Fascist His State His Mind:

The Fascist: His State and His Mind E. B. Ashton, Ernst Basch, 1972 A Brief History of Fascist Lies Federico Finchelstein, 2022-05-03 There is no better book on fascism s complex and vexed relationship with truth Jason Stanley author of How Fascism Works The Politics of Us and Them In this short companion to his book From Fascism to Populism in History world renowned historian Federico Finchelstein explains why fascists regarded simple and often hateful lies as truth and why so many of their followers believed the falsehoods Throughout the history of the twentieth century many supporters of fascist ideologies regarded political lies as truth incarnated in their leader From Hitler to Mussolini fascist leaders capitalized on lies as the base of their power and popular sovereignty. This history continues in the present when lies again seem to increasingly replace empirical truth Now that actual news is presented as fake news and false news becomes government policy A Brief History of Fascist Lies urges us to remember that the current talk of post truth has a long political and intellectual lineage that we cannot ignore The Road to Serfdom F. A. Hayek, 2014-08-13 A classic work in political philosophy intellectual history and economics The Road to Serfdom has inspired and infuriated politicians and scholars for half a century Originally published in 1944 it was seen as heretical for its passionate warning against the dangers of state control over the means of production For Hayek the collectivist idea of empowering government with increasing economic control would lead not to a utopia but to the horrors of Nazi Germany and Fascist Italy This new edition includes a foreword by series editor and leading Hayek scholar Bruce Caldwell explaining the book s origins and publishing history and assessing common misinterpretations of Hayek's thought Caldwell has also standardized and corrected Hayek's references and added helpful new explanatory notes Supplemented with an appendix of related materials and forewords to earlier editions by the likes of Milton Friedman and Hayek himself this new edition of The Road to Serfdom will be the definitive version of Friedrich Hayek s enduring masterwork Access to History: Italy: The Rise of Fascism 1915-1945: Third edition Mark Robson, 2006-04-28 The new editions of Access to History combine all the strengths of this well loved series with a new design and features that allow all students access to the content and study skills needed to achieve exam success The third edition of Italy Liberalism and Fascism 1870 1945 has been revised to reflect the needs of the current specifications The new edition starts by examining the weakness of Liberal Italy and how the First World War increased its problems before going on to analysing and explaining the rise of Fascism and Mussolini's subsequent consolidation of power It also includes detailed chapters on life in Fascist Italy its economy political system and foreign policy before concluding with an examination of why Mussolini's regime collapsed in 1943 Throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined Summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips for each examination board provide the opportunity to develop exam skills The Living Church, 1943 Governments of the Major Foreign Powers Military Academy, West Point, 1945 The

Jews in Fascist Italy: A History Renzo De Felice, 2015-11-23 My aim was to explain in detail the facts surrounding Fascist anti Semitism and the persecution of the Jews in Mussolini s Italy Too many people in Italy and elsewhere underestimate or deny the tragic fate of European Jewry and anti Semitism between the two world wars A few short years ago anti Semitism appeared defeated and reduced to a tiny group of fanatics But now it seems to be regaining ground in its more political incarnation probably the most dangerous one because next to the religious social and economic varieties it is the most insidious of all The author occupies a central position among Italian historians specialized in modern Italy s political history He broke new ground by first publishing this book in 1961 having obtained special permission to consult the files in the Archives of the Italian Jewish Communities concerning the Fascist regime s persecution of the Jews in Italy from 1938 to 1945 The book's release coincided with the trial of Adolf Eichmann in Jerusalem that brought the Holocaust to the attention of other historians and to the world public The English translation of the final 1993 edition was supported by a grant from the Italian Ministry of Foreign Affairs This paperback and electronic book edition is published in association with the United States Holocaust Memorial Museum The Statesman's Year-Book M. Epstein, 2016-12-23 The classic reference work that provides annually updated information on the countries of the world Western Political Thought Urmila Sharma, S.K. Sharma, 2006 The Significance Of Political Thought Cannot Be Overemphasized The Task Of Understanding The Deeper Implications Of The Present Situation And The Future Planning Can Be Assisted By A Careful Study Of Political Thought Of The Ages The Study Of Political Thought In The Historical Perspective Leads To Mature Thinking And Enables The Political Leaders To Solve Contemporary Problems In A Better Way The Political Thought Of Modern World Is Based On Western Political Thought It Is Always Preferred To Begin The Study Of Political Thought With The Western Thinkers Better Say Greeks Because Unlike Their Eastern Counterpart Their Speculations Are Exclusively Contained In Independent Treatises And Do Not Form Part Of Literature Which Was Predominantly Religious And Ethical Accordingly The Present Volume Begins With Homer And Includes In Its Study The Prominent Thinkers Of The West Of All Ages Plato Aristotle Aguinas Machiavelli Hobbes Locke Rousseau Hume Burke To Name But A Few Analytic In Presentation The Present Book Is Concise And Easily Comprehensible Since Its Matter Has Been Drawn From Authentic Originals And The Books Of Eminent Western Authors Have Been Referred To The Book Aptly Caters With The Academic Needs Of Students Of Political Science It Provides A Bibliography And Also A List Of Questions Set At Various University Examinations Aiming At Facilitating The Preparation For Examination While The Teachers Will Find This Book An Ideal Reference Book The General Readers Will Find It Highly Informative The Statesman's Year-Book Mortimer Epstein, 2016-12-27 The classic reference work that provides annually updated information on the countries of the world World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war

heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism s heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology s lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism s enduring appeal Fascism Max Ascoli, Arthur Feiler, 2025-09-30 First published in 1939 Fascism Who Benefits presents a comparative analysis of Italian and German Fascism Divided into four parts the book covers themes like international Fascism the background of Italian Fascism the social and economic reconstruction of the Italian state under Fascism the background of National Socialism in Germany social structure under National Socialism and the two Fascisms and our civilization This is an important historical reference work for scholars and researchers of European history German history and Italian history As We Go Marching John T. Flynn, 1973 **Fighting** fascism: the British Left and the rise of fascism, 1919-39 Keith Hodgson, 2013-07-19 In the years between the two world wars fascism triumphed in Italy Germany Spain and elsewhere coming to power after intense struggles with the labour movements of those countries This book available in paperback for the first time analyses the way in which the British left responded to this new challenge How did socialists and communists in Britain explain what fascism was What did they do to oppose it and how successful were they In examining the theories and actions of the Labour Party the TUC the Communist Party and other smaller left wing groups the book explains their different approaches while at the same time highlighting the common thread that ran through all their interpretations of fascism The author argues that the British left has been largely overlooked in the few specific studies of anti fascism that exist with the focus being disproportionately applied to its European counterparts He also takes issue with recent developments in the study of fascism and argues that the views of the left often derided by modern historians are still relevant today Congressional Record United States. Congress, 1953 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 The Decline of Liberalism as an Ideology John H. Hallowell, 2013-07-04 Many of the earliest books particularly those dating back to the 1900s and before are now extremely

scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork The Social Studies ,1928 Political Legacy of Plato and Aristotle R.K. Mishra, M.A,2024-07-07 The political legacy of Plato and Aristotle is one of the greatest intellectual legacies left by an ancient civilisation for posterity The problems of politics and political science are incomprehensible without some Platonic and Aristotelian background Modern political philosophy is nothing but a commentary on the political ideas of Plato and Aristotle Without a Platonic and Aristotelian background even the first letter of politics cannot be understood For very little if at all has been said that is new after Plato and Aristotle in the history of political thought This book deals with the political ideas of Plato and Aristotle from a near and most modern angle The chapters have been selected methodically so that a comparative study of the two philosophers becomes easy for students The occasional comparison of the philosophers ideas with that of Marx Laski Nehru and with ancient Indian concepts is certainly interesting THE END OF WOKE Andrew Doyle, 2025-05-29 Thought provoking and entertaining Andrew Doyle's intellect dazzles Jimmy Carr A magisterial read divinely inspired writing and commentary from one of the most thoughtful intellectuals of our time Michael Shermer The best work yet by the creator of genius parody Titania McGrath The Critic A revelatory investigation into the rise and fall of the woke movement and how we can prevent it from happening again It is no secret that we are in the midst of a cultural revolution Activists in the woke movement have claimed to be on the right side of history and yet their approach has been intolerant intemperate and above all illiberal Having dominated the western world for the past fifteen years there are clear signs the woke are now losing their power The re election of Donald Trump the scaling back of DEI initiatives and a growing awareness of the threats to women s sex based rights has stirred a counter revolution But is this truly the end of woke Or have the culture wars merely evolved In The End of Woke Doyle skilfully examines the mechanisms underlying the zealous extremes on both the left and the right He shows that in a desperate power struggle to re assert liberal values some leaders of the anti-woke movement have found themselves adopting a different kind of authoritarian approach one which also promotes censorship and erodes our freedoms Doyle argues that although authoritarianism is common to all political tribes we must resist its pernicious influence wherever it emerges After all replacing one form of tyranny with another will not end the culture wars But liberalism true liberalism might just see the end of woke for good Historical Outlook ,1928
