societal norms of the Jim Crow South loomed on the horizon until her friendship with Hurston transformed Rawlings's views on the subject and made her an advocate for racial equality Anna Lillios's *Crossing the Creek* is the first book to examine the productive and complex relationship between these two major figures Is there truth to the story that Hurston offered to work as Rawlings's maid Why did Rawlings host a tea for Hurston in St Augustine In what ways did each write the friendship into their novels Using interviews with individuals who knew both women as well as incisive readings of surviving letters Lillios examines these questions and many others in this remarkable book

**Passing** Brooke Kroeger, 2004-12-01 Despite the many social changes of the last half century many Americans still pass black for white gay for straight and now in many new ways as well We tend to think of passing in negative terms as deceitful cowardly a betrayal of one's self But this compassionate book reveals that many passers today are people of good heart and purpose whose decision to pass is an attempt to bypass injustice and to be more truly themselves Passing tells the poignant complicated life stories of a black man who passed as a white Jew a white woman who passed for black a working class Puerto Rican who passes for privileged a gay Conservative Jewish seminarian and a lesbian naval officer who passed for straight and a respected poet who radically shifts persona to write about rock n roll The stories interwoven with others from history literature and contemporary life explore the many forms passing still takes in our culture the social realities which make it an option and its logistical emotional and moral consequences We learn that there are still too many institutions environments and social situations that force honorable people to twist their lives into painful deceit ridden contortions for reasons that do not hold Passing is an intellectually

Albright said in 1996 that the only way a woman could truly make her foreign policy views felt was by marrying a diplomat and then pouring tea on an offending ambassador's lap This world of US diplomacy excluded women for a variety of misguided reasons they would let their emotions interfere with the task of diplomacy they were not up to the deadly risks that could arise overseas and they would be unable to cultivate the social contacts vital to success in the field The men of the State Department objected but had to admit women including the first female ambassadors Ruth Bryan Owen Florence Daisy Harriman Perle Mesta Eugenie Anderson Clare Boothe Luce and Frances Willis These were among the most influential women in US foreign relations in their era Using newly available archival sources Philip Nash examines the history of the Big
