Gobbolino the Witch's Cat Ursula Moray Williams,2017-01-26 No one could mistake Gobbolino for a simple kitchen cat with his sparky whiskers and magic tricks but that s just what the witch s kitten wants to be Instead of learning how to turn mice into toads for the witch s brew Gobbolino sets out on an adventure to find a family and a home of his own Reissued for its seventy fifth anniversary with illustrations by the award winning Catherine Rayner this classic tale has been loved by generations of children Golspie Annie Cumming,Bella Cumming,Andrew Gunn,Henri J. Maclean,Willie W. Munro,Jane Stuart,Minnie Sutherland,1897 *Witchcraft and Gender in Early Modern Society* Raisa Maria Toivo,2016-12-05 How could a woman be three times accused of witchcraft and go on running a successful farmstead Why would men use a frying pan for cattle magic Why did witches keep talking about the children What kind of a relation did Finnish witches have with authority and power These are among the questions Raisa Maria Toivo addresses in this study as she explores the gender implications of the complex system of household management and public representation in which seventeenth century Finnish women and men negotiated their positions From specific case studies Toivo broadens her narrative to include historiographical

discussion on the history of witchcraft on women s and gender history and on early modern social history shedding new light on each theme Toivo contributes to the on going discussion in the European historiography about whether the early modern period witnessed an improvement decline or simply alteration in the conditions of oppression of women within patriarchal households by using a multidimensional set of roles that could be adopted by women Finally she demonstrates convincingly that members of the solid peasant class were not only subject of the newly forming states but also avid users of the court system which they manipulated and put to work in the interests of their own individual household and collective affairs
