Henry Boynton Smith, James Manning Sherwood, 1864 *50 Prayer Services for Middle Schoolers* Connie Clark, 2012 Here you'll find creative prayer services that help middle schoolers explore God their faith and the complexities of adolescence These prayer services require little preparation so you can focus on helping your students discover that God's immense love for them is here to stay long after middle school is over *Franks and Saracens* Avner Falk, 2018-05-08 This is the first and only book to examine the Crusades from the added viewpoint of psychoanalysis studying the hidden emotions and fantasies that drove the Crusaders and the Muslims to undertake their terrible wars The reader will learn that the deepest and most powerful motives for the Crusades were not only religious or territorial or the quest for lands wealth or titles but also unconscious emotions and fantasies about one's country one's religion one's enemies God and the Devil Us and Them The book also demonstrates the collective inability to mourn large group losses and the collective needs of large groups such as nations and religions to develop a clear identity to have boundaries and to have enemies and allies Motives which the Crusaders and the Muslims were not aware of were among the most powerful in driving several centuries of terrible and seemingly endless warfare **Simulating Jesus** George Aichele, 2015-01-30 Can the different pictures of Jesus in the New Testament be reconciled Or are they simply simulations the products of a virtual Gospel *Simulating Jesus* argues that the gospels do not represent four versions of one Jesus story but rather four distinct narrative simulacra each of which is named Jesus The book explores the theory and evidence justifying this claim and discusses its practical and theological consequences The simulations of Jesus in each of the gospels are analysed and placed alongside Jesus simulacra elsewhere in the Bible and contemporary popular culture *Simulating Jesus* offers a radical understanding of Scripture that will be of interest to students and scholars of biblical studies **The Psychology of Everyman** George Devine, 2024-11-01 First published in 1935 *The Psychology of Everyman Nerves and the Masses* was written as a short and simple treatise on Functional Nerve Disease for doctors in general practice The main object of the book was to enable the busy Practitioner to recognise psychological conditions and to treat them confidently along lines that they could understand With focus at the time only on the physical symptoms of illness it was making an important point to doctors that they must realise the psychological state should also get due attention Very much of its time today it can be read in its historical context This book is a re issue originally published in 1935 The language used and the views portrayed are a reflection of its era and no offence is meant by the Publishers to any reader by this re publication **The Breach of Reality** Victor G. Henigan, 2013-06-04

Lopez,2024-05-31 We have come to admire Buddhism for being profound but accessible as much a lifestyle as a religion The credit for creating Buddhism goes to the Buddha a figure widely respected across the Western world for his philosophical insight his teachings of nonviolence and his practice of meditation But who was this Buddha and how did he become the Buddha we know and love today Leading historian of Buddhism Donald S Lopez Jr tells the story of how various idols carved in stone variously named Beddou Codam Xaca and Fo became the man of flesh and blood that we know simply as the Buddha He reveals that the positive view of the Buddha in Europe and America is rather recent originating a little more than a hundred and fifty years ago For centuries the Buddha was condemned by Western writers as the most dangerous idol of the Orient He was a demon the murderer of his mother a purveyor of idolatry Lopez provides an engaging history of depictions of the Buddha from classical accounts and medieval stories to the testimonies of European travelers diplomats soldiers and missionaries He shows that centuries of hostility toward the Buddha changed dramatically in the nineteenth century when the teachings of the Buddha having disappeared from India by the fourteenth century were read by European scholars newly proficient in Asian languages At the same time the traditional view of the Buddha persisted in Asia where he was revered as much for his supernatural powers as for his philosophical insights From Stone to Flesh follows the twists and turns of these Eastern and Western notions of the Buddha leading finally to his triumph as the founder of a world religion **Citizen King** Les Jensen,2015-06-30 Before you were born your soul had a vision of what your life could be To honor that vision can bring a deep sense of satisfaction and fulfillment into your life producing feelings of joy happiness and gratitude To engage that vision of your life and trust yourself is to turn on the creative expression of your own potential When you walk authentically as yourself all possibilities come within your reach The vision of your dreams comes into focus You may not know every detail though you trust in the story of your heart and soul as they feed you a vision of what is possible It is intentional creation itself Your own potential has no limits and to create a flow of its expression brings an ever unfolding story of genuine satisfaction and gratitude as you honor your purpose here on Earth To have big dreams and take bold actions creates a most exciting and

adventurous life fulfilling the vision of your soul Will you embrace the bold ideas of your heart and soul and trust that there is a way for them to manifest Can you do this from a place of personal forgiveness and compassion When you master that you start to purify your own heart the source of your authentic power When you put action to your inspiration you give your soul influence in your life Your soul becomes free to express as it intends This is soul level living Your ego's role shifts to fulfilling your inspiration with action It is you acting as a Citizen King The path to living an exceptional life in your own authentic kingdom affords you a genuine sense of fulfillment and joy It is the new age of what personal power looks like It is our human potential fulfilled

America Magica (2nd edition) Jorge Magasich-Airola, Jean-Marc de Beer, 2007-07-01 An enthralling account of the conflicting experiences of discovering the New World drawing upon the intriguing tales of early discovery and amazing illustrations of the day The authors invoke the unique exhilaration of exploration investigating the conflict between the ambitious idealism and harsh realities that have always characterized and torn the country After all did people not go to America in search of both the Garden of Eden and the tribes of the damned

Without You, There Is No Us Suki Kim, 2015-10-13 A haunting account of teaching English to the sons of North Korea's ruling class during the last six months of Kim Jong il's reign Every day three times a day the students march in two straight lines singing praises to Kim Jong il and North Korea Without you there is no motherland Without you there is no us It is a chilling scene but gradually Suki Kim too learns the tune and without noticing begins to hum it It is 2011 and all universities in North Korea have been shut down for an entire year the students sent to construction fields except for the 270 students at the all male Pyongyang University of Science and Technology PUST a walled compound where portraits of Kim Il sung and Kim Jong il look on impassively from the walls of every room and where Suki has gone undercover as a missionary and a teacher Over the next six months she will eat three meals a day with her young charges and struggle to teach them English all under the watchful eye of the regime Life at PUST is lonely and claustrophobic especially for Suki whose letters are read by censors and who must hide her notes and photographs not only from her minders but from her colleagues evangelical Christian missionaries who don't know or choose to ignore that Suki doesn't share their faith As the weeks pass she is mystified by how easily her students lie unnerved by their obedience to the regime At the same time they offer Suki tantalizing glimpses of their private selves their boyish enthusiasm their eagerness to please the flashes of curiosity that have not yet been extinguished She in turn begins to hint at the existence of a world beyond their own at such exotic activities as surfing the Internet or traveling freely and more dangerously at electoral democracy and other ideas forbidden in a country where defectors risk torture and execution But when Kim Jong il dies and the boys she has come to love appear devastated she wonders whether the gulf between her world and theirs can ever be bridged Without You There Is No Us offers a moving and incalculably rare glimpse of life in the world's most unknowable country and at the privileged young men she calls soldiers and slaves
