Far Right In Western And Eastern Europe

Lee McGowan

Far Right In Western And Eastern Europe:

The extreme Right in Western Europe Elisabeth Carter,2013-07-19 Parties of the extreme right have experienced a dramatic rise in electoral support in many countries in Western Europe over the last two and a half decades This phenomenon has been far from uniform however and the considerable attention that the more successful right wing extremist parties have received has sometimes obscured the fact that parties of the extreme right have not recorded high electoral results in all West European democracies Furthermore the electoral scores of these parties have also varied over time with the same party recording low electoral scores in one election but securing high electoral scores in another This book available in paperback for the first time examines the reasons behind the variation in the electoral fortunes of the West European parties of the extreme right in the period since the late 1970s It proposes a number of different explanations as to why certain parties have performed better than others at the polls and it investigates each of these different explanations systematically and in depth As well as offering a comprehensive analysis of the reasons behind the uneven electoral success of the West European parties of the extreme right this book provides up to date information on all right wing extremist parties that have contested elections at national level across Western Europe since the late 1970s In addition to examining the parties ideology and organisation it discusses their relationship with the parties of the mainstream and it investigates the impact that electoral institutions have on their ability to attract votes This book is aimed at both scholars and students interested in the extreme right in party politics and in comparative politics more generally

The Populist Radical Right in Central and Eastern Europe Andrea Pirro,2015-06-05 Often neglected in the study of far right organisations post communist Europe recently witnessed the rise and fall of a number of populist radical right parties The Populist Radical Right in Central and Eastern Europe is the first comparative study to focus on the ideology impact and electoral performance of this party family in the region The book advances a series of arguments concerning the context and text of these parties and systematically analyses the supply side and demand side of populist radical right politics Whilst populist radical right parties in Central and Eastern Europe maintain broad similarities with their West European counterparts they come across as a distinct phenomenon worthy of study in their own right Parties like Ataka Bulgaria Jobbik Hungary and the SNS Slovakia resort to historical legacies and contextual idiosyncrasies to frame their ideology interact with other parties over a number of policy areas and ultimately compete for public office on the basis of their nativist agenda The book provides a novel framework for the analysis of different aspects of populist radical right politics notably enhancing the understanding of this phenomenon by means of primary data such as personal interviews with party leaders and original expert surveys Using the ideological features of these parties as an overarching analytical tool this book is essential reading for students and scholars researching the far right post communist issues and European politics in general

The Radical Right in Eastern Europe Michael Minkenberg,2017-05-08 This book is a comparative analysis of the post communist East European radical right both

in party and non party formation using the West European radical right as a baseline Minkenberg offers insights into the political field of the radical right since the onset of democracy in the region and elicits region wide and country specific characteristics The book argues that due to the nature of the transition process from Soviet hegemony to national independence and from communist to democratic societies and the unfinished process of nation building in the region the radical right in Eastern Europe is a phenomenon sui generis both organizationally more fluid and ideologically more extreme than the Western counterpart The issues covered include trends in party system and electoral developments patterns of movement mobilization and racist activism and the impact of the radical right on their countries politics and policies

Extreme Right Parties in Western Europe Piero Ignazi,2003-05-29 This text explores the extreme right in order to assess its ideological meaning and political expression Beginning with a discussion of the usefulness of the left right distinction it deals with the varied significance of the term right and analyses the right s post war evolution across Europe **The far right in the Balkans** Vera Stojarova,2016-05-16 This is the first book to provide comprehensive coverage of the far right political party phenomenon in the Balkans The author focuses on parties generally described as lying on the far right in academic literature and examines their development from 2000 until 2010 The book provides a detailed analysis of the historical legacy essential in understanding the overall context of nationalism in the region as well as an overview of the far right political parties in each country It discusses parties individually detailing their ideological features strategy internal organisation and leadership and compares their political social economic ethno cultural and international characteristics It reveals the main factors that were influential in the successes and failures of the far right and offers a comparison between the typical far right voter living in the Balkans and his counterpart in Western Europe The implementation and enforcement of legislature such as hate speech laws is also examined along with other legal issues affecting the extremist parties in the region **Radical Right in Central and Eastern Europe Since 1989** Sabrina P. Ramet,2010-11-01 An exploration and survey of the activities of right wing extremist parties in the region stretching from Germany to Russia It seeks to show that radical right activities can have pernicious effects even if right wing extremists do not themselves succeed in obtaining seats in government The Extreme Right in Europe Paul Hainsworth,2008-03-17 This book is a concise critical introduction to one of the most emergent themes in late twentieth century history politics and society and looks at how extremist and nationalist popular fronts have grown under the influence of modern day issues **The Routledge Companion to Fascism and the Far Right** Peter Davies,Derek Lynch,2002 An engaging and accessible guide to the origins of fascism the main facets of the ideology and the reality of fascist government around the world **Radical Right Parties in Central and Eastern Europe** Bartek Pytlas,2015-10-16 In Central and Eastern Europe radical right actors significantly impact public debates and mainstream policy agenda But despite this high discursive influence the electoral fortune of radical right parties in the region is much less stable It has been suggested that this may be due to the fact that mainstream competitors

increasingly co-opt issues which are fundamental for the radical right. However, the extent to which such tactics play a role in radical right electoral success and failure is still a subject for debate. This book is the first to provide a systematic theoretical framework and in-depth empirical research on the interaction between discursive influence, party competition, and the electoral fortune of radical right parties in Central and Eastern Europe. It argues that in order to fully explain the impact of mainstream party strategies in this regard, it is vital to widen the analysis beyond competition over issues themselves and towards their various legitimizing narratives and frame ownership. Up-to-date debates over policies of collective identity, minority morality, and nationalizing politics in Hungary, Poland, and Slovakia serve as best cases to observe these under-researched phenomena. The analytical model is evaluated comparatively using original primary data combined with election studies and expert surveys. Advancing an innovative, fine-grained approach on the mechanisms and effects of party competition between radical right and mainstream parties, this book will be of interest to students and scholars researching the far right and European party politics, as well as political contestation and framing.

Voting Radical Right in Western Europe Terri E. Givens, 2005-10-10. The economic and political conditions that have led to the rise of radical right parties exist in similar form and intensity all over Europe. Yet radical right parties have only been successful in a few countries. The Republikaner party's less than 2% of the vote is much lower than the National Front's high of 15% and the Freedom Party's 27% of the vote in national legislative elections. Why do such a small percentage of voters choose the radical right in Germany? Why is the radical right winning more seats in Austria than in France and Germany? The main argument in this book is that radical right parties will have difficulty attracting voters and winning seats in electoral systems that encourage strategic voting and/or strategic coordination by the mainstream parties. The analysis demonstrates that electoral systems and party strategy play a key role in the success of the radical right.

Russia and the Western Far Right Anton Shekhovtsov, 2017-09-08. The growing influence of Russia on the Western far right has been much discussed in the media recently. This book is the first detailed inquiry into what has been a neglected but critically important trend: the growing links between Russian actors and Western far right activists, publicists, ideologues, and politicians. The author uses a range of sources, including interviews, video footage, leaked communications, official statements, and press coverage, in order to discuss both historical and contemporary Russia in terms of its relationship with the Western far right. Initial contacts between Russian political actors and Western far right activists were established in the early 1990s, but these contacts were low profile. As Moscow has become more anti-Western, these contacts have become more intense and have operated at a higher level. The book shows that the Russian establishment was first interested in using the Western far right to legitimise Moscow's politics and actions, both domestically and internationally, but more recently Moscow has begun to support particular far right political forces to gain leverage on European politics and undermine the liberal democratic consensus in the West. Contributing to ongoing scholarly debates about Russia's role in the world, its strategies aimed at securing legitimation of

Putin's regime both internationally and domestically modern information warfare and propaganda far right politics and activism in the West this book draws on theories and methods from history political science area studies and media studies and will be of interest to students scholars activists and practitioners in these areas **The Radical Right in Germany** Lee Mcgowan, 2014-09-25 The Radical Right has represented a major element in German politics and society throughout the history of the united country i.e. since the 1870s though the understandable concentration on the Third Reich 1933-45 has tended to distort the wider picture This book explores the history of the radical right through the full span of Germany's life as a nation thus putting the Third Reich in its natural context and also emphasising that the attitudes and policies of the radical right did not begin with Hitler's pursuit of power in the 1920s or end with his death in the ruins of Berlin **The Oxford Handbook of the Radical Right** Jens Rydgren, 2018-02-01 The resurgence of strong radical right wing parties and movements constitutes one of the most significant political changes in democratic states during the past several decades particularly in Europe The radical right's comeback has notably attracted interest from political scientists sociologists and historians although the majority of past research focuses on party and electoral politics In contrast The Oxford Handbook of the Radical Right not only covers existing literature but also shows how the radical right forms movements rather than parties Editor Jens Rydgren has gathered an international cast of contributors to cover concepts and definitions ideologies and discourses and a range of contemporary issues such as religion globalization gender and activism Further this volume is one of few to provide a number of cases focusing on areas outside of Europe including Russia the US Australia Israel and Japan By integrating various strands of scholarship on the radical right that covers different regions and different research perspectives this Handbook provides an authoritative and state of the art overview of the topic and will set the agenda for scholarship on the radical right for years to come *Researching the Far Right* Stephen D. Ashe, Joel Busher, Graham Macklin, Aaron Winter, 2020-11-09 Researching the Far Right brings together researchers from across the humanities and social sciences to provide much needed discussion about the methodological ethical political personal practical and professional issues and challenges that arise when researching far right parties their electoral support and far right protest movements Drawing on original research focussing mainly on Europe and North America over the last 30 years this volume explores in detail the opportunities and challenges associated with using ethnographic interview based quantitative and online research methods to study the far right These reflections are set within a wider discussion of the evolution of far right studies from a variety of disciplinary viewpoints within the humanities or the social sciences tracing the key developments and debates that shape the field today This volume will be essential reading for students and scholars with an interest in understanding the many manifestations of the far right and cognate movements today It also offers insight and reflection that is likely to be valuable for a wider range of students and scholars across the humanities and social sciences who are carrying out work of an ethically politically personally practically and professionally challenging nature **Mapping the Extreme**

Right in Contemporary Europe Andrea Mammone, Emmanuel Godin, Brian Jenkins, 2012-05-16 In recent years the revival of the far right and anti-Semitic racist and fascist organizations has posed a significant threat throughout Europe. *Mapping the Extreme Right in Contemporary Europe* provides a broad geographical overview of the dominant strands within the contemporary radical right in both Western and Eastern Europe. After providing some local and regional perspectives, the book has a series of national case studies of particular countries and regions including Austria, Belgium, Bosnia Herzegovina, Croatia, Eastern Europe, France, Germany, Greece, Italy, Malta, Portugal, Romania, Scandinavia, Serbia, Spain, Switzerland, Turkey, Ukraine, and the United Kingdom. A series of thematic chapters examine transnational phenomena such as the use of the Internet, the racist music scene, cultural transfers, and interaction between different groups. Drawing together a wide range of contributors, this is essential reading for all those with an interest in contemporary extremism, fascism, and comparative party politics.

The Dark Side of European Integration Alina Polyakova, 2015-08-01 Across Europe, radical right-wing parties are winning increasing electoral support. *The Dark Side of European Integration* argues that this rising nationalism and the mobilization of the radical right are the consequences of European economic integration. The European economic project has produced a cultural backlash in the form of nationalist radical right ideologies. This assessment relies on a detailed analysis of the electoral rise of radical right parties in Western and Eastern Europe. Contrary to popular belief, economic performance and immigration rates are not the only factors that determine the far right's success. There are other political and social factors that explain why, in post-socialist Eastern European countries, such parties had historically been weaker than their potential, which they have now started to fulfill increasingly. Using in-depth interviews with radical right activists in Ukraine, Alina Polyakova also explores how radical right mobilization works on the ground through social networks, allowing new insights into how social movements and political parties interact.

The Far Right Today Cas Mudde, 2019-10-25 The far right is back with a vengeance. After several decades at the political margins, far right politics has again taken center stage. Three of the world's largest democracies, Brazil, India, and the United States, now have a radical right leader, while far right parties continue to increase their profile and support within Europe. In this timely book, leading global expert on political extremism, Cas Mudde, provides a concise overview of the fourth wave of postwar far right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far right politics, Mudde offers a complex and insightful picture of one of the key political challenges of our time.

Depleting democracies Michael Minkenberg, Zsuzsanna Végh, 2023-05-23 *Depleting democracies* provides an analysis of the radical right's interactions with mainstream parties and the effect they have on setting political agendas in sensitive areas such as minority policies and asylum regulations. It asks to what extent the radical right has changed the

quality of democracy in Eastern Europe does its electoral strength its capacity for political blackmail and its coalition potential actually translate into impact The book compares three groups of countries that are distinct in terms of the relevance of radical right parties Bulgaria and Slovakia Hungary Poland and Romania and the Czech Republic and Estonia It follows a mixed methods approach combining quantitative analysis of survey data with qualitative comparative analysis of archival material and other texts to determine the causal role radical right parties play in influencing parties policies and ultimately democratic quality in the seven countries Depleting democracies advances theory on radical right actors in the political process and contributes to empirical research across the region Its results are particularly relevant to the debate on democratic transformation and the effects of radical right parties *Fighting the Last War* Jeffrey M. Bale, Tamir Bar-On, 2024-01-24 The authors argue that the potential threat of a resurgence of fascism has been consistently exaggerated from 1945 until present day that the ongoing lack of conceptual and definitional clarity with respect to terms like fascism the radical right the alt right white supremacism populism racism etc has enabled ill informed or dishonest commentators to distort their meaning and abusively misapply those labels so as to delegitimize their political opponents and that the political and economic elites in charge of contemporary Western societies are now deliberately exaggerating and exploiting the threat posed by the domestic radical right in order to facilitate vilifying harassing deplatforming censoring canceling and repressing disgruntled citizens no matter where they may lie along the political spectrum who openly criticize and vigorously oppose their agendas The authors also advocate the use of well established scholarly methods for carrying out research on the right and provide precise definitions of various terms in order to facilitate the development of more accurate categorizations *The Routledge Handbook of Far-Right Extremism in Europe* Katherine Kondor, Mark Littler, 2023-09-12 The Routledge Handbook of Far Right Extremism in Europe is a timely and important study of the far and extreme right wing phenomenon across a broad spectrum of European countries and in relation to a selected list of core areas and topics such as anti gender identitarian politics hooliganism and protest mobilisation The handbook deals with the rise and the developments of far right movements parties and organisations across diverse countries in Europe Crucially it discusses the main topics and issues pertaining to far right ideology and positioning and considers how central and less central actors of far right milieus have fared within the given context Comprising a wide range of subject expertise the contributors focus on far right organisations on the margins of the electoral sphere as well as street level movements and the relationship between them and electoral politics The handbook spans nearly twenty European country cases grouped according to geographical regional area It includes case studies where the far right has gained increased momentum as well as countries where it has been much less successful in mobilising public opinion and the electorate e g Ireland and Portugal Another important feature is the inclusion of street level mobilisations such as football firms thereby expanding and updating existing research which is primarily focused on political parties and organisations Multidisciplinary and comprehensive this handbook will be of great

interest to scholars and students of Criminology Political Science Extremism Studies European Studies Media and Communication and Sociology This project has received funding from the European Union s Horizon 2020 research and innovation programme under the Marie Sk odowska Curie grant agreement No 101029801

This is likewise one of the factors by obtaining the soft documents of this **Far Right In Western And Eastern Europe** by online. You might not require more times to spend to go to the books opening as skillfully as search for them. In some cases, you likewise realize not discover the statement Far Right In Western And Eastern Europe that you are looking for. It will agreed squander the time.

However below, taking into account you visit this web page, it will be so totally easy to acquire as with ease as download guide Far Right In Western And Eastern Europe

It will not recognize many period as we run by before. You can accomplish it while feint something else at house and even in your workplace. therefore easy! So, are you question? Just exercise just what we come up with the money for below as skillfully as evaluation **Far Right In Western And Eastern Europe** what you later than to read!

Far Right In Western And Eastern Europe Introduction

In the digital age, access to information has become easier than ever before. The ability to download Far Right In Western And Eastern Europe has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Far Right In Western And Eastern Europe has opened up a world of possibilities. Downloading Far Right In Western And Eastern Europe provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Far Right In Western And Eastern Europe has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Far Right In Western And Eastern Europe. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Far Right In Western And Eastern Europe. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Far Right In Western And Eastern

Europe, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Far Right In Western And Eastern Europe has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Far Right In Western And Eastern Europe Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Far Right In Western And Eastern Europe is one of the best book in our library for free trial. We provide copy of Far Right In Western And Eastern Europe in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Far Right In Western And Eastern Europe. Where to download Far Right In Western And Eastern Europe online for free? Are you looking for Far Right In Western And Eastern Europe PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Far Right In Western And Eastern Europe. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Far Right In Western And Eastern Europe

are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Far Right In Western And Eastern Europe. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Far Right In Western And Eastern Europe To get started finding Far Right In Western And Eastern Europe, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Far Right In Western And Eastern Europe So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Far Right In Western And Eastern Europe. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Far Right In Western And Eastern Europe, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Far Right In Western And Eastern Europe is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Far Right In Western And Eastern Europe is universally compatible with any devices to read.
