Responsive and proactive market orientation and hospital financial performance The mediating effect of service program innovativeness PURPOSE The study aims to investigate the direct and indirect relationships among market orientation service program innovativeness and the financial performance of hospitals Two types of market orientation responsive and proactive were considered along with two dimensions of service program innovativeness meaningfulness and novelty METHODOLOGY The study gathered data through a survey conducted on a random sample of 204 Polish hospitals Structural equation modeling was used to analyze the data test a conceptual model designed as a parallel two mediator model and validate the hypotheses FINDINGS The work revealed both direct and indirect effects In terms of direct effects the study found that implementing a responsive market orientation positively influences the meaningfulness of a hospital's service program but has no impact on its novelty Conversely the implementation of a proactive market orientation has a positive influence on both the meaningfulness and novelty of the program Furthermore the meaningfulness and novelty of the program contribute positively to the hospital's financial performance In terms of indirect effects the study identified mediation phenomena a responsive market orientation positively affects a hospital's financial performance through the

meaningfulness of the service program while a proactive market orientation enhances financial performance through the novelty of the program

IMPLICATIONS The study contributes to the current understanding confirming the positive impact of a proactive market orientation on innovations within the organization while contradicting the view that a responsive market orientation supports these innovations Additionally the results support the idea that innovations within the organization have a positive impact on its outcomes The study also reveals specific mechanisms that influence market orientation on organizational outcomes indicating that a responsive orientation affects a service provider's outcomes through the meaningfulness of its service program while a proactive orientation influences outcomes through the novelty of the program The practical recommendations for hospital managers are as follows

- to achieve a high level of meaningfulness in the service program it is advisable to implement both responsive and proactive market orientations
- to attain a high level of novelty in the program a proactive market orientation is recommended
- to enhance the hospital's financial performance it is suggested to develop a service program that is both meaningful and novel and to implement both responsive and proactive market orientations

ORIGINALITY AND VALUE The study's originality and value stem from its exploration of specific direct and indirect mechanisms through which market orientation affects hospital financial performance filling a prior research gap By investigating these mechanisms the study enhances the overall understanding of hospital management

Keywords market orientation responsive orientation proactive orientation healthcare financial performance innovativeness

Does ESG performance have an impact on financial performance Evidence from Turkey

PURPOSE Stakeholders such as consumers nongovernmental organizations and public institutions have increasingly pressured companies to adopt corporate social responsibility CSR policies This trend has led to the integration of environmental social and governance ESG reporting into business strategies to achieve long term competitive advantages and enhance financial performance ESG reporting has become a critical tool for measuring corporate CSR efforts contributing to the institutionalization of nonfinancial reporting standards This study aims to determine how the adoption of ESG sub dimensions affects the financial performance of companies in Turkey

METHODOLOGY The study employed panel regression analysis on data from 21 companies listed in the Borsa Istanbul 100 index over the period 2011–2020 to investigate the relationship between ESG sub dimensions and firm performance

FINDINGS The findings indicate that adopting the environmental and governance sub dimensions positively affects ROE and Tobin's Q However the adoption of the governance sub dimension negatively impacts Tobin's Q while positively influencing ROE No statistically significant results were found regarding the impact of ESG sub dimensions on firms' ROA ratios

IMPLICATIONS The results of the research based on the example of Turkey are important to determine how companies' social responsibility strategies in developing countries provide them with outputs in terms of environment social and governance and whether social responsibility based activities are truly sustainable strategy for companies in developing countries The findings highlight the importance of considering the macroeconomic structure legal system and financial

development of countries when evaluating CSR activities The regulatory environment plays a significant role as weaker legal protections can negatively affect the relationship between governance practices and firm performance For practitioners the insights suggest prioritizing environmental investments and carefully strategizing governance practices to align with investor expectations and regulatory frameworks ORIGINALITY AND VALUE By focusing on the BIST 100 companies this study contributes to the limited literature on the role of ESG sub dimensions in shaping financial performance in developing markets This research provides valuable insights into how environmental social and governance practices specifically impact the financial outcomes of firms in Turkey offering a nuanced understanding that can inform both academic discussions and practical strategies in similar contexts Keywords corporate social responsibility ESG performance Financial performance Panel data analysis BIST 100 The impact of strategic management on organizational creativity and its influence on the financial performance of SMEs PURPOSE This research intends to help small and medium sized enterprises SMEs in Ho Chi Minh City HCMC to understand the strategic management process The study considers an inside and an outside in perspective and the intermediary role of organizational creativity in financial performance It also aims to help SMEs achieve financial performance benchmarks and work towards sustainable development goals This research is also significant and adds value to the performance management domain Its overarching objective is to promote long term business expansion through an exploration of the strategic management process and how organizational creativity and financial performance can be supported METHODOLOGY The sample data are collected from 411 SMEs in HCMC using convenience sampling The data are rigorously screened and cleaned to select a reliable sample for analysis and Smart PLS software is employed for data analysis to achieve the study s outcomes FINDINGS Factors such as the strategic management process an inside out perspective an outside in perspective and the intermediary role of organizational creativity positively impact the financial performance of Vietnamese SMEs in HCMC IMPLICATIONS The results show that SMEs are making changes and influencing these factors to improve financial performance This research contributes value and provides a holistic perspective on the strategic management process for Vietnamese SMEs in HCMC to improve financial performance ORIGINALITY AND VALUE The study offers insight into strategic management and highlights the pivotal role of creativity in managing the financial performance of enterprises The overarching goal is to achieve sustainable development in an increasingly competitive environment The study also provides a solid foundation for SME managers to restructure their operations for enhanced financial performance It also offers valuable insights for future scholars to consider and apply in expanding available research models Keywords SME strategic management process organizational creativity financial performance sustainable development goal Sustainability performance corporate governance and financial performance Evidence from Poland and Central European listed companies PURPOSE Businesses are regarded as the main agents that can help achieve sustainable development Therefore more and more firms of various characteristics integrate sustainability issues into their business

strategies There is ongoing debate on the relationship between sustainability engagement and firm performance with ambiguous results Our study falls into this stream of research by adding the perspective of the Central European economy The main objective of our paper is to examine the relationship between firm sustainability performance and its financial performance in the context of various corporate governance characteristics in particular board attributes and ownership structure

METHODOLOGY Our research sample covers firms listed on the Warsaw Stock Exchange representing various indexes related to their size and sectors in 2015 2021 We measure sustainability performance with our original aggregated index created by integrating key firm ESG engagement characteristics Financial performance is analyzed from two different perspectives accounting perspective illustrated by profitability of assets ROA and market perspective illustrated by market value MV BV ratio To achieve the research aims several statistical methods were employed in the study including selected descriptive statistics and panel regression models

FINDINGS Our results confirm a significant positive relationship between sustainability and financial performance as measured by ROA and MV BV ratios Additionally we observe a significant positive relationship between gender diversity on the management board the presence of women on the management board and accounting performance Our results provide an argument for firm engagement in sustainability initiatives as it may improve its profitability and market value

IMPLICATIONS for theory and practice Our study not only contributes to the corporate finance and sustainability literature by providing evidence on the relationship between sustainability performance and financial performance in the context of the Central European economy but also provides insights for corporate governance research in terms of boards attributes and different types of ownership structures The policy suggestions derived from our findings can benefit both managers and regulators focusing on the sustainable development paradigm and ultimately enhancing overall stakeholder well being

ORIGINALITY AND VALUE The originality of our research stems from investigating the relationship between sustainability performance and firm performance from both an accounting and a market perspective and using the original sustainability index developed for the purpose of the study Additionally we address potential gaps in existing research by incorporating several corporate governance characteristics to clarify their importance for a firm performance

Keywords sustainability performance firm performance ownership structure board attributes corporate governance listed companies ESG performance financial performance Firm size as a moderator of stakeholder pressure and circular economy practices Implications for economic and sustainability performance in SMEs

PURPOSE This study examines the interplay between stakeholder pressure internal and external circular economy CE practices firm size and their impact on the sustainability and economic performance of Small and Medium sized Enterprises This research underscores firm size as a key moderator in the relationship between stakeholder pressures and CE adoption aiming to provide a comprehensive understanding of this dynamic in SMEs

METHODOLOGY Based on a cross sectional survey of 124 SMEs in Estonia Latvia and Lithuania with respondents primarily being owners and managers of firms a three step approach tested the proposed

model for CE practices First Confirmatory Factor Analysis CFA was used to ensure that the observed variables represented latent constructs Second Ordinary Least Squares OLS and Weighted Least Squares WLS regression methods were used to control for factors influencing CE adoption Finally the interaction terms assessed the moderating role of firm size FINDINGS The research shows that firm size moderates these effects with external stakeholder pressure significantly influencing CE adoption more than internal pressure These finding underscores how firm size shapes SMEs responses to stakeholder pressure when adopting CE practices IMPLICATIONS This study provides empirical evidence that stakeholder pressure significantly influences SMEs in the Baltic States to adopt CE practices thus impacting economic and sustainability performance Smaller firms can enhance CE practices by strategically managing stakeholders whereas larger SMEs should align with external stakeholder expectations for more effective CE initiatives leading to improved organizational performance ORIGINALITY AND VALUE This study demonstrates how stakeholder pressures drive CE practices and impact organizational sustainability and economic performance Firm size plays a crucial role as a moderator amplifying the influence of external stakeholder pressure on CE practices Keywords Stakeholder Pressure Circular Economy Practices Small and Medium sized Enterprise Sustainability Performance Economic Performance Baltic States Capital structure specificity in knowledge intensive industries A comparative study of EU countries PURPOSE This paper aims to examine and compare the capital structure patterns and financial decision making determinants of knowledge based firms and traditional industries in selected EU countries over the period 2000 2023 The study seeks to uncover sector specific features focusing on the unique financial behaviors of knowledge intensive enterprises compared to their traditional counterparts It also explores how factors such as asset structure profitability and growth opportunities influence capital structure decisions within these industries thus providing implications for financial management in innovation driven sectors METHODOLOGY The methodology involves analyzing data from 12 EU countries categorized by industry sectors M and J for knowledge based firms and other sectors for traditional firms and firm size The research applies panel data modeling to evaluate the differences and influences on capital structure within these groups FINDINGS The study reveals that knowledge based firms exhibit distinct capital structure characteristics including a higher reliance on intangible assets and lower ratios of long term debt compared to traditional firms Specifically the findings indicate that intangible assets are positively correlated with total and long term debt in knowledge based firms meaning that an increase in intangible asset value is associated with a corresponding increase in total and long term debt levels This relationship aligns with the modified pecking order theory which posits that firms prioritize funding sources based on their perceived cost and risk The determinants of capital structure such as profitability and growth opportunities also demonstrate differing impacts revealing the unique financial strategies employed by knowledge based firms IMPLICATIONS This research highlights the importance of adapting financial strategies to the specific needs of knowledge based firms which often face unique challenges due to their reliance on intangible assets

Policymakers can use these findings to design targeted financial policies that support the growth and sustainability of innovation driven enterprises such as by offering incentives for intangible asset financing or by reducing barriers to accessing long term debt For practitioners the insights highlight the need to align financial decision making with sector specific characteristics to optimize capital structure and drive competitive advantage ORIGINALITY AND VALUE This research makes a unique contribution by providing one of the first comparative analyses of capital structure determinants across knowledge based and traditional firms in multiple EU countries over an extended timeframe 2000 2023 Unlike prior studies which often focus on individual sectors or countries this study offers a comprehensive and cross sectoral perspective enriching the understanding of how financial theories operate in diverse economic and institutional contexts By addressing the financial behaviors of knowledge intensive firms the research bridges a critical gap in the literature and informs both academia and practice Keywords capital structure knowledge based firms traditional industries panel data regression EU countries innovation driven enterprises modified pecking order theory sector specific analysis Economics, Management and Sustainability Partha Ray,Runa Sarkar,Anindya Sen,2018-10-08 This book presents an eclectic mix of interesting new areas in the domain of economics management and sustainability Written by leading experts it provides valuable food for thought with essays introducing new lines of research and empirical research papers offering sound research methodology The book not only provides answers but also raises numerous interesting questions concerning the areas covered to whet readers appetites to learn more Professor Anup Sinha is a respected teacher and is a great mind with wide ranging academic interests spanning from economics and sustainability to management As well as in various other places in India and the US he has taught at the Indian Institute of Management Calcutta and Presidency College now a University Calcutta for almost three decades To commemorate his contributions this festschrift presents a collection of essays that are broadly subdivided into four sections Economic Development Vulnerabilities and Inclusive Growth Sustainability and Corporate Governance and Innovation and Management **Economic Management And Transition Towards A Market Economy: An Asian Perspective** Anthony Theng Heng Chin,Hock Guan Ng,1996-10-04 Much attention has been focused in recent years on the transformation of the economies of Eastern and Central Europe and the former Soviet Union However a growing demand for policy advice technical assistance and expertise is also coming from Asian reforming countries such as China Mongolia Vietnam Laos and Cambodia In addition business communities abroad are increasingly interested in exploring investment and marketing opportunities in these reforming countries Such developments are too important to overlook or ignore The transformation of socialist economies towards market based systems entails an unusually wide range of problems Studies of related topics are complicated by the speed of the changes and the lack of clear historical precedents Although the structural features of Asian reforming economies are in important ways different from those of the Eastern European economies all socialist economies share similar fundamental conditions on the eve of economic reform which raise a similar set of reform

issues This volume brings together a rich collection of expertise and information in an attempt to shed some light on the transitional process in Asia The contributions are by no means exhaustive However they provide the reader and analyst with an excellent starting point to the problems and prospects which are specific to Asian transforming economies

Proceedings of the 2024 6th International Conference on Economic Management and Model Engineering (ICEMME 2024) Lina Zhong,Tang Yao,Chee Yoong Liew,Hongbo Li,2025-05-24 This is an open access book We extend a warm invitation to you to participate in 2024 6th International Conference on Economic Management and Model Engineering which will be held November 22 24 2024 in Dalian The preceding four conferences 2020 2023 were effectively conducted drawing in professionals academics and business executives from all over the world and making a substantial contribution to the development of model engineering and economic management research The past conferences advanced innovation and development in the fields of economic management and model engineering accomplishing outstanding feats in academia and industry from 2020 to 2023 Congratulations to everyone who took part and the organizers for their amazing work The conference this year will explore innovations and challenges in applying emerging technologies to real world scenarios with a particular focus on how big data and artificial intelligence affect model engineering and economic management Additionally it will foster a deeper integration between academic research and industry practice Economic management and model engineering face unprecedented opportunities and challenges as the global economy grows more complex and uncertain and big data and artificial intelligence technologies develop at a rapid pace This calls for collaborative exploration between academia and industry The conference s objectives are to create a global forum for collaboration and exchange with an emphasis on current research and its applications in the real world to further the development of economic management theories and model engineering methods and to improve the efficiency and creativity of international economic management practices *Proceedings of the International Conference on Economics, Management, and Accounting (ICEMAC 2022)* Prasetyo Hartanto,2023-08-29 This is an open access book The International Conference on Economics Management and Accounting ICEMAC is an activity held at an international conference by presenting new studies and research results in the fields of Economics Management and Accounting The Management and Accounting Study Program is the organizer of this international conference ICEMAC is the third conference held by us and will be held virtually due to the COVID 19 Pandemic which has not shown a better situation The 3rd ICEMAC 2022 conference will be expected to bring together national and international scale researchers practitioners students and community and industry activists in our chosen fields Considering the occurrence of disruptive technology in Indonesia which has an impact on business transformation in various fields especially the accounting and economic fields which have changed massively into digitalization and put forward a new equilibrium or new balance In order to move into the 5 0 era the 3rd ICEMAC 2022 international conference has the main theme namely Sustainable business strategy to face challenges Opportunity in digitalization era **Proceedings of the 3rd**

Annual Management, Business and Economics Conference (AMBEC 2021) Nurafni Eltivia, Nur Indah Riwijanti, Kartika Dewi Sri Susilowati, 2023-02-10 This is an open access book The online conference hosted by the State Polytechnic of Malang This online conference aims 1 to bring together the researchers and practitioners students and civil society organization representatives in the scientific forum 2 to share and to discuss theoretical and practical knowledge about innovation in Management Business and Economics Specifically this conference can be used as a scientific forum for accommodating discussion among researchers in the field of business management and economics science The theme is Digital Business Transformation and Information System The Way Forward

Economic Management And Big Data Application - Proceedings Of The 3rd International Conference Sikandar Ali Qalati, 2024-01-03 This book mainly focuses on the research fields of Economic Management and Big Data Applications specifically on the combination of the two It covers all the excellent papers presented in the 3rd International Conference on Economic Management and Big Data Application ICEMBDA 2022 and aims to provide a solid reference for experts and scholars engaged in the fields of economics management science data modeling and cloud computing to share typical cases scientific methods cutting edge technologies and novel insights In this age of data the book initiated by the researchers and analysts from various related disciplines will provide more knowledge technical support and directional guidance to promote the development and upgrading of research in management science and economic research

Proceedings of the International Conference on Economic Management, Accounting and Tourism (ICEMAT 2023) Rolland Faggidae, Paulina Amtiran, Petrus de Rozari, Doppy Roy Nendissa, I Komang Arthana, Tommycho Olviana, M Rudi Irwansyah, Gede Adi Yuniarta, Ni Made Suci, Komang Krisna Heryanda, AAN Yudha M Mahardika, Ventsislava Nikolova-Minkova, Nadia Laaraj, Ly Fie Sugianto, 2024-05-13 This is an open access book First of all let us thank and praise to the Almighty God for all His blessings and mercies that have made us possible to meet in Denpasar Bali on 18th of October 2023 through the 1st International Conference on Economic Management Accounting and Tourism ICEMAT with the theme is Sustainable Digital Innovation for Creative Economy and SMEs The theme of today's conference is very interesting and has a spirit for us both as academics or practitioners in the economic field to play an active role in creating sustainable innovation strategies to assist the creative economy and SMEs actors to adapt and carry out digital transformation in managing its business We must thank God and be proud as we join and participate in this great event on hybrid mode where we can acquire new knowledge new ideas in increasing creativity and innovation Undoubtedly the outcome of this conference will rise many new ideas and new innovations which become a beneficial tool for economic development especially in restoring and creating prosperity for the community On behalf of Universitas Nusa Cendana leaders let me extend my sincere gratitude to our co Host Universitas Pendidikan Ganesha Universitas Mahasaraswati Universitas Bayangkara Jakarta Raya who have supported the running of this activity Lastly I would also like to express my gratitude to the organizing committee from Faculty of Economic and Business Universitas Nusa

Cendana for your effort and hard work in managing this event very well To end my speech please allow me to wish you all a successful and enjoyable conference God be with us all

History of Accounting, Management, Business and Economics, Volume I Kıymet Tunca Çalıyurt,2023-08-11 This book brings together works written by academics from all over the world on all aspects of business history accounting history management history economic history audit history tax history financial history and professional history Writing transferring and archiving historical knowledge allows future generations to take lessons from the past and make more informed decisions regardless of whether it is in politics society or business Historization can also be seen as the first step of institutionalization for private and governmental companies institutions professionals and states Institutionally managed historical activities decisions and results are accepted as a very important reference about the company for decision makers and stakeholders Additionally historization is used in the development and promotion of professions Historization of professions such as certified public accountants external auditors internal auditors economists tax experts certified fraud examiners and managers nationally and internationally has the potential to educate and motivate new entrants to such roles As such this book is a valuable read for business historians professionals in the field academics and students of business

Management of Competitiveness Alexander Chursin,Yury Makarov,2015-05-25 This volume of selected articles is being released in light of the new economic social and environmental challenges Europe and the United States have been faced with following the end of the Cold War and in the evolving era of globalization National security immigration and the provision of health and other key social services call for a radically different outlook in terms of policy discussions The contributors of this book focus on seven key policy issues and challenges that currently affect the United States and Europe income distribution the gender pay gap crime and security unemployment health care the demographic question and environmental regulation The purpose of this volume is to analyze how public policy within the European context is responding to the challenges posed by this new global era

Proceedings of the 2024 3rd International Conference on Public Service, Economic Management and Sustainable Development (PESD 2024) Qiujing Wu,Songsong Liu,Guoliang Wang,Jia Li,2024-12-18 This is an open access book 2024 3rd International Conference on Public Service Economic Management and Sustainable Development PESD 2024 will be held from Sep 27 to 29 in Xi an China It dedicates to create a platform for academic communications between specialists and scholars in the fields of Public Service Economic Management and Sustainable Development PESD 2024 is the Public Service Economic Management and Sustainable Development conference aimed at presenting current research being carried out Economic development provides the basic material basis for public services and public services create a good social foundation for economic development At the same time social and economic aspects need to jointly promote sustainable development The idea of the conference is for the scientists scholars engineers and students from Universities all around the world and the industry to present ongoing research activities and hence to foster research relations between the Universities and the

Economic Management Of The Firm Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Economic Management Of The Firm free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Economic Management Of The Firm free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Economic Management Of The Firm free PDF files is

convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Economic Management Of The Firm. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Economic Management Of The Firm any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Economic Management Of The Firm Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
