Famous Young Rebels Jules Archer, 1973-01-01 Biographies of twelve well known men and women including Nehru Elizabeth Gurley Flynn Marcus Garvey and Margaret Sanger who in their youth were considered the radicals of their day

Flora Macdonald: "Pretty Young Rebel" Flora Fraser, 2023-01-10 A captivating biography of the remarkable young Scotswoman whose bold decision to help Bonnie Prince Charlie the Stuart claimant to the British throne evade capture and flee the country has become the stuff of legend After his decisive defeat at the Battle of Culloden in 1746 Prince Charles Edward Stuart was a man on the run Seeking refuge in the Outer Hebrides hoping to escape to France he found an unlikely ally in Flora MacDonald a young woman in her early twenties loyal to the Stuarts Disguising the prince as an Irish maid petticoats and all Flora conveyed Charles by boat to Skye where they lodged safely with her family until the prince's inexperienced handling of feminine attire caused concern and he was persuaded to forgo the ruse before fleeing the area undetected Flora never saw him again This famous incident led to Flora's enduring appeal as a courageous Scottish heroine inspiring and influencing countless novels poems and songs most notably the classic ballad Skye Boat Song adapted from a traditional tune in the late nineteenth century But her remarkable life didn't come to a close with her clandestine mission to Skye Faced with a confession from one of the boatmen Flora was arrested and taken to London on charges of treason where under interrogation she wittily deflected questions and staunchly defended her motives She was eventually released under the 1747 Act of Indemnity but disaster would befall her yet again in 1774 Flora and her husband Allan MacDonald fled the impoverished highlands for a brighter future in Cross Creek North Carolina utterly unaware of the burgeoning revolution that would upend their lives there with Allan imprisoned and Flora fleeing penniless back home to the Hebrides In this probing evocative portrait of a tumultuous life master historian Flora Fraser peels away the layers of misinformation legend and myth to reveal Flora MacDonald in full Fraser presents a fascinating picture of this headstrong and irrepressible woman As Samuel Johnson declared upon visiting her in Scotland her name was a name that will be mentioned in history and if courage and fidelity be virtues mentioned with honor *Pretty Young Rebel* Flora Fraser, 2022-09-15 A SPECTATOR AND SCOTSMAN BOOK OF THE YEAR So well researched pacily written and sympathetic to the Auld Cause that it almost makes one a Jacobite Andrew Roberts Spectator Enthralling Throws us straight into the fresh air heather rain and midges of the Hebrides followed by the swamps and creeks of North America Full of unforgettable glimpses The Times The year is 1746 The Jacobite rebellion has failed catastrophically and Scotland is reeling in the devastating aftermath of the battle of Culloden Far to the west on an island in the Outer Hebrides twenty four year old Flora Macdonald is woken in the dead of night by a messenger with urgent intelligence Bonnie Prince Charlie is outside begging for her help With Flora's assistance the Stuart prince is disguised as an Irish maid and smuggled to the Isle of Skye evading government troops Flora's bravery and determination will see her immortalised in ballads and proclaimed a Scottish heroine But her efforts also result in her

capture and detention in London Released the following year and returning to Skye Flora goes on to marry and emigrate to North Carolina only then to be caught up in the American Revolutionary War In *Pretty Young Rebel* award winning biographer Flora Fraser tells the remarkable story of Flora Macdonald It is a tale of adventure and daring wit and charm struggle and survival and of a woman who showed extraordinary courage in the face of great danger *The Embodied Child* Roxanne Harde, Lydia Kokkola, 2017-09-11 *The Embodied Child* Readings in Children's Literature and Culture brings together essays that offer compelling analyses of children's bodies as they read and are read as they interact with literature and other cultural artifacts and as they are constructed in literature and popular culture The chapters examine the ideology behind the cultural constructions of the child's body and the impact they have on society and how the child's body becomes a carrier of cultural ideology within the cultural imagination They also consider the portrayal of children's bodies in terms of the seeming dichotomies between healthy vs unhealthy bodies as well as able bodied vs disabled and examines flesh and blood bodies that engage with literary texts and other media The contributors bring perspectives from anthropology communication education literary criticism cultural studies philosophy physical education and religious studies With wide and astute coverage of disparate literary and cultural texts and lively scholarly discussions in the introductions to the collection and to each section this book makes a long needed contribution to discussions of the body and the child **A History of Young People in the West: Stormy evolution to modern times** Giovanni Levi, Jean-Claude Schmitt, 1997 However swiftly it passes youth is always with us a perpetual passing phase an apprenticeship to the myriad ways of the world subject of panegyrics and diatribes romances and cautionary tales from antiquity to our day This two volume history is the first to present a comprehensive account of what youth has been in the West and what it has meant through the ages Brought together by Giovanni Levi and Jean Claude Schmitt a company of gifted historians and social scientists traces the changing character and status of young people from the gymnasias of ancient Greece to the lycées of modern France from the sweatshops of the industrial revolution to the crucibles of Nazi youth Monumental in its scope minute in its attention to detail *A History of Young People* takes us into the sensational rituals surrounding youth in Roman antiquity such as the Lupercalia with its nudity and whipping and into the chivalric trials awaiting the privileged young of the Middle Ages Elisabeth Crouzet Pavan and Michel Pastoureau explore the elusive question of what defines youth a concept that over time has reached from infancy to the age of forty Elliott Horowitz and Renata Ago consider the young in the context of the family within the different worlds of European Judaism and Catholicism through the Renaissance Sabina Loriga takes us through three centuries of military experience to temper and complicate our assumptions about the youthful face of war Michelle Perrot focuses on working class youth and Jean Claude Caron on the young at school The obedient and the rebellious are here the cherished and the sacrificed the children catapulted into adult responsibility the adults who have yet to forsake the protections of childhood What emerges in this history as never before is a vast richly textured picture of youth as a changing constant of culture

society economics politics and art and as a uniquely complex experience of acculturation in every life **Recollections and Reflections** James Edward Cowell Welldon, 1915 *The Atomic Times: My H-Bomb Year at the Pacific Proving Ground* Michael Harris, 2019-05-05

Catch 22 with radiation Area 51 meets Dr Strangelove Except it really happened The Atomic Times is the absolutely insane incredibly f cked up but true eyewitness story of what happened in 1956 on a tiny island in the South Pacific when over 1600 young soldiers including me were turned into atomic guinea pigs by the US Army We were sent there to observe this nuclear test series called Operation Redwing Wearing only T shirts and shorts and without any other protective gear while Army brass and nuclear scientists wore Hazmat suits we were exposed to radiation and fallout Operation Redwing the biggest and baddest of America s atmospheric nuclear weapons test series mixed saber rattling with mad science while overlooking the cataclysmic human geopolitical and ecological effects But mostly it just messed with guys heads Major Maxwell who put Safety First Second and Third Except when he didn t Berko the wise cracking Brooklyn Dodgers fan forced to cope with the H bomb and his mother s cookies Tony who thought military spit and polish plus uncompromising willpower made him an exception Carl Duncan who clung to his girlfriend s photos and a dangerous secret Major Vanish who did just that In THE ATOMIC TIMES Michael Harris welcomes readers into the U S Army s nuclear family where the F words were Fallout and Fireball In a distinctive narrative voice Harris describes his H bomb year with unforgettable imagery and insight into the ways isolation and isotopes change men for better and for worse A New York Times bestseller and a Pulitzer Prize nominee THE ATOMIC TIMES was originally published in hardcover by Random House A gripping memoir leavened by humor loyalty and pride of accomplishment A tribute to the resilience courage and patriotism of the American soldier Henry Kissinger Harris frank and disturbing descriptions of the criminally irresponsible proceedings on Eniwetok and the physical and mental pain he and others endured constitute shocking additions to atomic history Amazingly enough given his ordeal Harris remains healthy Booklist An entertaining read in the bloodline of Catch 22 Harris achieves the oddest of victories a funny optimistic story about the H bomb Harris uses a chatty dead pan voice that highlights the horrifying absurdity of life on the island the use of Geiger counters to monitor scrambled eggs radiation level three eyed fish swimming in the lagoon corroded permanently open windows that fail to keep out the radioactive fall out and men whose toenails glow in the dark Publisher s Weekly From the author Three eyed fish swimming in the lagoon Men whose toenails glow in the dark Operation Redwing where the F words were Fallout and Fireball In 1956 I was an army draftee sent to the Marshall Islands to watch 17 H bomb tests An observer the Army called it In plain English a human guinea pig I knew at the time that the experience could make a fascinating book and I wrote a novel based on it while I was still there The problem was that Eniwetok was a security post There were signs everywhere impressing on us that the work going on I mopped floors typed filed requisitions and wrote movie reviews for the island newspaper All the news that fits we print was Top Secret What you do here what you see here what you hear here when you leave here leave it here I was afraid they would confiscate

the manuscript if they found it but a buddy who left Eniwetok before I did concealed the pages in his luggage When he got back to the States he mailed those pages to my father so I had what turned out to be a very rough draft What was wrong with the book Let me count the ways I didn't know how to write action plot and character I did know how to leave out everything interesting that was happening around me Back in the States after my discharge I thought about writing Version 2 but for ten years I had nightmares about the H bomb almost every night I survived the radiation unlike some of my friends but the memories were also a formidable foe I tried to forget and more or less succeeded My perspective gradually changed over the years and I began to remember what I had tried to forget We were told we had to wear high density goggles during the tests to avoid losing our sight but the shipment of goggles never arrived the requisition was cancelled to make room for new furniture for the colonel's house We were told we had to stand with our backs to the blast again to prevent blindness But the first H bomb ever dropped from a plane missed its target and the detonation took place in front of us and our unprotected eyes Servicemen were sent to Ground Zero wearing only shorts and sneakers and worked side by side with scientists dressed in RadSafe suits The exposed military men developed severe radiation burns and many died The big breakthrough came when enough years had passed and I had overcome the anger and the self pity resulting from the knowledge that I and the men who served with me had been used as guinea pigs in a recklessly dangerous and potentially deadly experiment At last I had the perspective to understand my nuclear year in its many dimensions and capture the tragedy and the black humor that came along with 17 H bomb explosions In addition certain significant external realities had changed Top Secret documents about Operation Redwing had been declassified I learned new details about the test known as Tewa the fallout lasted for three days and the radiation levels exceeded 3.9 Roentgens the MPE Maximum Permissible Exposure Three ships were rushed to Eniwetok to evacuate personnel but were ordered back after the military raised the MPE to 7 That they reasoned ensured everyone's safety I made contact with other atomic veterans who told me about their own experiences and in some cases sent me copies of letters written to their families during the tests As we talked we also laughed about officers who claimed Eniwetok was a one year paid vacation about the officer who guarded the political purity of the daily island newspaper by deleting pinko propaganda including a speech by President Eisenhower By now Ruth knew the material almost as well as I did and provided crucial perspective and detailed editing expertise At last I was able to pull all the strands together After 50 years I was able to write the book I had wanted to in the beginning Having struggled to write a memoir for so long and having been asked for advice by others contemplating writing a memoir I can pass along a bit of what I learned along the way Make sure you have enough distance from the experience to have perspective on what happened Exposure to radiation and the resulting reactions anger terror incredulity produce powerful emotions that take time to process Figure out how to use or keep away from your own intense feelings In the case of the H Bomb tests anger and self pity were emotions to stay away from So was the hope of somehow getting revenge Sometimes the unexpected works For me finding humor in a

tragic situation the abject military incompetence in planning and executing the H Bomb tests freed my memory and allowed me to write about horrific experiences Figure out most likely by trial and error how much or how little of yourself you want to reveal Keywords memoir veterans H bomb US Army black humor dark humor military memoir nuclear bombs radiation fission fusion fallout danger suspense atomic bombs hydrogen bombs H bomb South Pacific Eniwetok Marshall Islands

Fifty Famous Painters Henrietta Gerwig,1926 **Emily Murphy, Rebel** Christine Mander,1985-01-09 In this comprehensive biography Christine Mander depicts the life and times of Emily Murphy with a refreshing candor and vitality A true Canadian heroine pioneering feminism writer under the alias Janey Canuck patriot mother anti drug crusader first woman magistrate of the British Empire and rebel Emily Murpdy defied conventional labels To Hell with Women Magistrates fulminated one court official on her appointment Her greatest triumph came in 1929 when Lord Chancellor Sankey reversed the Canadian Supreme Court decision by ruling that women are persons under the constitution and therefore eligible for any political office When Emily Murphy died in 1933 after a long battle with diabetes her friend and fellow activist Nellie McClung remarked Mrs Murphy loved a fight and so far as I know never turned her back on one *Women and Rebel Communities in the Cuban Insurgent Movement, 1952-1959* Linda A. Klouzal,2008 This book is a rare and important study on the people and many of the groups and activist regions involved in the Cuban insurrection of the 1950s It addresses the insurgent movement how people were drawn into the struggle the structure of the movement including its different activist groups and how rebels operated effectively and the role women played in this struggle It sheds light on the localized and social aspects of the struggle a topic that relatively little has been written on The cultural relational emotional and experiential factors that affected activists value formation and recruitment are also investigated *Bollywood's Top 20* Bhaichand Patel,2016-01-15 A spectacular collection that celebrates Bollywood s most enduring superstars Hindi cinema has wielded a hypnotic charm over viewers for close to a century with its melodious music colourful drama and lively plotlines But at the heart of its mystique is the galaxy of stars who continue to mesmerize audiences Bollywood s Top 20 is a definitive collection of original essays paying tribute to the biggest stars of all time from Ashok Kumar Dilip Kumar Dev Anand Raj Kapoor Nargis and Madhubala to Rajesh Khanna Amitabh Bachchan Aamir Khan Shah Rukh Khan Kajol and Kareena Kapoor Each piece offers unique insights into the struggles and triumphs downfalls and scandals and the inscrutable X factor of these talented actors that turned them into demigods and divas **Popular Music and the Politics of Novelty** Pete Dale,2016-02-11 Popular music today has supposedly collapsed into a retromania which according to leading critic Simon Reynolds has brought a slow and steady fading of the artistic imperative to be original Meanwhile in the estimation of philosopher Alain Badiou a significant political event will always require the dictatorial power of a creation ex nihilo Everywhere it seems at least amongst commentators of a certain age and type pessimism prevails with regards to the predominant aesthetic preferences of the twenty first century popular music supposedly is in a rut Yet when if ever did the

political engagement kindled by popular music amount to more than it does today The sixties The punk explosion of the late 1970s Despite an on going fixation upon these periods in much rock journalism and academic writing this book demonstrates that the utilisation of popular music to promote political causes on the one hand and the expression of dissent through the medium of popular song on the other hand remain widely in practice today This is not to argue however for complacency with regards to the need for expressions of political dissent through popular culture Rather the book looks carefully at actual usages of popular music in political processes as well as expressions of political feeling through song and argues that there is much to encourage us to think that the demand for radical change remains in circulation The question is though how necessary is it for politically motivated popular music to offer aesthetic novelty
