Elizabeth Wiskemann Geoffrey Field, 2022-12-06 This biography examines the life and career of scholar journalist Elizabeth Wiskemann 1899 1971 from her youth and student years at Cambridge to her death by suicide Disappointed in her hopes for an academic career she reinvented herself as a journalist in Berlin covering the overthrow of the Weimar Republic and the rise of Nazism for The New Statesman Nation and numerous other newspapers and periodicals Expelled from Germany she settled in Prague and funded by Chatham House wrote the most important account of the Czech German conflict and the Sudeten crisis still a classic followed by a detailed analysis of Nazi political and economic destabilization of the countries of eastern Europe Her journalistic skills served her well in the war years when she worked as

a secret agent in Switzerland gathering intelligence running agents into Axis controlled Europe and working closely with Allen Dulles the O S S chief in Bern Postwar Wiskemann returned to freelance journalism focusing especially on Italy and Germany while also writing several books including the first scholarly study of the Hitler Mussolini relationship and the first major account of the expulsion of 12 million ethnic Germans from Eastern Europe Although a prolific writer and highly regarded as a commentator on international affairs she remained on the fringes of academia until 1958 when she was appointed Professor of International Relations at Edinburgh the first woman to receive a Chair there in any discipline she later became one of the first faculty recruited by the new Sussex University In her later years she published several works of contemporary history including *Europe of the Dictators 1919-45* widely used in schools and universities *Blinded in one eye* by a botched surgery and increasingly anxious as her other eye deteriorated she became terrified of going completely blind and ended her life Aside from its intrinsic interest Wiskemann's biography is illustrative of a whole cohort of women graduates in the 1920s and 30s who found ways to pursue their interests in international affairs and contemporary history In this sense the book foregrounds the gendered experience of these pioneers whose professional lives often intersected through journalism Chatham House and service in the propaganda and intelligence agencies of the wartime state Wyndham Lewis and Western Man David Ayers, 2015-12-22 *Passionate Intelligence: The Poetry of Geoffrey Hill* E.M. Knottenbelt, 2022-07-18 *Anthropological and historical sciences. Aesthetics and the sciences of art* Jacques Havet, 2019-06-04 No detailed description available for Anthropological and historical sciences Aesthetics and the sciences of art *The Bullet's Song* William Pfaff, 2004-11-04 Publisher Description **A History of the Modern World: Since 1815** Robert Roswell Palmer, Joel Colton, 1978 **The Oxford Handbook of European History, 1914-1945** Nicholas Doumanis, 2016 The period spanning the two World Wars was unquestionably the most catastrophic in Europe's history Despite such undeniably progressive developments as the radical expansion of women's suffrage and rising health standards the era was dominated by political violence and chronic instability Its symbols were Verdun Guernica and Auschwitz By the end of this dark period tens of millions of Europeans had been killed and more still had been displaced and permanently traumatized If the nineteenth century gave Europeans cause to regard the future with a sense of optimism the early twentieth century had them anticipating the destruction of civilization The fact that so many revolutions regime changes dictatorships mass killings and civil wars took place within such a compressed time frame suggests that Europe experienced a general crisis The Oxford Handbook of European History 1914-1945 reconsiders the most significant features of this calamitous age from a transnational perspective It demonstrates the degree to which national experiences were intertwined with those of other nations and how each crisis was implicated in wider regional continental and global developments Readers will find innovative and stimulating chapters on various political social and economic subjects by some of the leading scholars working on modern European history today **Business and Politics in Europe, 1900-1970** Terry

Gourvish,2003-08-28 This book reflects an increased interest in establishing connections between the political history and the business history of Europe in the twentieth century The book includes research on the interactions of politicians businessmen and their institutions in eight countries with particular focus on the highly charged inter war period Fourteen essays cover subjects under four main headings the business politics paradigm banking finance business and politics in the National Socialist period and the business community and the state Together they form a fitting tribute to the academic scholarship and inspiration offered by Alice Teichova In her distinguished career and in particular after the publication of her path breaking book *An Economic Background to Munich* in 1974 she did much to stimulate a collaborative approach to international comparative work in the field of economic political and business history The case studies presented here demonstrate her considerable legacy to the subject *A Transnational History of Right-Wing Terrorism* Johannes

Dafinger,Moritz Florin,2022-03-30 *A Transnational History of Right Wing Terrorism* offers new insights into the history of right wing extremism and violence in Europe East and West from 1900 until the present day It is the first book to take such a broad historical approach to the topic The book explores the transnational dimension of right wing terrorism networks of right wing extremists across borders including in exile the trading of arms the connection between right wing terrorism and other forms of far right political violence as well as the role of supportive elements among fellow travelers the state security apparatus and political elites It also examines various forms of organizational and ideological interconnectedness and what inspires right wing terrorism In addition to several empirical chapters on prewar extreme right political violence the book features extensive coverage of postwar right wing terrorism including the recent resurgence in attacks This book will be of great interest to students and scholars of right wing extremism fascism Nazism terrorism and political violence Fascists and Conservatives Martin Blinkhorn,2012-11-12 First published in 1990 During the last twenty years prodigious scholarly effort has gone into the study of fascism and the right in twentieth century Europe Quite apart from the study of particular fascist and national socialist movements and of individual right wing regimes Fascist Italy the Third Reich Franco s Spain etc scholars have striven to locate the essential nature of fascism to determine what is distinctive about its ideas programmes policies and support to identify what if anything differentiates it from other forms of rightism and to decide whether a satisfactory definition of fascism can be arrived at This volume is intended to assist the further consideration of these and related problems *Imagining the Unimaginable* Glyn Morgan,2020-01-23 *Imagining the Unimaginable* examines popular

fiction s treatment of the Holocaust in the dystopian and alternate history genres of speculative fiction analyzing the effectiveness of the genre s major works as a lens through which to view the most prominent historical trauma of the 20th century It surveys a range of British and American authors from science fiction pulp to Pulitzer Prize winners building on scholarship across disciplines including Holocaust studies trauma studies and science fiction studies The conventional discourse around the Holocaust is one of the unapproachable unknowable and the unimaginable The Holocaust has been

compared to an earthquake another planet another universe a void It has been said to be beyond language or else have its own incomprehensible language beyond art and beyond thought The othering of the event has spurred the phenomenon of non realist Holocaust literature engaging with speculative fiction and its history of the uncanny the grotesque and the inhuman This book examines the most common forms of nonmimetic Holocaust fiction the dystopia and the alternate history while firmly positioning these forms within a broader pattern of non realist engagements with the Holocaust **Western Civilization, Images and Interpretations** Dennis Sherman, 1983
