**Rock Brands** Elizabeth Barfoot Christian, 2010-12-22 *Rock Brands: Selling Sound in a Media Saturated Culture* edited by Elizabeth Barfoot Christian is an edited collection that explores how different genres of popular music are branded and marketed today. The book's core objectives are addressed over three sections. In the first part of *Rock Brands*, the authors examine how established mainstream artists' bands are continuing to market themselves in an ever-changing technological world and how bands can use integrated marketing communication to effectively brand themselves. This branding is intended as a protection so that technology and delivery changes don't stifle the band's success. KISS, AC/DC, Ozzy Osbourne, Phish, and Miley Cyrus are all popular musical influences considered in this part of the analysis. In the second section, the authors explore how some musicians effectively use attention-grabbing issues such as politics (for example, Kanye West) and countless country musicians and religion such as with Christian heavy metal bands and Bon Jovi in their lyrics, and also how imagery is utilized by artists such as Marilyn Manson to gain a fan base. Finally, the book will explore specific changes in the media available to market music today, see M.I.A. and her use of new media, and similarly how these resources can benefit music icons even after they are long gone, as with Elvis and Michael Jackson. *Rock Brands* further examines gaming, reality television, and social networking sites as new outlets for marketing and otherwise experiencing popular music. What makes some bands stand out and succeed when so many fail? How does one find a niche that isn't just kitsch and can stand the test of time, allowing the musician to grow as an artist as well as grow a substantial fan base? Elizabeth Barfoot Christian and the book's contributors expertly navigate these questions and more in *Rock Brands: Selling Sound in a Media Saturated Culture*

**Les Paul** Bob Jacobson, 2013-06-19 This addition to the *Badger Biographies* series for young readers tells the story of Les Paul, the legendary Wizard of Waukesha who pioneered the solid-body electric guitar, multi-track recording, and many other musical inventions. Fascinated since boyhood with musical technology, the young Les moved from experimenting with his mother's player piano and phonograph to developing his own amplifier and tinkering with crystal radios. After leaving his hometown of Waukesha at age 17 to pursue a musical career, a decision his mother supported, the budding jazz guitarist lived in Chicago, New York, and Los Angeles, in each city finding a new audience and new musical partnerships. A regular on the radio, Les became a fixture in early television, appearing on the

Ed Sullivan Show and later a show of his own with partner Mary Ford Along the way he overcame numerous physical challenges including recovery from electric shock and rehabilitation after a horrific car accident both of which threatened his musical career And yet Les Paul pushed musical technology forward more than any other musician of the twentieth century This Grammy Hall of Fame inductee died in 2009 making Les Paul Guitar Wizard a timely addition to the series This lively story is rounded out with sidebars on radio call letters and how an electric guitar works a full discography and over 60 historic photographs *Focus On: 100 Most Popular United States National Medal of Arts Recipients* Wikipedia contributors, **Focus On: 100 Most Popular Deaths from Pneumonia** Wikipedia contributors, *The Wisconsin Almanac* 1982 ,1981 *Musicians' Magazine* ,1928 **The School Musician** ,1929 **Dictionary of Midwestern Literature, Volume Two** Philip A.
