Economic Diversification And Development In Saudi-Arabia Rashid Masood, Rashid, 1989 **Economic Diversification and Development in Saudi Arabia** Rashid Masood, 1989 *Economic Diversification in the Gulf Region, Volume I* Ashraf Mishrif, Yousuf Al Balushi, 2017-12-27 This volume focuses on the role of the private sector in diversifying the economics of Gulf countries in the post petrodollar era when fluctuating and declining oil prices are negatively impacting national expenditures It explores current policies of countries in the Gulf Cooperation Council and their efforts to shift their economies away from heavy dependence on hydrocarbons The structural changes will create favorable conditions for the private sector to flourish shift production dependence from public to private sector and allow for more efficient resource allocation Such changes will also allow local banks to provide financial support to small and medium enterprises boost entrepreneurship for job creation and strengthen organizational structure and efficiency This is the first volume in Economic Diversification in the Gulf Region **Economic Development in the Gulf Cooperation Council Countries** H  la Miniaoui, 2020-10-26 This book delves into the economic development of the six Gulf Cooperation Council GCC countries Since the 1960s the GCC states have harnessed their potential to exploit the wealth accrued from the oil boom to build their infrastructure and grow their economies However the high level of dependency on oil as the primary source feeding their output made their economies volatile and vulnerable to fluctuations in the global oil prices Moreover the plunge in oil prices and the threat of depletion of this natural resource pose serious challenges to the GCC countries Consequently the GCC governments have realized the importance of diversifying their economies following the need to move away from reliance on hydrocarbon This book contributes to the theoretical literature by enriching the debate on the transition of the GCC countries from rentier states to diversified economies It helps students and scholars understand this transformation with an expansive comprehension of the contemporary challenges facing the region as well as outlining prospects for the future
