace peaceful societies and Gandhi's non violence policy Case studies on climate change SDGs and peace in India conflicts in Kenya Nigeria South Sudan Turkey Brazil and Mexico Roma in Hungary the refugee crisis in Bangladesh peace action in Indonesia and India Pakistan and peace education in Nepal

Gender and Environment Susan Buckingham, 2020-05-01 This completely revised second edition of *Gender and Environment* explains the inter relationship between gender relations and environmental problems and practices and how they affect and impact on each other Explaining our current predicament in the context of historical gender and environment relations and contemporary theorisations of this relationship this book explores how gender and environment are imbricated at different scales the body the household community and city through concepts of work and at the global scale The final chapter draws these themes together through a consideration of waste and shows that gender is an important dimension in how we define categorise generate and manage waste and how this contributes to environmental problems Contemporary examples of environmental activism are juxtaposed with past campaigns throughout the book to demonstrate how protest and activism is as gendered as the processes which have created the situations protested about The author's experiences of working with both the European Union on gender mainstreaming environmental research and practice and with environmental groups on gender based campaigns provide unique insights and case studies which inform the book The book provides a contemporary textbook with a strong research foundation drawing on the author's extensive research and professional and practice activity on the gender environment relationship over the past 20 years in a wide range of geographical contexts

Routledge Handbook of Gender and Environment Sherilyn MacGregor, 2017-07-14 The Routledge Handbook of Gender and Environment gathers together state of the art theoretical reflections and empirical research from leading researchers and practitioners working in this transdisciplinary and transnational academic field Over the course of the book these contributors provide critical analyses of the gender dimensions of a wide range of timely and challenging topics from

sustainable development and climate change politics to queer ecology and interspecies ethics in the so called Anthropocene Presenting a comprehensive overview of the development of the field from early political critiques of the male domination of women and nature in the 1980s to the sophisticated intersectional and inclusive analyses of the present the volume is divided into four parts Part I Foundations Part II Approaches Part III Politics policy and practice Part IV Futures Comprising chapters written by forty contributors with different perspectives and working in a wide range of research contexts around the world this Handbook will serve as a vital resource for scholars students and practitioners in environmental studies gender studies human geography and the environmental humanities and social sciences more broadly

Dictionary of Ecological Economics Brent M. Haddad, Barry D. Solomon, 2023-02-14 This comprehensive Dictionary brings together an extensive range of definitive terms in ecological economics Assembling contributions from distinguished scholars it provides an intellectual map to this evolving subject ranging from the practical to the philosophical

Feminist Political Ecology and the Economics of Care Christine Bauhardt, Wendy Harcourt, 2018-12-07 This book envisages a different form of our economies where care work and care full relationships are central to social and cultural life It sets out a feminist vision of a caring economy and asks what needs to change economically and ecologically in our conceptual approaches and our daily lives as we learn to care for each other and non human others Bringing together authors from 11 countries also representing institutions from 8 countries this edited collection sets out the challenges for gender aware economies based on an ethics of care for people and the environment in an original and engaging way The book aims to break down the assumed inseparability of economic growth and social prosperity and natural resource exploitation while not romanticising social material relations to nature The authors explore diverse understandings of care through a range of analytical approaches contexts and case studies and pays particular attention to the complicated nexus between re productivity nature womanhood and care It includes strong contributions on community economies everyday practices of care the politics of place and care of non human others as well as an engagement on concepts such as wealth sustainability food sovereignty body politics naturecultures and technoscience Feminist Political Ecology and the Economics of Care is aimed at all those interested in what feminist theory and practice brings to today s major political economic and environmental debates around sustainability alternatives to economic development and gender power relations

Routledge Handbook of Religion and Ecology Willis Jenkins, Mary Evelyn Tucker, John Grim, 2016-07-22 The moral values and interpretive systems of religions are crucially involved in how people imagine the challenges of sustainability and how societies mobilize to enhance ecosystem resilience and human well being The Routledge Handbook of Religion and Ecology provides the most comprehensive and authoritative overview of the field It encourages both appreciative and critical angles regarding religious traditions communities attitude and practices It presents contrasting ways of thinking about religion and about ecology and about ways of connecting the two terms Written by a team of leading international experts the Handbook discusses dynamics of change within religious

traditions as well as their roles in responding to global challenges such as climate change water conservation food and population It explores the interpretations of indigenous traditions regarding modern environmental problems drawing on such concepts as lifeway and indigenous knowledge This volume uniquely intersects the field of religion and ecology with new directions within the humanities and the sciences This interdisciplinary volume is an essential reference for scholars and students across the social sciences and humanities and for all those looking to understand the significance of religion in environmental studies and policy

Úrsula Oswald Spring: Pioneer on Gender, Peace, Development, Environment, Food and Water Úrsula Oswald Spring, 2018-09-04 This book aims to initiate among students and other readers critical and interdisciplinary reflections on key problems concerning development gender relations peace and environment with a special emphasis on North South relations This volume offers a selection of the author's research in different parts of the world during 50 years of contributing to an interdisciplinary scientific debate and addressing social answers to urgent global problems After the author's biography and bibliography the second part analyses the development processes of several countries in the South that resulted in a dynamic of underdevelopment The deep rooted gender discrimination is also reflected in the destructive exploitation of natural resources and the pollution of soils water and air Since the beginning of the Anthropocene in the mid 20th century the management of human society and global resources has been unsustainable and has created global environmental change and multiple conflicts over scarce and polluted resources Peace and development policies aiming at gender equity and sustainable environmental management where water and food are crucial for the survival of humankind focus on systemic alternatives embedded in a path of sustainability transition This book reviews multiple influences from Europe Africa and Latin America on a leading social scientist and activist on gender development and environment aiming at a world with equity sustainability peace and harmony between nature and humans This pioneer volume analyses social and environmental conflicts and peace processes in Latin America with a special focus on Mexico by addressing the development of under development global environmental change poverty nutrition and the North South gap This volume focuses on environmental deterioration with a special emphasis on food and water and proposes systemic changes towards a sustainability transition with peace regional development and gender equity This pioneering work offers alternative approaches to regional development food sovereignty and holistic development processes from a gender perspective

The Women, Gender and Development Reader Nalini Visvanathan, Lynn Duggan, Nan Wiegersma, Laurie Nisonoff, 2011-11-25 The Women Gender and Development Reader II is the definitive volume of literature dedicated to women in the development process Now in a fully revised second edition the editors expertly present the impacts of social political and economic change by reviewing such topical issues as migration persistent structural discrimination the global recession and climate change Approached from a multidisciplinary perspective the theoretical debates are vividly illustrated by an array of global case studies This now classic book has been designed as a comprehensive reader presenting the best of

the now vast body of literature The book is divided into five parts incorporating readings from the leading experts and authorities in each field The result is a unique and extensive discussion a guide to the evolution of the field and a vital point of reference for those studying or with a keen interest in women in the development process **Selected Readings from Wastelands News on Ecology, Livestock, Gender, Governance, Landuse--** ,2006 Partly with reference to India

Enjoying the Beat of Expression: An Mental Symphony within **Ecology Of Gender**

In a global taken by screens and the ceaseless chatter of instant interaction, the melodic elegance and psychological symphony produced by the prepared term frequently fade into the back ground, eclipsed by the persistent sound and interruptions that permeate our lives. However, set within the pages of **Ecology Of Gender** a wonderful literary value overflowing with fresh emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this fascinating masterpiece conducts visitors on an emotional journey, skillfully unraveling the hidden tunes and profound impact resonating within each cautiously crafted phrase. Within the depths of the touching evaluation, we shall investigate the book is main harmonies, analyze its enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
